ports on the work of the society will be received.

The annual meeting of Claremont library board will be held on Saturday, January 11, at 3 p.m. As this is an open meeting all are welcome.

The annual Claremont school meeting passed off very quietly. The general situation was viewed as very satisfactory at the local institution and the same Board composed of John Scott, Fred Morley and G.M. Forsyth will hold office again this year.

An interesting communication was received Monday by one of our local business men, Mr. Jack Brignall, from a former employee Stan Hardy. Stan, who will be well remembered around town, is now in England and though everything seems to be going along very well he does claim to miss good Canadian cigarettes. "Smokes" are rather scarce in the old land and what there are are sometimes a little more than the average soldier can afford.

Y.P.U. Elect New Officers

The Y.P.U. of the United Church held their annual election of officers meeting recently when the following members were installed for this new year: Pres., Mrs. Lionel Dougles; vice Pres., Alan Prouse; Sec., Hazel Hinan; Treas., Lloyd Linton; Convenors, Eileen Linton, Velma Middleton, Reg. Kennedy, Betty Manion; Recreational, Misses E. Hosie and Francis Loyst.

Collapses on Street

Following a collapse on Main Street here on Monday forenoon, Mr. Thos. Linton was removed to his home by friends who saw him fall and hurried to his aid. The stricken man who is a familiar figure on the Claremont thoroughfare, was in conversation with his brother Ed, and had just resumed his walk when he was seen to stumble, and when friends reached his side both of his legs had become useless. Mr. Linton is a life-long resident of Claremont, and had worked long years on the railway before retiring as a pensioner some time ago.

Husband of Former Resident Buried

Word was received last week of the passing in Oshawa on the first day of the new year of William Dean Forrester, former resident of the 9th concession, Markham, and a well-known horseman. Deceased was the husband of Annie Beatrice Cowie, a former resident of Claremont and daughter of the late John Cowie.

The funeral was held from the family residence in Oshawa on Friday, January 3, to Elmwood Cemetery, Markham. Besides his widow the late Mr. Forrester is survived by three children, Jean, (Mrs. Henry Mitchell) of Green River, Robert at home and Jack who lives near Blackwater.

No Hockey Team for Claremont

Despite a press report from Uxbridge to the effect that Claremont would enter a team in the Inter-Community League there this season, no such team is being organized in the village nor is it expected that any hockey outfit will be forthcoming for this year. Local hockey has rather fell into the discard over the past couple of years while the bit of material that is left is always promptly taken up by outside teams.

We understand the Uxbridge League this year will be comprised of the five teams of Hartman, Uxbridge, Ballantrae, Sunderland and Reach.

Will Attempt to Increase Water Supply

The Claremont bowling club set to work this week in an attempt to increase the supply of water at the local greens and do away with the necessity of piping water from the McIntyre plant here.

In the winter if pipes are not sufficiently drained they freeze and break causing considerable inconvenience and expense.

The present well at the green is only down to a depth of around 20 feet and it is believed that if this shaft is extended probably another eight or nine feet, down through the hardpan, the increase in flow would give sufficient water for all purposes. Messrs. Fred Ward and Wes Lehman commenced work on the proposed extension on Monday.

Youths Charged with Breaking into Pickering Township Dwelling

Four teen-aged youths charged with breaking and entering were remanded one week in Whitby Court last week. The quartet, Howard Kennedy, 18, Gordon Bates, 17, Stanley Durant, 16, and Donald McMillan, 16, are all charged with breaking and entering three homes in Pickering Township on December 24th.

Duarnt and McMillan pleaded guilty to all the charges. Kennedy pleaded not guilty, and Bates pleaded not guilty on one count and guilty on the other two.

Kennedy first pleaded guilty to breaking into the homes of Thos. Finley and George Ruston and not guilty to breaking into the home of Bert G. Dean. His father asked that he be allowed to reverse his plea after conferring for a moment with the boy.

"This boy didn't understand what guilty or not guilty meant," declared Kennedy's father. Magistrate Ebbs allowed Kennedy to reverse his plea to "not guilty" on all three charges.

Orville Sanderson pleaded guilty to being intoxicated in a public place. Chief William J. Elliott told the court that P.C.L. Northam had arrested Sanderson in an intoxicated condition and exhibited a bottle of rubbing alcohol found in the possession of accused.

"Were you drinking this stuff?" asked the cadi. Sanderson said he hadn't been "to my knowledge." He asserted that he had bought it for application.

"You were rubbing it on before dark and drinking it afterwards," observed Magistrate Ebbs. Sanderson insisted that he had not consumed any of the alcohol but had been drinking somewhere else.

"You must have had enough of it," commented the cadi, assessing him a fine of \$10.00 and costs or ten days.

Expropriation of Pickering Farms Still in Doubt

Pickering Township farmers who were given a headache when they were warned to be ready to vacate their farms in 30 days as the premises would be required for the establishment of a huge munition plant, now have another worry.

These farmers were expecting their cheques and notice to vacate in the mails on Dec. 30th, but nothing more has been said and no money has been received.

In anticipation of having to make a quick shift some farmers entered into negotiations for other farms. They now fear the whole scheme may be scrapped. Thus with the dread of quick evacuation, the uncertainty about what to do, the area in the southern part of Pickering, has a real worry.

KING'S COUSIN FIGHTS

The British ship damaged in the recent fight in the English channel against Nazi warships was the destroyer Javelin. On board was Capt. Lord Louis Mountbatten, officer in command of the flotilla. Lord Mountbatten, cousin and personal aide de camp to King George, is the younger son of the admiral of the fleet, the first Marquis of Milford Haven, and Princess Victoria, who was a granddaughter of Queen Victoria.

collectors were: Miss Kathlene Baldwin, Mrs. John Maye, Miss Mary Haynes, Mrs. Walter Heys, Miss Mildred Heys, Miss Erma Dowswell, Miss Grace Wagg, Mrs. Bert Maye. Rev. Mr. Kendall looked after the collection at Siloam and had Mrs. Mary Kendall and Miss Mary Todd for helpers. The Scribe congratulates these workers in this good work.

Wonder why the press (our own Tribune) or the Uxbridge paper did not publish the report of the Goodwood nomination. From reliable persons we have been told that Councillor Walter Beach spoke very pointedly at Councillor Middleton who had been charged with well-being a little "niggardly" with the patriotic group. Perhaps Mr. Beach said the wrong thing, and perhaps Mr. Middleton's "so-called" "tight" tactics are not commendable, but now that the thing has been exploded much good may be the result.

In the well-ordered home the turkey goes four days—roast, cold, giblet pie, turkey soup.

Now a long-time resident in Stouffville a former Goodwood man told us there was once an old chap at Goodwood who heard about some pills that would restore his youth. He bought a box, but instead of taking one every day, he swallowed the whole boxful one night before going to bed. Next morning the family had difficulty in waking the old man. At last he rolled over and rubbed his eyes. "All right, all right," he grumbled. "I'll get up. But I won't go to school!"

GRAY COACH LINES

It would appear from an official statistical report just issued for the calendar year 1939 that the business in connection with the production of poultry and eggs in Canada is more substantial or larger than the average person may know. This report discloses that the total value of poultry and eggs in the calendar year 1939 was \$88,090,000, an increase of 6.1 per cent.
