Markham's Senior Hockey Club Opens Series on Thursday

Markham Intermediate hockey team will step out this season in natty green and white, thus returning to their old colors. The lads will adopt the Unionville rink for their home games, owing to unsettlement around the Markham ice palace. However, the material is reported as really choice.

Here are some of the lads that will turn out for the Intermediate games: Jack Harper, Ike Harper, Bob Bangay, Bob Lawrie, Austie Baker, all graduates from the Junior team. Then there are Art. Armstrong, from the Tely, George and Fred Scott from Etobicoke, Ralph Parkinson from Campbells, and perhaps others we will not mention at this time. This should make one of the best line-ups ever to play under Markham colors, and they are backed by Manager Waverley Wilson, assisted by H. M. Boyington, capable hands, you may be sure.

Home games at Unionville will be played against Newmarket on Jan. 23, Feb. 6 and 13. Markham plays at Newmarket on January 15, 27 and Feb. 3. Note the dates on your calendar.

STOUFFVILLE MAN "WINGED"

Among the bomber pilot graduates who received their wings at No. 16 Service Flying Training School, R.C.A.F., at Hagersville last week were twelve Ontario men, including P. R. Crapper of Stouffville, son of Mrs. Annie Crapper who moved here from Goodwood to occupy half of Mrs. Brownsberger's double house on Main street almost opposite the Standard Garage at the east end of the business section.

FARMERS' WIVES BACK TO SCHOOL TEACHING

There is at least one farmer's wife who can find time to do her home duties and even teach school. Impossible, you say. Well, it is being done for Mrs. Eldon Smith, wife of one of our young farmers north east of Musselman's Lake is filling the vacancy at the Ballantrae school where the teacher has been ill for over a week. Mrs. Smith was the former Edna Boardway, and is a teacher of considerable experience. A similar case may be cited east of town where Mrs. Walter Carter, former teacher, is engaged at the Altona school for an indefinite period.

AGED MINISTER VERY LOW

The condition of Mr. Henry Goudie at the home of his daughter Mrs. Art. Clendenen, Cedar Grove, is reported as very low. His brother Rev. Samuel Goudie was down to see him on Monday, when it was considered his case almost hopeless. The sick man, if he survives until Friday of this week, will reach his 91st birthday.

NATIVE OF CORNWALL, ENGLAND GETS DITTY BAG

H.M.C.S. Caribou, Halifax, N.S.
Jan. 4, 1941

Dear Mrs. Davey,
Please convey to the members of the War Branch of the Women's Institute, my sincerest thanks and appreciation for your most welcome and useful gift. If you could only realize just how much these little acts of thoughtfulness mean to us, "who go down to the Sea in Ships," I feel sure you would feel amply repaid by the knowledge of the gladness that you have brought to us. During the coming few months our living conditions will not be, what might be called, too comfortable, but knowing that we are not forgotten by those back home certainly does make even a little puddle-jumping ship like this feel like home. Again thanking you all, I wish you every good wish for the coming year. I remain,
Yours sincerely,
L. S. Davey.

P.S. My home is in Windsor, Ont., but I was born in Cornwall, England.

MARKHAM RED CROSS

The annual meeting of the Township of Markham Branch of the Canadian Red Cross Society will be held in the Township Hall, Unionville, on Wednesday evening, Jan. 21st, next at 7.30 p.m. (s.t.)

There will be several matters of importance to discuss at the meeting, and it is hoped that all members of the Canadian Red Cross Society in our Township will be present.

All key men and women are especially requested to attend, as matters of interest to their units will be discussed.

A full representative meeting is hoped for and all citizens of our Township are urged to attend to assist in the patriotic work of the Canadian Red Cross Society.

Additional Locals

The Toronto-Telegram and the Globe and Mail are waging a bitter fight for conscription at this time, which is developing into a gritty and tory rumpus.

Last year at this time many townships had spent \$500 or more for snow shovelling, whereas up to the present there has been no snow to move from the roads. Road accounts in Whitchurch paid last Monday were the smallest in years covering the period from Dec. 15 to January 10.

Other townships in the neighborhood show a similar situation, all of which is very pleasing to those who are watching the expense accounts of these municipalities.

DID KINDLY ACT

A couple of soldiers landed in town one of those bitter cold nights of last week about 10.30, and were faced with walking to Uxbridge. When Mr. Cliff Pipher learned of their plight, he volunteered to drive the lads to their destination, and we imagine they were mighty thankful for the good turn done them.

ADV. DOES GOOD WORK

Last week Ross Hood of Ballantrae lost his hound, and immediately advertised for the animal in this paper. It was recovered through the advertisement shortly after the paper was issued, the hound having strayed into the south of Markham township where it was cared for by a farmer who notified the owner.

BINGO!

Where the municipalities have adopted a 2-year term, it was hard to get a crowd to turn out to hear what the Councils have been doing. In many places with early public meetings, there weren't half a dozen ratepayers besides those in office. Mitch. Hepburn did his share to kill the workings of democracy, Canadian brand.

Arthur is one of the places where the ratepayers weren't given a chance to decide whether the Council would sit for one or two years. Last year, the Reeve and Council did not care to trust the subject to the ratepayers, but this year, they are making quite a show of having the voters (temporarily deprived of a vote) turn out. And it may be that they will succeed, at that.

Last year, there wasn't much publicity, but this year a large three-column advertisement in the Enterprise-News says there will be an "Important Community Meeting of Arthur Village Ratepayers." Representatives of the council are to speak and also the local clergy, and nearly everybody else including the Lions Club, the Red Cross and the Board of Health.

But somehow, even that is not trusted to draw a crowd. Down below is a smaller advertisement. It says:

PLAY BINGO

In the Town Hall after the Municipal Meeting. Prizes to take the form of poultry, Chicken, Geese and Turkeys.

Now Mitch! Do you see what you have done to our municipal system?

Advertiser offered to buy two travelling trunks through a small adv. last week. Yesterday a man from Aurora brought just what was wanted in answer to the adv.

DE LAVAL MILKERS

Farmers, you can overcome the labor shortage by buying a Magnetic or Sterling Milker, acknowledged leaders in Dairy Equipment for over 50 years. DeLaval offers you perfection in its products, as well as prompt and efficient service at any and all times. DeLaval Milkers are a proven product and cost no more than inferior makes, and are the only milker wholly manufactured in Canada.

Milkers sold by us are installed and serviced by us, thereby assuring our customers of prompt service at lowest possible cost.

Whitchurch Council

(Continued from page one)
the sale of gasoline as other motor vehicles.

The Township Hall Board to direct the affairs of the Vandorf Hall were named as follows: Reeve Toole, deputy Reeve Leary, Mrs. H. Dewsbury, J. A. Clark, Mrs. A. H. Vanoststrand, W. D. Richardson, Mrs. J. Hennessey.

A long time was spent over the appointment of the township assessor, which went to the former assessor F. C. Cummings at \$500. For his services he must assess the entire township and collect the dog taxes as well. The pay is increased \$120 over last year.

Reeve Toole said he realized there might be criticism of this appointment at the salary, but he felt the public scarcely realized the importance or magnitude of the task.

Clerk Crawford outlined new duties that were to be taken on this year, such as tabulating the public buildings through the township, including the schools also the public lands such as cemeteries, giving their dimensions, value, etc., as set out in the Act.

After hearing what was involved council decided they must have an experienced assessor, as his work was the foundation of all work done. "We can leave the matter over, but it may entail a special meeting," said Mr. Toole. Mr. Evans suggested that they proceed with the appointment, Mr. Baker wasn't adverse to delaying the issue, but when Mr. Leary and Mr. Logan agreed to proceed the name of F. C. Cummings was filled in the by-law. Other appointments included Russel Gray to the Board of Health, Constable Windsor as School Attendance Officer and Sanitary Inspector, R. W. Andrew as auditor, (he having received the approval of the Dept.), and Elmer Starr as Weed Inspector.

Councillor Evans was duly welcomed back to the council after an absence of five years, and was sworn in with the old council by Clerk John Crawford.

Stouffville council sworn in Monday morning, will hold a session this Thursday evening.

CAN YOU HELP BOMBED VICTIMS

Collections taken two nights during the week of prayer raised the sum of \$18.35 after printing and advertising costs were met. This amount will be forwarded to the British Bomb Victims' Fund, and if you wish to swell the amount hand your donation to Rev. D. Macgregor or leave at the office of this paper, and it will be acknowledged and forwarded to the Evening Telegram. Last year when a similar appeal was made through The Tribune, the donations reached over \$100. Can we do the same this year. Probably the severe weather prevented you from attending the prayer meetings, but there is nothing to prevent your collection from finding its way to the people in London. Every cent will be forwarded, not even remitting charges, will be taken out, and this appeal is made gratis by the newspaper as well.

Stouffville council sworn in Monday morning, will hold a session this Thursday evening.

QUALITY

PRICE

SEED CLEANING!

Our complete line of cleaning machines gives you everything to be desired in cleaning service at moderate cost. They include the following:

GRAIN SCOURER — for the removal of beards from barley, awns from oats, also 90% of weed seeds are removed by this machine; grain separates readily after this operation.

WILD OATS SEPARATOR — Our machine is the most efficient machine made for this separation — grain must not be unduly handled previously for entire satisfaction.

CLEANER — Our Plessisville Cleaner is equipped with numerous screens and is the first choice of the Dept. of Agriculture for cleaning of all description.

CARTER WHEAT DISC — for the removal of all larger weed seeds, barley, oats, etc. from wheat.

CARTER OAT DISC — for the removal of barley, wheat large weed seeds, etc. from oats.

SEED TREATER — This machine gives uniform application of Ceresan to all kinds of grain.

Have your seed grains cleaned now before the rush begins; cleaning rates are as follows:

Scouring & Cleaning	per cwt. 12c in weight
Wild Oat Separator (additional)	03c in weight
Grading (additional)	03c in weight
Treating per bushel (out weight)	06c
