Dunbarton Man Charged in Accident

Also Faces Reckless Driving Count After Worker Sent to Hospital With Injuries

Struck by a car while on his way to the Dominion Industries Limited plant at Pickering, Harry Jackson, Orchard Boulevard, North Oshawa is in hospital with severe spinal injuries.

George F. Moore, of Dunbarton, faces charges of hit-and-run and reckless driving.

Moore, aged 20, appeared before Magistrate F. S. Ebbs in Oshawa police court Thursday and was remanded until January 20, on both charges. Bail was set at \$1,000.

According to Provincial Constable James Sutherland, of Whitby, who arrested Moore after he had been

located at work in the plant by Corp. Watson, of the plant guard, the accident occurred shortly before 8 o'clock Wednesday morning.

Jackson and Richardson Tilling of Oshawa, were apparently walking along the east side of the road, running from the Kingston road to the plant, facing oncoming traffic, the officer stated. "Both men were struck from behind by Moore's car, which was also going south."

The officer stated Moore had told him he had turned out to pass two cars in a row going the same direction and felt a slight bump. "He said he thought the jar was caused by a pot-hole in the road and he kept on going," the officer related.

Tilling received minor lacerations and a badly bruised ankle. According to hospital officials, Jackson's injuries, while not "critical," are "serious." X-rays are being taken to determine the extent of injury to the spine.

SAVE RAGS
ALL war industries need rags... handfuls of rags... pounds of rags... tons of rags. And you can help supply them.
Without rag wipers to clean the cutting lubricant from planes, millers, drills, lathes, Canadian war workers would be inefficient, their output reduced, their efforts hampered.
Without rags, explosive plants would slow up, aeroplane factories would find their production cut, and wheels of shell factories would dawdle.
Start an old-fashioned rag bag in your house today. All kinds of old, worn-out, too small and otherwise useless garments are badly needed by war industries—everything from cotton underwear to old shirts and ties—from Grandpa's red flannels to Grandson's seamless corduroy pants.
These are real sinews of war which you can supply. Every rag in your home should go to war industries through your Salvage Committee. Clean out and clean up on Hitler!
