

Local & Personal News

Mrs. Norman Lott of Creemore is visiting her cousin Miss Sadie Stewart.

Don't miss the Rexall 1c sale at Boadway's Drug Store, next week.

Miss Isabelle Robinson of Toronto was a weekend visitor here with her cousin Mrs. Charles H. Nolan.

Miss Margaret Lindsay from Bolton was a weekend visitor here with her sister Miss Anne Lindsay of the local Public School staff.

Rev. Gordon Duncan and sister Miss Annie made a brief call in town last week, having motored from Drayton to attend the funeral of the late Mrs. A. D. Bruce.

Mrs. Altum Birkit of Oakville, is in town this week for the wedding of Miss Edra Jean Birkit, to Mr. Jack Macklem Pennock.

The local creamery has maintained the price of first grade cream at 38c delivered for some time past.

It Won't Be Long
A few more months shall roll,
A few more Sabbaths pass,
When we shall bid farewell to coal
And start to mow the grass.

Response for China Fund
Over forty dollars has been donated to the Chinese Relief Fund from this community so far. The fund has received special mention in the United Church, where members gave some \$30 last week. On Monday evening, the Stouffville Lions Club voted a further subscription of \$10.

Religious instruction will be introduced in Uxbridge public school at once, for which a portion of each Friday afternoon will be set apart. Every school in Markham Township has introduced it but so far the idea, while considered by the clergy, has never been organized in Stouffville in a serious way, with the result that the village school receives no such instruction.

Isn't it strange how business, pleasure, and everything you have a mind to mention, runs in streaks, as it were. The barber will tell you how he hadn't a thing to do for so long, then everybody wanted a hair cut at the same time. Everybody does their shopping, the merchant thinks, on Saturday night, and so it goes. The marriage license issuer will tell you he experiences the same trend of business. Last week Fred Crossen transferred his status in life from that of a bachelor to a benedict, this week Jack Pennock is doing likewise, and next right in line will be Dr. John Button.

Bought East End Residence
A splendid and substantially built house on Main street east one door west of the general store at the Tenth, was sold last week to Mrs. Lud Hoover, who has rented the place to her son Lloyd. The property was advertised in this paper for \$1700 or "best offer" but the actual sale price was not disclosed. The premises containing an extra building lot on Main street was the former Adam Betz place, and is in excellent state of repair and only lacks conveniences installed. There is a good barn on the place.

Music Hall a Great Asset
The staff and students of the Continuation School are deserving of the highest praise for the splendid concert they put on last week entertaining over 800 people at the School Commencement in Ratliff's Hall. The same program presented in an opera house or music hall with stage facilities would have added to the setting and pleasure of the two nights performance. Without proper facilities of this kind the difficulties are tremendous, yet the talent overcame them in a creditable way. The absence of a music hall in the town or in the school itself has meant that much excellent talent, that should have been developed, has missed us, but more to be regretted is the fact that the student has missed the development of an art for which they can never be compensated. A music hall is a great asset to any community.

Old Friends Didn't Recognize Him
Last week a man dropped into town who had been away from here so many years that he had to introduce himself to old friends. It was "Mickey" Moore from Pilot Mound, Manitoba, who left Stouffville 38 years ago. Howard Malloy, Bill Armstrong, Frank Rae and a few of his old chums hadn't forgotten "Mickey" although they didn't recognize him. Mr. Moore, whose christian name is Alfred, came from Uxbridge town back in 1903 to work for Jonas Byer at the electric light plant in Stouffville, but at the end of 1905 he struck West. At Pilot Mound he prospered and became one of its most substantial citizens, and was mayor of the place for several years. Mr. Moore owns 1,000 acres of land on the borders of the community. Spending the weekend at Stouffville he left for Toronto and intended to return to Pilot Mound in a week or two.

You are invited to attend the Rexall 1c sale next week, at Boadway's Drug Store, Stouffville.

Mr. and Mrs. L. Bryant and daughter Muriel of Toronto, were recent guests with Mr. and Mrs. Nathan Forsyth, Church street.

Mr. Parker of Montreal was here last weekend, visiting with his parents Mr. and Mrs. W. D. Parker, Church St. He is enroute to Noranda, Northern Ontario.

A euchre held one evening last week at the home of Mr. and Mrs. Lloyd Burrows, Stouffville, R.R.1, brought \$15 in for the War Victims' Fund.

Mrs. Brillinger and daughter Dorothy of Orillia were weekend visitors with Mr. and Mrs. Harry Brillinger.

Mr. and Mrs. Ralph Haist of Toronto were in attendance at the Continuation School Commencement Exercises here on Thursday evening. Mr. Haist was a member of the local staff last year.

Spring catalogues from the big departmental stores are arriving in every town and village in ton lots, so spring is close at hand.

Motorists are warned to look after their tires, as several thefts have been reported in and near Stouffville in the last couple of weeks. Following the stripping of two cars in the Wideman Church, shed recently, D.F. Holden came out one morning last week to find a perfectly good tire lifted from one of his cars.

Rev. Arthur Greer former Christian Church pastor here, who was reported from Newmarket to have entered the York County Hospital with an attack of influenza, has returned home again, although he will be confined to the house for a few days.

Two Whitechurch ladies were pictured in the Toronto evening papers last week, as being unaffected by the latest gas rationing order. Myrtle Kelter and Mrs. Robinson who bring the mail to and from the Armitage P.O. to Newmarket are going by bicycle via the "pedal route." "It not only saves gas, but it is a whole lot healthier, too," she stated.

New Car for Markham Twp. Reeve
Reeve James Rennie of Markham is driving a new car well mounted with chromium finish, that gives it an air of importance, and, of course, being driven by one of the county commissioners for the County of York, it conveys a high official of this important county on his official duties.

Salvage Collectors Get Theatre Party
Some two dozen pupils of Markham Public School enjoyed the current offering at the Stanley Theatre on Thursday evening, as guests of their teacher Mr. Duard Rose. A salvage campaign was recently conducted in Mr. Rose's class, and the winning group which rounded up eight tons of scrap, were treated to the outing for their efforts.

New Voters' List For Plebiscite
A complete new voters' list will be prepared for the plebiscite by which the Government seeks release from its commitments against conscription, Secretary of State McLarty announced in the House of Commons. But the lists will neither be revised nor printed and those whose names are inadvertently dropped may vote after taking the oath and being vouched for by a voter in the same district, he said. Mr. McLarty, moving the resolution upon which the plebiscite bill will be based, said the cost, if all workers must be paid will be approximately \$1,500,000.

"We still look forward each week for the home paper," writes Mrs. W. B. Sanders from Ivar Avenue, Hollywood, Cal., in sending her renewal for The Tribune this week. Further this former resident of Stouffville for so many years says: "We are proud to read of the support of our Stouffville, towards the cause for freedom. Everybody here is working hard to do their bit. The citizens of Los Angeles are well organized and despite the headlines of the enormous Japanese population and 5th columnists in Los Angeles, we have a greater unity than ever among the true Americans that live here. I am working for the Red Cross in connection with our church. By the way our church has an air-raid shelter for 300 people fitted out with supplies of food, etc. Lena has taken the place of a man in Lockheed's air plant, doing heavy clerical work. We saw and heard the raid on Los Angeles the other night. The report of the anti-aircraft guns awakened us, and we got up to watch. Even though it was some miles away we could see quite distinctly. There seems to be a dispute about the raid being real but it was real to us, and papers say fifteen unidentified planes flew over from the sea and returned. The weather is superb this season, lots of sunshine with little rain."

Quiet Saturday Wedding
Quietly married in Stouffville on Saturday afternoon, March 14, by the Rev. E. Morton Jessie Marie Forfar and Norman (Bud) Spang left on a honeymoon immediately after the ceremony. Later they will take up their home for the present on one of the Spang farms on the 9th of Pickering. The groom is a son of Mr. and Mrs. J. O. Spang of Atha, and the bride is a daughter of Mr. and Mrs. Milton Forfar, Whitechurch township, just north of Musseman's Lake. We hope to ultimately welcome Mr. and Mrs. Spang as residents of Stouffville, a possibility in view of the fact that the groom recently purchased a building lot on Mill street from Martin Tait.

Looking Ahead
A rumor that the Gray Coach busses may soon cancel their service to Stouffville, Markham and other towns, is so far without foundation. The idea arose, we believe, from a report issued last week that if the rubber and gasoline situation gets steadily worse, the bus service may be reduced to all communities where there is train service. However, while such a thing may be a possibility if the war runs too long and allied adversers continue, at present we understand the matter has never been under consideration by the transportation authorities. It is said that if things get serious enough to require bus curtailment of this nature, these busses would be transferred to carrying munition workers too and fro, thus cutting out the use of private cars for this work.

Weldon new cloth quilt patches.
—Mrs. Davey, Sec'y.

Don't Let Your Liver Make You an Invalid

People who are off colour say they're liverish or their liver is bad! Do you know how serious this is — that it may lead to permanent ill health — your whole system poisoned and broken down?

Your liver is the largest organ in your body and most important to your health. It supplies energy to muscles, tissues and glands. If unhealthy, your body lacks this energy and becomes enfeebled — youthful vim disappears. Again your liver pours out bile to digest food, get rid of waste and allow proper nourishment to reach your blood. When your liver gets out of order proper digestion and nourishment stop — you're poisoned with the waste that decomposes in your intestines. Nervous troubles and rheumatic pains arise from this poison. You become constipated, stomach and kidneys can't work properly. The whole system is affected and you feel "rotten," headache, backache, dizzy, tired out — a ready prey for sickness and disease.

Thousands of people are never sick, and have won prompt relief from these miseries with "Improved Fruit-a-tives Liver Tablets." The liver is toned up, the other organs function normally and lasting good health results. Today "Improved Fruit-a-tives" are Canada's largest selling liver tablets. They must be good! Try them yourself NOW. Let "Fruit-a-tives" put you back on the road to lasting health — feel like a new person. 25c, 50c.

"Constantly In Pain, Now A New Woman!"
For a long time I felt very miserable with liver trouble and constipation which brought on such bad headaches that I could hardly do my housework. I started Fruit-a-tives and felt better at once. After using only one box the awful headaches were gone, constipation left me and I felt like a new woman.
Mrs. J. Duplant, Cornwall, Ont.

"Suffered For Years, Now Feel Grand!"
I was always irritable, tired, headache, I could not eat or sleep well and had very severe constipation. After trying many medicines I found "Fruit-a-tives". My headaches and constipation have disappeared and I am never tired or irritable now.
Mrs. J. H. Laliberte, Montreal, P.Q.

SCHUMACHER FEED

Schumacher Feed is now cheaper than grain (quality considered) and a better Feed.

Sugared Schumacher Feed is a blended feed, it is very uniform in composition, appearance, texture and analysis. It has proved itself in hundreds of herds and flocks Sugared Schumacher Feed is better than corn, better than oats, better than barley, better than wheat feeds, because it is a blend of all four of them, it is better than all four of them combined because it carries in addition special minerals and molasses.

Price to-day \$39.00 per ton
1.95 per cwt.

We carry a large stock —
Bran, Oilcake Meal, Gluten Feed, Soybean Meal, Cottonseed Meal, Western Barley, Oats and Wheat.

Leave your order for "BRAY'S CHICKS" Now.
Do not be disappointed.

STIVER BROS.

School Board Meeting
Monday's meeting of the School Trustees was short and void of public interest. Several accounts were passed and permission given the teaching staffs to collect 5c from every public school child, and 10c from the Continuation School pupils for the Jr. Red Cross. The small amount capitalized over all Canada from school pupils is a formidable sum, it was pointed out.

Mr. and Mrs. P. L. Steckley, Marion Steckley and Mr. and Mrs. R. Duncan of Toronto, were visitors this weekend at the home of Mr. and Mrs. J. H. Hoover (Rupert Ave.) parents of Mrs. Steckley. The Steckleys have been subscribers to the Stouffville Tribune for about thirty years. The first seven years while living in Ottawa where Mr. Steckley was attached to the customs dept.

War Plant Says Local Labor
The war industry at Pickering continues to mop up the available labor in and around Stouffville. With probably thirty or forty people from here at present, employed in the big shell plant half a dozen more were added this week. They are Jack Barkey, Bill Sanders Jr., Walter Pipper, Gordon Holden, Jim Hill and Murray Hopkins. Jack Barkey has given up his garage business in the old Todd building which he had rented from Frank Baker, while Gordon Holden was a part owner of the former Swift garage just across the road. He relinquished his interest to his partner Bruce Valleau. Bill Sanders for several years has been employed at the Riches Hardware, and Walter Pipper has been delivering milk for the Maple Leaf Dairy. Thus does the personnel in ownership of business and of permanent employees change in these war days.

Sr. Institute Meeting
The Senior W. I. will meet at the home of Mrs. R. Brown, Edward st., on March 17, at 2.30 o'clock. The motto is "Plant Kindness, Reap Love," and roll call will be answered by an Irish name. Mrs. George Gunn is expected to give a talk on nursing, and Mrs. Barrie a reading. The president will have a quiz hand book, and in addition to music there will be a social half hour. You are invited. Mrs. G. Kellington, president, Miss Sadie Stewart, secretary.
