Miss Marie Feren hopes to have a fleet of ferry boats running to the school next year for during the spring freshet. Have you ever seen the teacher in her high rubber boots? Looks as though she were going to do a seaman's act.

To the brothers and sisters of our friend Percy Wilson who passed away this week we extend our deep sympathy.

Mrs. Reilly, daughter of Mr. and Mrs. A. Brown, is well enough to be back at business after her severe illness.

From Brigadier to Major

The Canadian Armored Corps was quick to realize the capabilities of G. P. L. Drake-Brockman, who enlisted as a trooper in the Canadian army, a British brigadier, he was court-martialed for striking two insolent German prisoners. Now he is a major at Camp Borden.

oh my Kathleen, you forgot something.

The Heyes family visited their farm on Sunday.

Since Mrs. Harvey Bunker has gone to Pickering Mr. George Baldwin of the B.Y.P.U. has taken her place as leader.

Visitors in Goodwood recently at the home of Mrs. Lloyd Wagg were Mrs. and Miss Kathleen Baldwin.

Visitors from Uxbridge to the 5th line were Mrs. N. Linton and Mr. and Mrs. G. Bently and Monica at the Mr. and Mrs. D. Norton home.

We are certainly interested in that engagement news in this issue concerning Mr. Clayton Pogue who recently bought a farm in the capital of Whitchurch (Vandorf) where he will take his bride after March 28. Success is our wish for the happy couple.

Lieut. Davey, Petawawa, was guest at the Davey homes in Toronto.

Special mention may be made of some who are celebrating their birthdays right now in the persons of Calvin Stafford, Mrs. Russel Feasby Mrs. John Rae, F. J. Robinson, and may they all be very happy indeed.

Miss Greta Lee spent a happy holiday in Goodwood visiting her aunt there.

We are reminded that just 27 years ago this March, a fine mother of Goodwood died in the person of Mrs. John Lee. She left a fairly

large family, but what a fine mother to bid goodbye to. Her personality is still green in our memory although at the time of her passing the writer was young and perhaps not capable of appraising the good folk like we could today.

Life has its ups and downs. Just as we are writing a welcome back to Goodwood to Mr. and Mrs. Reuben Middelton, the family cat went and strayed away. We knew it wouldn't like Goodwood in spring time, because cats do not like to do the same things as ducks. However, read the advertising column, and if you see the family cat, well, you know what to do.

Somebody informs your Flash correspondent that most of the sidewalks in Goodwood are open since the storm. Well now, if any of them are blocked let's know where and whose place they are opposite for that will be news.

Rain or shine auction sales are still largely attended. Wm. Tindall's sale on the south townline was well attended and ran around \$700 we hear. William is employed in the war factory at Pickering, so there is another good man lost to agriculture. Then up at Siloam another \$700 sale was held by Norman Knight who intends to enter war work also. His father Stephen Knight lives on the Second concession, and is a native of Scott Twp. Both these sales were advertised in The Tribune.

Goodwood Institute meeting at the home of Mrs. George Stewart was a profitable one, with Education being the topic under discussion. Then Mrs. Ashenhurst gave an account of the visit to Burwash Industrial Farm. Next meeting, we understand, is a highly interesting one for there will be the election of officers for the ensuing year, and that is always an exciting event. We'll all be there.

Young folks who would visit the home village for any week end should not have their plans frustrated by the shortage of rationing of gas. Never overlook the "Iron Horse" owned and fed by the C.N.R. and stabled at Goodwood a few minutes each day by J. F. Reid. It renders first class service and will get you back to the city Sunday evening by leaving Goodwood at 9.12. You just can't beat it. Cheaper than motor car and airconditioned coaches too.

That birthday list is growing larger and larger, and if some of the girls who get married fall to tip us off about the change of name, well, the one they left behind will be good enough anyway. This week we say happy birthday to Calvin Stafford, J. F. Robinson, Mrs. E. J. Hill, Isaac Foskett, John Maye, Jr., Mrs. Russel Feasby, Dan Notton, Muriel Hockley, Bert Tindall, Dick Taylor, Mrs. John Rae, Dean Watson, Art Brown, Mrs. Harry Woodland, Willard Clark all Goodwood and Uxbridge township; Miss Jean Anthony, Locust Hill, Marlyn Slack, Lena Jane White, Altona; Elsie Johnson, Mrs. R. Foote, Welly Broad, B. Degeer, Alma Fretz; Stouffville district: John Beach, Stanley Evans, Audrey Evans, Mussel man's Lake; Walter Pearson, Claremont; Gorman Dixon, Pickering; Mr. and Mrs. Clayton Hill, Mr. and Mrs. Ed. Langman. We also congratulate Mr. and Mrs. Harvey Bunker on another wedding anniversary event.

Birthday greeting to Robert Hope, Jackie Todd, Alaine Maye, Patsy White, Mrs. Norman Maye, Martha Stewart, all of Goodwood and district; Mrs. Orval Martin, Musselman's Lake; Margaret Weir, Mrs. G. Wagg, Stouffville R.R.; C. Ogden, Mrs. C. Yakely, Island Lake; Joe Forsyth, Lillian Bacon, and 2nd of Uxbridge; Earl Symes. **THE STATE MEDICAL
PRINCIPLE ENDORSED**

Shortage of Doctors Because of War

The York County Federation of Agricultural, at its second annual meeting held at Richmond Hill, endorsed the principle of the municipal doctor system and the employment of public health nurses in rural communities. The motion proposed by Mrs. W. H. Wilmot of Sharon and Mrs. Ralph Willis was discussed at length.

"Our council has this question under consideration," Reeve Stanley Osborne of East Gwillimbury told the meeting. "In many cases we have found it difficult to get doctors to make night calls to patients who are not financially well off. There is a shortage of doctors due to the war, which makes the matter worse."

"Hospitalization charges would be cut down if nurses were employed," Deputy Reeve Charles Hooper of Markham declared.

"The rural farm people are behind such a scheme of state medicine as exists in many parts of Canada," said Mrs. Wilmot. "The recent delegation which went to Queen's Park to obtain permission for legislation enabling the municipalities to put such a scheme in effect were well received."

**STIVER BROS.
Stouffville Ontario**

H. H. Hannam of Toronto, president of the Canadian Federation of Agriculture, declared food is more important than ever before. He said half of the 700,000 farmers in Canada were members of organizations which formed part of the federation.

He declared the farmers had made as big a contribution to the war effort as any class in Canada.

"We have sent our share of men to the armed forces," Mr. Hannam said. "We have been robbed of vital help by war industries, yet we have almost doubled our production."

Reeve James Rennie of Markham township, who presided, was re-elected president of the York county federation. Other officers are: Vice-presidents, W. T. Buchanan, Downsview, and Mrs. Ralph Willis, Vandorf; secretary-treasurer, Frank Ramsay, Sharon; executive committee, L. A. Kennedy, Markham; D. E. McAllister, Richmond Hill; W. J. **UNEMPLOYMENT INSURANCE
COMMISSION**

A new registration of all workers, insured and non-insured, in industries which now have insured employees is being carried on by the Unemployment Insurance Commission. It must be completed by March 31st, the close of the fiscal year, when insurance books now in use must be turned in. The information gathered will be used to bring the Commission records up to date, and also to furnish information for a man-power inventory which the Government is making. This inventory is being made under the authority of an Order-in-Council passed under the War Measures Act.

The Unemployment Insurance Commission is now distributing the new forms for this registration to employers all over the Dominion. There are more than 150,000 employers with insured employees in Canada, and the number of insured workers is over 2,000,000. The man-power inventory registration will, of course, include many more than 2,000,000, embracing as it does insured and non-insured employees of industry.
