QUALITY CHICKS

If you want those extra eggs which spell profit, order your chicks from us. Our plant has been built up for years by careful culling plus new breeding stock from the best R.O.P. plants in Ontario, and every bird blood tested for several years, and we set only our own eggs produced at home. We have just two breeds, Rocks for eggs and meat; and our Leghorn breeders are yearling hens which know how to lay those large white eggs. Place your order early as we produce quality, not quantity. For the next two weeks we have Rock Cockerels for sale.
