## QUALITY CHICKS

If you want those extra eggs which spell profit, order your chicks from us. Our plant has been built up for years by careful culling plus new breeding stock from the best R.O.P. plants in Ontario, and every bird blood tested for several years, and we set only our own eggs produced at home. We have just two breeds, Rocks for eggs and meat; and our Leghorn breeders are yearling hens which know how to lay those large white eggs. Place your order early as we produce quality, not quantity.

For the next two weeks we have Rock Cockerels for sale.

**BRUELS & BLACK** Phone 5714 Ringwood, Ont.

## PROTESTS ATTEMPT TO TAKE AWAY RIGHTS OF MUNICIPALITY

Whitchurch Council in session on Saturday added their voice of protest against the proposed amendments to the Assessment Act that would take out of the hands of the municipalities the right to make their own assessments and to collect the municipal taxes. Although it was said the changes were about to be withdrawn, no chance was taken in adding the opinion of this township, and voicing their opposition.

"It is only the beginning to take away the last bit of authority municipal councils have," declared Councillor Eugene Baker, while Councillor Evans' comment wasn't to be put in print. Then Mr. Evans submitted the following resolution which was subscribed to by the reeve and all members of council:

"We, the council of the Township of Whitchurch strongly protest to our member of the legislature, also to the Minister of Municipal Affairs, the proposed amendments to the Assessment Act, as we feel and know that we can administer our assessment and tax collection much more economically than any central body can or would do, and that a copy of this resolution be forwarded to Hon. J. MacCauley, Hon. G. S. Henry, W. J. Gardhouse and Morgan Baker, members of the legislature." Warden Toole, Deputy Reeve Leary, and Councillors Eugene Baker, Ed. Logan and L. P. Evans all duly signed, and said they were pleased to subscribe to the protest.

The Dept. of Municipal Affairs announced that the subsidy of one mill on all the rateable property would again be paid by the Ontario Government this year. "This is a gift of approximately \$1,700 which we feared might not be forthcoming this year," Clerk Crawford observed.

The Welfare Dept. informed the council that from April 1st they would contribute to unemployment relief on the basis of 50-50. They also advised council they would pay nothing on tobacco or newspapers purchased on relief orders.

If there are any church residences in the township, (rectory or parsonage occupied by a minister actively engaged) exempt from taxation by reason of being church property, they must henceforth be taxed, Township Solicitor J. D. Lucan advised the council. A recent judgment affecting the Court of Appeal has shown that church homes occupied by ministers are taxable as any other residence is liable for taxation.

Road accounts passed for payment totalled \$895.90, and a number of general accounts were ordered paid.

Deputy Reeve Leary presided over the earlier part of the meeting while Warden Toole was in Toronto on business in connection with county affairs.

**NOTICE** To the Corn growers of the Township of Uxbridge Mr. Carling Alcock, the Corn Borer Inspector appointed for the Township of Uxbridge, will soon be making his rounds of inspection, and it is requested that all those interested in growing corn, and others will co-operate with him in stamping out the Corn Borer pest, as governed by Statute. Byorder of the Council Township of Uxbridge

## 750 School Boys Wanted in Whitchurch

The Agricultural War Committee of the County of York, under the chairmanship of the Warden, Earle Toole, has just completed its first task—that of a farm census to obtain the actual 1941 and the estimated 1942 animal and crop production. The survey also took in farm labour needs and estimates on the probable needs of new machinery and repairs for the 1942 cropping season.

A total of 2,335 reports were filed which represents 53 p.c. of the farmers of York owning and operating over 25 acres of land. The secretary of the committee, W. M. Cockburn, explains that the organization and work on the survey was voluntary and well carried out. The set-up of the committee is such that each township is represented by one man and this man was responsible for the survey work in his township. The townships were then broken down into sections units and one or two men did the actual canvassing in the school section.

The survey showed that one half of the farmers are without adequate labour for 1942 but of these a large number signified their intention of carrying on without hired help or with the aid of some custom tractor work or with exchange of labour. One quarter of the farmers can and are willing to exchange labour with neighbours and this is going to overcome the scarcity of labour considerably. One quarter expressed willingness to employ high school boys for the summer months, which means that approximately 750 school boys will find employment on farms in York this summer.

Survey just released by W.M. Cockburn, Newmarket, reveals that in all York County there is almost one tractor for every two farms with one cultivator and plow for each tractor. The county is surprisingly supplied with combines, while one in every six farms has a milking machine.

## Additional Locals

A meeting of the Stouffville Horticultural Society will be held on Tuesday, April 21, at 8 p.m., in the Municipal Hall. Suggestions for town improvement would be gladly received at this time. Hand in your ideas or bring them along.

Last Sunday Mrs. Lemon Baker, of Stouffville, reached her 85th birthday, spending the day quietly at the home of Mr. Robert Ratchiff west of town. Mrs. Baker is marvelously active and takes a keen interest in social events and war work. Entertaining friends at her home is one of her chief delights.

## Goodwood

Mrs. S. Byam was spending a few days in Toronto. Farmers are getting on the land here this week, and perhaps a few will be seeding next Monday if the favorable weather conditions.

School reopened in Goodwood with the usual number of "young hopefuls" starting in for their first experience out in the big world. Those who faced the teacher for the first time are mostly bearing familiar names of the community. If each of them put their faith in Mr. Lloyd Wagg the next few years will work wonders for the wee ones.

Mrs. Ernest Sykes and baby were guests with her parents Mr. and Mrs. W. Wilkinson here. Other visitors were Mr. and Mrs. T. Linton and son, Toronto. This group received a wonderful thrill on Sunday evening to sit around the radio and hear their son Corp. Bill Wilkinson singing over the air from somewhere in England where he has been for over two years, serving in the R.A.F. 400th squadron.

Mrs. Isaac Foskitt met with the serious misfortune of breaking a leg on Saturday evening when she fell from a ladder while climbing to the hay loft when gathering eggs. Dr. Darling was called and found a bad fracture just above the ankle, and had the patient removed to the Brierbush hospital in Stouffville where with the assistance of Dr. Ball and nurses the injured limb was set. Mrs. Foskitt is now resting nicely at home. We hope for her a speedy recovery, both for her own sake and the war activities too.

## REVIVAL SERVICES AT GORMLEY M.B.C. CHURCH

Revival Meetings at Gormley M.B.C. Church, are being held from April 19 to May 3rd. Services each evening at 8 p.m., Sunday at 3 and 7 p.m. Evangelist Rev. Archie Doner of Gravenhurst will be present throughout the campaign.

**STOUFFVILLE WAR BRANCH** Thanks for the donation of \$13.11 from the Continuation School. This is greatly appreciated. Bloomington unit, 1 quilt, Mrs. W. Hopkins, clothing. Mrs. Davey, Secretary.
