**BE BRIEF... CLEAR YOUR LINE FOR THE NEXT CALL**

**Clear telephone lines for ALL-OUT PRODUCTION**

Your telephone is part of a vast interlocking system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

**OTHER "WARTIME TELEPHONE TACTICS"**

1. BE SURE you have the right number... consult the directory.
2. SPEAK distinctly, directly into the mouthpiece.
3. ANSWER promptly when the bell rings.
4. USE OFF-PEAK hours for Long Distance calls: before 9.30 a.m. 1-2 p.m., 5-7 p.m., after 9 p.m.

These things may look trifling, but on a \$30,000 daily telephone calls, they are very important.
