The Brunswick Hill Cemetery committee met at the home of J. B. Wilson on Wednesday evening.

Rev. Norman Burke expects to make many calls here all in good time.

Congratulations to Miss Muriel Gostick who graduated from Toronto Bible College on Thursday evening. Some friends from here attended the ceremony.

Miss Marion Riddell and Miss Dorothy Cloakey of Toronto spent the weekend with friends here. With other friends they took in the opening dance at Musselman's Lake.

Mr. and Mrs. Wm. Wods of Maple and Mr. and Mrs. Carson Armstrong and Dorothy of Locust Hill were guests at the Williams home on Friday.

There has been some talk of holding the church service at 7:30 instead of the customary 7 o'clock. Nothing definite has been decided yet. The friends are hoping that the extra half hour will give everyone a better chance to be at this service. In many rural districts evening worship is held at 8 o'clock.

A grand home-coming was held at the home of Mr. and Mrs. Ross Carter on Sunday last when the proud parents brought their daughter home for the first time. The little lady was born at Markham on April 14, and has been living with her mother at the home of her grandparents, Mr. and Mrs. Johnson in Toronto. We welcome them and wish them health and happiness.

The Ladies Aid held their meeting at the study of Miss Margo Wilson, the noted Canadian artist on Wednesday of last week. Officers elected for the following year are: Pres. Mrs. Thos. Williams; Vice Pres. Mrs. Henry Shank; Secy., Mrs. Eugene Forsyth; Treas.—Miss Ruth Hutchings; Sick Visitor—Mrs. H. Shank; Program Committee, Mrs. Charles White and Mr. Fred Postill; Pianist, Miss Julia Wilson; Assistant Pianist—Mrs. Alf. Mich. The discussions at the business meeting and program that followed were very interesting. Later Mrs. Wilson and her assistant Mrs. Bob Maxton of Toronto served high tea. Ms. Heron of York Mills pouring tea looking lovely in a long afternoon gown of French grey lace with bitton trimming over rose satin with lose hat and gloves and grey suede shoes. Roses and tulips made the rooms attractive. Among articles of special interest was noticed a huge comb once worn by a lady of Spain. Miss Wilson had brought it home when returning after studying in France and Spain.

On Guard 24 HOURS A DAY

HYDRO SERVICE

Carries On!

When there's a storm, most people seek shelter, but that is when Hydro is busiest. Between darkness and dawn come hours of rest and sleep, but with Hydro, every hour begins a new day.

Light for homes, hospitals and factories—heat for blast furnaces—or to cook meals in your home—energy to turn thousands of motors in factories, mines, shipyards—this is the work of your Hydro.

Hydro is helping to shorten the war. Over 1,000,000 Hydro-electric horsepower is at work on war materials.

Let us all be thrifty in our use of Hydro. New war plants must be energized and existing plants are constantly being harnessed to the war effort. Let war needs come first.

AN APPEAL TO THE HOUSEWIFE

You can do so much to save electricity. Don't let the kettle over-boil. Watch the switches on your electric range—turn out all lights when not needed. Resolve to save some current every day to help Ontario's war industries.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

REMEMBER-IT'S YOUR HYDRO SYSTEM

Neither snow nor rain nor heat nor night stays these couriers from the swift completion of their appointed rounds.
Herodotus.

Picture at right shows a hydro control room. Where the doors never close. Every hour of the day and night, every day in the year, watchful attendants are on the alert studying meters, keeping records and regulating the flow of Hydro current to consuming areas.
