QUALITY CHECKS
If you want those extra eggs which spell profit, order your chicks from us. Our plant has been built up for years by careful culling plus new breeding stock from the best R.O.P. plants in Ontario, and every bird blood tested for several years, and we set only our own eggs produced at home. We have just two breeds, Rocks for eggs and meat; and our Leghorn breeders are yearling hens which know how to lay those large white eggs. Place your order early as we produce quality, not quantity.
White Leghorn Cockerels at 1 1/2c each.

LOSS OF SUBSIDY WORRIES COUNCIL

(Continued from page 1)
The Dept. shove the blame for the failure to keep the roads up onto the backs of this council," he declared.
Clerk Crawford informed council there was only \$6,000 left to spend on roads this year of the amount budgeted for, and this meant cutting out dust layer, or gravel. A general discussion showed council in favor of putting on gravel in preference to dust layer if one had to be omitted.
"If this policy is adopted perhaps we had better notify the lake organization," Mr. Toole said. A policy will be set down after consultation with Engineer Higgins. Road expenditures ordered paid at this meeting totalled \$1126.00.
The Dept. of Education submitted information and urged upon council the desirability of forming a township school area in Whitechurch, but no action was taken at this time.

A township school board, the article pointed out, is formed of five ratepayers who would administer all the school business in the township in lieu of trustees. They act without pay and are elected for a two year term, one retiring each year. Advantages were said to be more uniformity in teachers, itinerate teachers for music, household science, agriculture and nursing. Schools with very small enrollment could be closed until such times as better enrollment could be ensured. So far 15 townships have adopted the township board system, including some \$3 sections.

At the regular meeting of the Dickson's Hill and Mount Joy Young Peoples Society held in the Mennoite church, Mount Joy, last Monday evening, Dr. Fenton, M.O.H. for Etobicoke Township, gave his celebrated lecture on the Wonders of God in Creation. The speaker illustrated his address with both still and moving pictures, and the large audience in attendance were held in rapt attention as the wonders of the Creation as seen in plant and human life were unfolded. Dr. Fenton, in his own inimitable style, showed clearly the fact that the whole universe moved according to a definite plan which revealed beyond the shadow of a doubt, "That all things were made by God, and without Him was not anything made but what was made." The audience felt the true majesty of the great Creator, and the supremacy of the Bible. Delegations were present from different parts of the Township, while some from Islington attended the service. The pastor of the church, Rev. P. G. Lehman, was in charge of the service, and Rev. D. Macgregor, of Stouffville, led in the opening prayer.

Much Aid Sent to England by Non-Resistant Group

All officers were asked to continue their services for another year at the annual meeting of the Non-Resistant Relief Organization of Canada, held here. The report of the treasurer, N. M. Bearinger, Elmira, showed that funds for relief work in England have been received regularly in sufficient amounts to continue relief work for the increasing program of the organization.

During the latter part of 1939 about \$500 was sent for relief in London. In 1940 a representative of the organization was sent to England and \$11,365 was forwarded by interested groups of Eastern and Western Canada. In 1941 a second representative served in Birmingham and a further sum of \$30,051 was sent and distributed. Contributions during the present year are continuing under a set program calling for \$2,500 per month. Clothing to the value of nearly \$24,000, made or supplied by sewing circles, has been shipped from Ontario and other large quantities have been forwarded by groups in the West from Winnipeg.

Relief work now in operation in England includes a home for children from two to five years of age at Wickhurst Manor in Kent, a home for aged and infirm at Woodlands, Wolverhampton, near Birmingham, aid to a convalescent home for children near Liverpool, a mobile canteen and utility van for service in Birmingham, support for Basque Spanish children with headquarters in Plymouth, and aid to the Save the Children Fund. Clothing distribution from London depot reaches many districts under the direction of authorities in charge—Local employees for these projects number 16.

The Non-Resistant Relief Organization purposes sending two Canadian nurses to aid in the work of the institutions under its supervision.

The officers are: President, Rev. S. Goudie, Stouffville; vice-president, Rev. Oscar Burkholder, Breslau; secretary, Bishop S. F. Coffman, Vineland; treasurer, N. M. Bearinger, Elmira.
Messrs. John Coffman and Peter Dyck are the Canadian representatives disbursing the funds in England. A report direct from these representatives in England has been received, and a copy is in the hands of Mr. Thomas Reesor, which verifies the above statements, and details the disposition of the goods and monies reaching them.
