Gravel Basket Strikes Rubber "Pay Dirt" on Bow River

They have struck rubber in the Bow river at Calgary! Down at the big river bed gravel pit of Jefferies and Sons, Ltd., a new gravel ditch was being dug. Twenty-five feet deep, it stretched right across the Bow. When

the big gravel bucket went down for the first haul it came up with a ton of gravel and a load of rubber. Old tires bulged from all its seams. Every time the bucket went back for another load of gravel, up came more tires. Be-

fore quitting time on the first day, more than 60 tires had been "panned" and more are expected. People used to toss the tires into the river and now they are being harvested for war work. Here are some of the disintegrated tires.

Levi Brown, employed by Frank Collins, is called up for service it is reported to us. The boys are certainly becoming more scarce and help a serious problem.

We hear reports about the anxiety of the farmers even in sandy Uxbridge because of the incessant rains. A few still have that odd field of grain to put in and here it is June 2nd.

Recent guests with Mr. and Mrs. Norman Wagg were Mr. and Mrs. S. N. Mulligan, Mr. and Mrs. J. A. McIntyre and Neil from Harrison.

Beef on the Danforth was as scarce as beef on a wooden doll last Saturday when the Scribe went shopping with his wife. Yes sir, there was lots of real, lamb, pork, but beef was out after 2 o'clock. Just as hard to buy new tires, and no fooling. Of course had we been in Stouffville to get some of O'Boyle's attractive buys as seen in his advertisements, we would have been all right. City-folks should keep this adv. in mind when they go to the town.

In the removal of the White family from Goodwood, the school there has lost two of the little beginners, but from the Stewart family there comes one little girl to fill part of the vacancy.

Several of our intimate friends have recently married, and now one more can be mentioned, Mr. and Mrs. Wm. Simpson, 17 Knight Street, announce the engagement of their daughter, Vera May Simpson to Mr. W. M. Armstrong of 575 Logan avenue, Toronto. The family lived there 30 years ago. Mr. Young died over 20 years ago and there survives the beloved mother. Elsewhere in this issue we believe there will be a complete obituary notice.

Markham Township Red Cross Society Branch Salvage Campaign

The Markham Township Branch is setting aside the whole month of June for collection of salvage scrap, paper, rubber, iron and steel, Aluminum, etc. Owing to the present gasoline and tire restrictions, we are unable now to use trucks to pick up this salvage through the Township, and as this is EVERY-ONE'S WAR, EVERY-ONE must do their own duty and transport, in some way, their scrap for themselves. No excuses should be made but each one of us should make our own arrangements with neighbours, if we cannot bring in our own scrap, to have it brought in for us. Do not wait for someone else to do your own war work. Scrap can be taken to the rear of the Township Hall in Unionville—papers must be tied up in bundles or placed in cardboard boxes and put into the shed behind the Hall. Wet paper is of no use to us. The following points should also be carefully noted: PAPERS should be firmly tied in bundles, or placed in cardboard boxes, of about 50 pounds weight. No corrugated cardboard should be sent in, nor waxed or oiled paper. Magazines and books should be kept separate from newspaper. No wet paper should be included. RAGS should be packed in jute bags or cardboard cartons. Rubber tires, tubes, boots, goloshes, and other rubber articles. All metal and leather should be removed from all rubber articles. Mixed scrap, iron steel aluminum, etc. Please keep this segregated. We get better prices if zinc, brass, copper, lead, and aluminum are separated from iron and steel. Each type of material is used for a different purpose, and when segregated is an additional contribution to speedy delivery to where it is needed, and aids the War Work immeasurably.

TIN CANS, Wire Fencing, old cane troughing, and glass ware (bottles, etc.) These are not required by us, and sending them in hampers our war effort. We want to urge every single citizen of Markham Township to realize his own responsibility in this salvage campaign. Hitherto it has been possible to arrange collections, but we must now do our own work, and it is up to each one of us to take over this duty for ourselves, and to add our own individual effort to this war work. Remember, this is your war as well as ours—the scrap material is in your hands and must be put into ours to dispose the country will obtain the benefit of to the best endeavours that of this salvage and the Axis Powers thus brought closer to defeat.

Citizens of Markham Township—do your duty now. Get your scrap material gathered up now—DO NOT PUT IT OFF—and have it brought to Unionville. Delay is dangerous—REALIZE YOUR OWN RESPONSIBILITIES.

To Mr. and Mrs. Ralph White, we extend our best wishes on their wedding anniversary occasion, June 3rd.

Those of us who know Arthur Jones since boyhood will mourn with him the loss of his second wife Edith Ann Eva, who died so suddenly at her late home 1041 St. Clarens Avenue, Toronto. She was a great worker in St. Chad's church in the city, and her husband who survives is an old Goodwood boy, so we all extend our sorrow.

Mr. and Mrs. George Lee who on May 25, visited the old cemetery grounds bring back good reports to friends who are in Toronto, for they say the grass is nicely cut and the rains are sure making it grow.

Mr. and Mrs. Sheff visited their mother Mrs. Byam north of Goodwood only recently. Mrs. Byam is operating the farm, despite the loss of her life partner.

SHOWER FOR WARTIME BRIDES

Hello Homemakers! The lovely old custom of giving showers for brides may still be carried on in wartime, but remember to keep them practical and inexpensive as well as dainty. We suggest an Initial Chest shower. You might borrow a big cardboard box, give it a light coat of paint to harmonize with your decorations, or trim it with crepe paper. Then turn the box upside down to house the gifts. Cut small holes in the top to form the initials of the bride and at the front to form a heart-shaped lock. In each hole, put a nosegay of flowers with string attached below to a gift. Wild flowers or any garden blooms would be lovely. As the bride picks a nosegay, her assistant clips the string and produces a gift.

What to give the bride? Something she will need, something that will last, something she wants. Useful articles include a recipe book or file, mending kit and first-aid kit.

SUGGESTED LUNCH

Chicken Salad Bouchees
Assorted Sandwiches
Strawberries with Heart-shaped Cookies

Bouchees
1/4 cup butter
1/2 cup boiling water
1/2 cup bread flour
2 eggs, unbeaten

Add butter to the boiling water in a saucepan that is placed on small electric element turned to Medium. Add flour all at once and stir vigorously until ball forms in the centre of pan. Remove from range, beat in eggs one at a time. Mixture should be very stiff when it is dropped from a spoon on to a greased cookie sheet. Bake in electric oven at 375 degrees for 35-45 mins. or until done (as it depends upon size of puffs). Makes 6 large or 13 tiny ones. When cool split and add chicken salad.

Initial Sandwiches

Spread a triangle of bread with a mushroom filling, without seasoning. With a pastry tube filled with plain cream cheese write the first initial of your guests or of the bride.

Blossom Sandwiches

Butter a circle of bread with a table knife shape pink creamed cheese into petals with a circular motion. Sprinkle a little yellow grated cheese in the centre.

Diamond Ring Sandwiches

Use circles of bread with a small circle taken out of the centre. Spread with butter that has been creamed with spiced tomato soup. With a pastry tube filled with a mixture of mashed cooked egg yolk make a thick circle. Top in one place with a triangle of hard-cooked egg white dipped in salad oil dressing.

Pink Macaroons

1 egg white
Red colouring
1/2 cup sugar
1/2 cup shredded coconut
1 cup cornflakes
1 tsp. almond extract

Add 3 drops of red colouring to egg white. Beat until stiff, not dry. Sift in sugar and fold in coconut, cornflakes and extract. Drop from tip of spoon on greased baking sheet—Bake in electric oven at 350 degrees for 20 minutes.

TAKE A TIP

1 A substitute for a pastry tube is

easily made with a small piece of canvas sewn in a funnel shape.

- 1 Puff Paste or Bouchees are cooked when the product is free from beads of moisture.
- 2 Egg-yolk filling may be surprisingly seasoned with prepared mustard or table sauce.
- 3 The bitterness of a chopped sweet pepper filling is eliminated by wringing the diced pepper in a piece of cheesecloth before being made into a spread.

THE QUESTION BOX

Mrs. S. W. asks: "Recipe for 'Rhubarb Punch'?"

Answer:

Rhubarb Punch
Crushed ice
1 quart of diced rhubarb
1 quart of water
1 1/2 cups sugar
1-3 cup orange juice
4 tbs. lemon juice

Charged water or ginger ale. Add water to rhubarb and cook until soft. Squeeze through double thickness of cheesecloth, add sugar, stir until sugar is dissolved, bring to boiling point, add fruit juices and salt. Bottle to keep in sterilized containers. Holstein Men Picnic at Musselman's

For the first time in the history of the organization, the York Holstein Club will hold its annual picnic at Musselman's Lake on Saturday of this week, June 6th, when the usual educational and entertaining program will be run off.

Mr. W. P. Watson of the Ontario Live Stock Branch will be the guest speaker. Following his address he will assist with the usual judging competition in which there will be prizes for young and old farmers and farmerettes.

Lunch will be pooled by the ladies and the spacious accommodation provides ample choice of space, rain or shine. Of course no picnic is complete without sports of all kinds and president Archie Cameron of Woodbridge will see that these are not overlooked.

According to secretary E. F. Ramsay of Sharon the calf donated by the York Club to the War Effort Sale in connection with the National Holstein Sale sold for \$140.00. This makes a very fine contribution to this most worthy cause, and we are sure all the breeders will be out to boost this big day for the lovers of Black and White Cattle.
