GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL
For you to neglect the church when you would not live in a community without the church? If the church is the backbone of any community; the center of all our best life, thought and development; the greatest builder of private and public conscience; the soul's school for a character that will live through eternity; and the giver through its membership of more than 50 per cent of all charity—is it a square deal for you to let others do all this for you—and carry your dead weight beside?
