**MARMILL LAYING MEAL C.L.O.**

For the poultryman who is chiefly interested in egg production, and wants more eggs at the season when the prices are best, Marmill Laying Meal C.L.O. is the standby of many years. It has been tried and tested in every way for profitable and low mortality and has more than proved its worth. More and more poultrymen pin their faith on Marmill Laying Meal C.L.O. all the time.

**Appreciation Letters Reach Comfort Fund By the Bundle**

Hello Friends,  
Received smokes again okay. They certainly come in handy. Missed the last lot when it went down. Hope everyone is in the best of health. Keep smiling,  
Pte. Jack Schell.

Dear Friends,  
Smokes gratefully received. Please know that I am deeply appreciative of the veterans kindness and generosity. All well over here and the tide is definitely turning. Best wishes to you all,  
Percy Pipher

Dear Bert,  
I received your gift and want you to know it was surely appreciated.  
Newfoundland, Aug. 27

ated. It seems everyone is doing their part to make we boys happy and believe me you are doing a good job.

Everything here is quiet but we are kept busy so the time seems to fly. I keep pretty well in touch with the folks at home and everyone seems to be busy. I imagine there will be a few people enjoying the sunny afternoons on the main drag. Thanks again,  
Chuck Lintner

Dear Sir,  
I am writing again to thank you for the smokes. I've been putting off my writing too long, and must try to do better in the future. Our outfit has been moved to where I am closer to my wife. I am able to get home more often now and that is one good thing. We are getting more work than before but this keeps us more satisfied.  
I sure would like to see Stouffville now after being away so long. Makes a fellow want to get the job over and get back. I went to see the picture, "Captain of the Clouds" and it was nice to see the Canadian

cities again. Sure missed the parcel of smokes that went down through enemy action. I guess the fish got a lot of cigarettes that came over. Thanks again,  
Oliver Larkin.

Dear Bert,  
Thanks again for another parcel of comforts. I have received 4 now since I came over and I can't tell you how much they are appreciated. It's grand to know that the folks are still thinking of us and it really helps.  
I met Mike Brown in Edinburgh just a week ago. He had just come out of the hospital a short time before where he had been convalescing from a crushed foot. He looks the picture of health now and we had a good talk about Stouffville. He had seen Wally Nicholson and says he never saw anyone put on weight as he did. Mike weighs 184 so he isn't doing badly. He says that Gordon Lehman was right, the army makes a man of you and Mike is the proof needed.  
I met Alfred later the same day in Lincoln. He had his first success that

week and shot up a Jerry. The German was not shot down but damaged. Alfred's plane was not hit so Jerry came out second best.  
After a long time in Scotland I have now been returned to England and at present I am very close to my brother which is a nice change. Leland Fairles has landed in the country and I had a letter from him this morning and hope to see him soon. Saw Glenn Gibbons shortly after he landed. It really is a real pleasure seeing home folks again. I still get The Tribune regularly and also the Star Weekly so I get most of the news from home.  
Cheerio for now,  
Jim Thomas

Well folks we were enlightened recently by a lady who explained how to tell the weight of a pig, and it may be valuable to our readers on the farm. Place a tape line snugly drawn from behind the front legs, and if it measures 43 inches your porker will or should be about 210 pounds.  
We have a long list of birthday names and to all of them we send happy greetings. Mr. and Mrs. Dan. Norton are receiving congratulations on the 21st wedding day, and we join with our greetings.

Dear Mr. Lichorish and Comrades,  
Again, the convoy "got through" and your gift of cigarettes received. Please accept my heartfelt thanks. The usual acknowledgement card with its limited space is much too small to say all the things I would like to, as I do wish you all to know how much I appreciate your remembrance.  
I was also pleased to get the July 2nd edition of The Tribune. The news from home is always so welcome and seeing names and places and people I know brings back pleasant memories of my boyhood days around Ringwood and Dickson's Hill, and the daily trip to Markham High School and also Stouffville Continuation School. No matter how far I roam that district will always be home.  
The Tribune's full page "Salute to the Army" and your tribute to the men from the area now serving was indeed commendable and all those whose names appear, like me, proud of their home town and of the veterans who are taking such an interest in this new generation of soldiers who are now carrying the torch and must carry on until this affair is over.  
My work takes me around a lot and I see the Canadian Corps in all its intensive training and if I am any judge, you have a fine army over here. The Canadian is outstanding in a country that has so many races in uniform. He seems to be conspicuous as he is usually well dressed and seems to take pride in his personal appearance and deportment. They do get their names in the scandal sheets at times and their "whoops" at times arouses the very reserved and stolid Englishman, but generally speaking they are very well behaved. They make lots of friends and are well liked, especially in the areas away from the permanent camps. The military towns are out to make what they soldiers and they do say that the only thing that is holding it up is can as they did in the last war, and always add a few pennies to the price of anything when they see the "Canada" shoulder flaps. **Dog Destroys Calf Township Pays**

Reeve Johnson presided at the September meeting of Uxbridge Township council. Mr. J. H. Ormiston of Whitby requested council's aid in securing the number, name, rank, and unit of all soldiers, sailors, and airmen who have enlisted from Uxbridge Township to be compiled in a county record. The clerk was instructed to solicit the help of all school secretaries in furnishing the list.

Three reports from live stock valuers were received for two sheep killed and one calf, presumably by dogs. The calf belonged to John S. May, and he was awarded \$25.00 by the valuers, which council authorized payment of. Orval Flewell was paid \$10 for one sheep killed, and George Kydd was paid for lamb killed \$12.00.

A ruling on income tax was given from the Dept. of Municipal Affairs, and read to the council.

The road superintendent was instructed to purchase 2,000 feet of snow fencing and 150 posts for same.

Road accounts passed for payment totalled \$235.53, and general accounts were as follows:

Mrs. Wilson, caretaking	\$ 9.80
Hospitalization	24.50
Ernest Morgason, valuing claims	1.00
John Kydd, valuing	1.00
Howard Hockley, valuing	1.00
Patriotic grant	100.00
Relief for August	19.15

Council adjourned to October 10, when they will select jurors, and Oct. 7 for general business, on motion of Councillors Ball and Rae.

But it can not come too soon to suit everyone for we have been hanging around so long that this training is getting monotonous and the soldier rather resents so much repetition in training.

I am one of the few old soldiers left over here, as many have returned and I suppose it is only a matter of time before old age or the doctor catches up with me. I am fairly fit yet, but no doubt this is a young man's game and no picnic for an old timer like me. This may serve as a warning to any of you old sweats who have itching feet. This little isle is just packed with the barrage balloons.

I spent a recent leave in the Midlands and visited a hospital in which I spent several months in 1916. I was able to contact several of the old staff who are still on the job after 26 years, and they went out of their way to make my visit enjoyable.

This green isle of England is very beautiful just now with the
