

# Local and Personal Happenings

## FLORAL EMILY DAVIS TO BE SOLDIER'S BRIDE

Miss Floral Emily Davis and Pte. William James Young, whose engagement has been announced, will be married on October 3, in Stouffville United church. The bride-to-be is the daughter of Rev. and Mrs. Douglas Davis.

Stores close in Stouffville every evening during the winter with the exception of Saturday nights, beginning week of October 5. Don't forget, tell your neighbor, too.

It is not too early to mail Christmas parcels for overseas. All such parcels should be mailed as early in October as possible. November 1st is the last date for sure Christmas delivery.

Rev. W. E. Kibblewhite, B.A., incumbent of Agincourt Anglican Church was appointed to the parish of All Saints, at Collingwood. Rev. Mr. Kibblewhite is quite well known locally.

Only 28 girls registered at the Markham Post Office during the recent National Registration for Women, according to the Markham Economist. Seventeen were recorded at the Mt. Joy Office.

The duck shooting season opened in the Bruce Peninsula on Sept. 15th. The wild fowl are said to be quite numerous in the small lakes in that area this year.

Misses Eulah Brillinger and Isobel Collard returned to town last week after a motor trip to Montreal, Ottawa, and other eastern points. The girls travelled east with Mr. Thomas Birkett.

Extremely heavy frosts this week, and so cool during the day that householders must light the furnace, or the kitchen stove, if you have one.

**Stouffville War Branch**  
Thanks for the following donations: Mrs. G. W. Hamm, \$1.00; 9 articles of women's clothing from a friend. Those who are filling ditty bags please hand them in to Mrs. George Lee or Mrs. Davey by October 2nd.

Mr. G. Thompson, manager of the Bank of Commerce here left this week for three weeks holidays. Mr. and Mrs. Thompson who have resided for the past eleven years in Campbellford expect to move to Stouffville shortly.

James Slack, east of town, purchased an attractive matched team last week at the J. C. Galbraith sale in East York township, the price being \$207. The geldings are three and four years old, and a fine type of Percheron. Registered Jersey cows sold at the same sale up to \$100 each. A.S. Farmer, auctioneer, reports.

Grant Turner, son of Mr. and Mrs. Lloyd Turner, Stouffville arrived back in town last week after several months out West, where he has been employed with a construction gang on the new Alaskan Highway. Along with him came Morley Brown, son of Mr. and Mrs. Ross Brown who was also on the construction outfit.

Mr. and Mrs. Joe Carlaw, Toronto, with their four children were in town last weekend, taking home their winter supply of apples, pears, and vegetables. Mrs. Carlaw (Olive) is a daughter of Mr. and Mrs. Alf Pugh, who incidentally grew some wonderful cabbage this year. He presented his son-in-law with one that weighed over 11 lbs.

**Births, Weddings Up For June**  
Cupid and the Stork worked overtime in June, according to the Dominion Bureau of Statistics. Births registered in Canadian cities, towns and villages with a population of 10,000 and more totalled 10,618 in June; deaths 4,299 and marriages 8,294, compared with 9,234 births, 4,433 deaths and 7,695 marriages in June last year. This was an increase of 15 per cent in births; 3 per cent in marriages and a decrease of 3 per cent in deaths.

The many friends of the Kinsmen Male Quartette, of Toronto, will be glad to learn that they are to be in Stouffville on Sunday, Oct. 25th, to sing at the evening service of St. James Presbyterian Church Anniversary. The Kinsmen Quartette will bring a real programme of Gospel messages in Sacred Song, so keep the date in mind, Sunday, October 25th. Fuller particulars regarding St. James Presbyterian Church Anniversary will be announced later.

**On the Move**  
Principal L. C. Murphy of the local school staff moved last weekend to his recently acquired premises at the extreme west end of Main street, and known as the Ell Rayer place. Mr. Murphy had the interior completely remodelled. Mr. Percy Brillinger is moving this week to the premises he recently bought from Mrs. J. A. Heise, and regarded as one of the very finest residences in town located on Main street west. Mr. Thompson, manager of the Canadian Bank of Commerce has gone to Campbellford to pack his furniture and move to town to occupy the Brillinger house on Albert street.

Dr. Arthur Hore who was recently removed as M.O.H. in Markham village has been reinstated by the provincial board to act until the end of the year, when Dr. Hore will formally present his resignation to the municipal council.

"Army" Armstrong, the well-known hockey referee, has won his 11th tennis title at Oshawa. An undertaker by profession, Armstrong gallops over the tennis courts in the summer and the ice surfaces in the winter, which after all is pretty good training for a mortician. He has won the Oshawa City title.

### Hockey Outlook Not Bright In Smaller Centres

Gasoline rationing plus enlistments has all but finished O.H.A. hockey in any but the larger centres. Stouffville has not attempted to enter the hockey field for the last couple of years, and certainly will not pick the forthcoming season to do so. Markham and Aurora are hard hit by enlistments, but according to Newmarket authorities could field teams, if it were not for the gas situation. Sutton has also been well drained by the army. Gibney, Burkholder, Smith and others having gone into the armed forces.

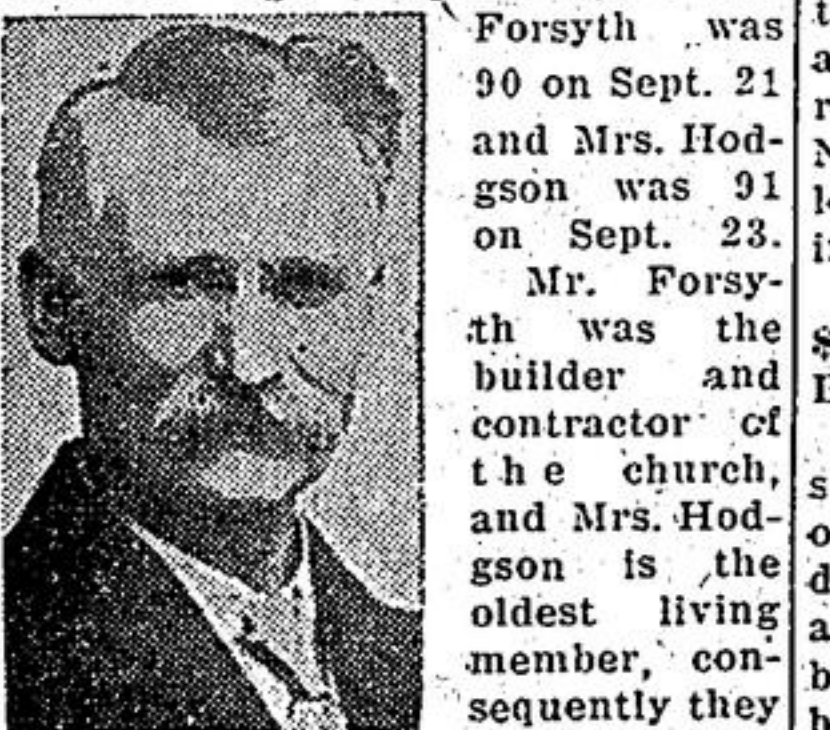

### "Famous Flier in a Famous Squadron"

Bert Wemp's column in the Evening Telegram contained an interesting morsel of local news last week, and we pass it on as it was cabled to his paper by this overseas reporter. Wemp, it is remembered was visiting the outgoing fliers who were getting ready for combat duty over the channel, from somewhere in one of those big English airdromes. He says:

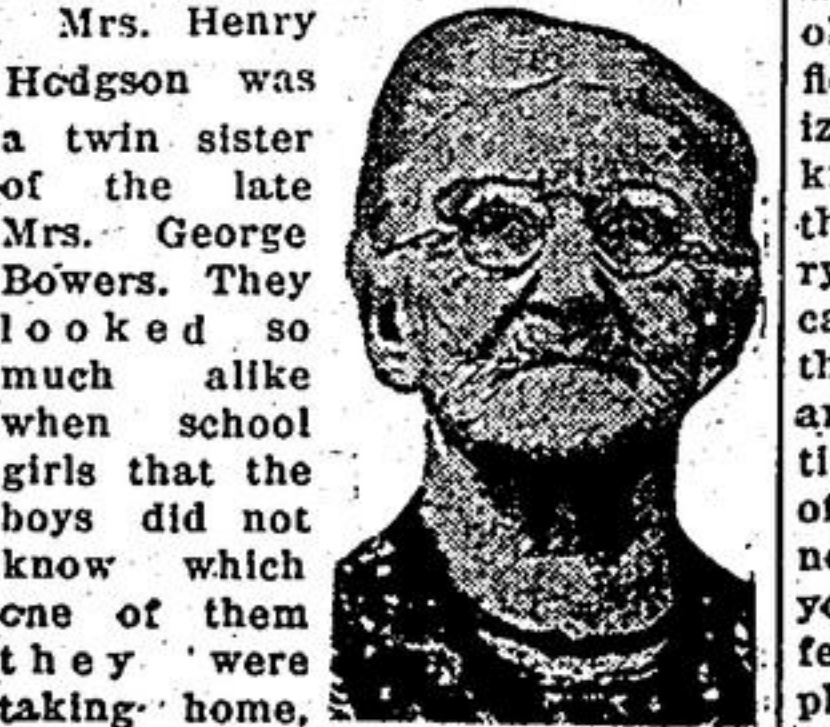

"Out in the pilots' room on the airport, the boys were climbing into their flying suits, and parachute harness. Up popped a head, and looking straight into my face, and to my great surprise, was no other than Flight Sgt. A. E. Thomas, pilot who up until he joined up with The Evening Telegram was correspondent in Stouffville. He is now a famous pilot in a famous squadron, flying the fastest machines in the world at night over England, looking to knock down any invading bombers. As a lad in high school he commenced corresponding for The Telegram, and his mother is now carrying on the job at home."

### HONORED ON CHURCH ANNIVERSARY

Both active members of the Stouffville United Church Nathan Forsyth and Mrs. Henry Hodgson who were singled out for special honors at the anniversary of the church last week are 90 and 91 years of age respectively. Mr. Forsyth was 90 on Sept. 21 and Mrs. Hodgson was 91 on Sept. 23.

Mr. Forsyth was the builder and contractor of the church, and Mrs. Hodgson is the oldest living member, consequently they were singled out for special honors on the anniversary occasion. Nathan Forsyth is the sole survivor of a family of 11 children born to James and Nancy Forsyth who lived at Glasgow. He commenced the carpentering trade at 24, and built many of the finer homes in Stouffville, also the United Churches at Goodwood, Bloomington, and Stouffville. He is still active, and wouldn't hesitate to take a building contract today if his good wife would consent.

Mrs. Henry Hodgson was a twin sister of the late Mrs. George Bowers. They looked so much alike when school girls that the boys did not know which one of them they were taking home, and often great secrets were divulged to the wrong girl. The school teacher, too, had a lot of trouble, for the girls dressed alike to add to the confusion. Only their mother could spot them readily, one from the other. Mrs. Hodgson wouldn't consider having a housekeeper in her home, she does her own work, and attends church service regularly. She usually spends her birthdays out on the farm at the home of her son Leslie. Until the demise of her twin sister a few years ago the couple were believed to be the oldest living twins in Ontario. Mrs. Hodgson has been a widow for many years. Pictures above of both Mr. Forsyth and Mrs. Hodgson were taken when they were 80 years old.

WE'LL FIGHT 'EM WITH EGGS!

Eggs for the breakfast table mean energy to build planes and ships and tanks. We'll help lick 'em with eggs!

That means produce more eggs. That means give the hens what it takes to make eggs. That means, on the Dr. Hess Research Farm, add DR. HESS POULTRY PAN-A-MIN to the ration.

PAN-A-MIN is a two-job product; it supplies the hen with both tonics and minerals. Tonics stimulate appetite and the consumption of feed. Minerals are as essential to egg production as the proteins and carbohydrates in grain.

Dr. Hess & Clark get as many as 23 extra eggs per bird per year from their PAN-A-MIN birds. We think you'll get more eggs if you use PAN-A-MIN. Will you try it?

WE'LL FIGHT 'EM WITH MILK AND BUTTER!

The lid is off and we're asked to turn out all the milk and dairy products we can—at a good price.

We believe DR. HESS STOCK TONIC will help your production. We base this belief on Dr. Hess Research Farm records which show that STOCK TONIC cows produce as much as a fourth-pound more milk per pound of feed consumed.

STOCK TONIC stimulates appetite and digestion. It helps the cow handle dry feed. It helps keep her on feed. These are the reasons STOCK TONIC cows show up so well from a production standpoint. Now's the time to use STOCK TONIC.

## STIVER BROS.

Phone 4501

Stouffville, Ont.

Monday, October 12, is Thanksgiving Day and a public holiday.

The October meeting of the municipal council will be held next Monday evening. If you have an account against the town, it should be presented at this time.

Mr. Kenneth Lymburner, wife and two children, Eva and Bob, from Fergus, were in town over the weekend visiting Mr. and Mrs. Jas. H. Ratcliff.

### Moving to Stouffville

We understand that very soon Mr. and Mrs. William Birkett of Claremont will move to town and take up residence with Mr. Tom Birkett in his fine residence on Main street and where the big insurance agent has been keeping "bachelor" apartments for some time.

Mr. Jos. Borinsky is renovating the exterior of his residence on O'Brien Avenue, one door south of the Baptist church. The large veranda is being removed and replaced with a smaller, more modern structure, while the brick walls will be finished with stucco.

### R.C.A.F. Officers Visit Lions Club

Stouffville Lions Club was graced with a visit from Lt. Currie, Flying Officer Douglas and Provincial Secretary Boyd, all connected with the Air Cadet League of Canada, at their opening fall meeting on Monday night at the Village Inn. Each spoke briefly on the expanding work of the League, and commended Stouffville on the rapid growth of their squadron No. 94. The new president of the local Club, Mr. Gordon Bailey was in the chair.

### \$2,750 Bid for Bungalow But No Sale was Made

The Fred Betz bungalow on Main street east near the school was offered by public auction on Monday afternoon by the veteran auctioneer, W. F. Marquis, Uxbridge. The property, a solid brick building was bid up to \$2,750 by Chas. Watson of Goodwood, and up to this point bids were fairly plentiful, but that seemed to be top price. When the reserve bid was learned by the auctioneer he announced there was no sale. The property is in the hands of Harris & Harris, Solicitors, Oshawa.

### Help! Help!

There is a large acreage of carrots growing right on the borders of Stouffville, a great percentage of which may be lost if help cannot be obtained to take them from the field. Brillinger Bros. have authorized the press to make the fact known to everybody, and to invite the business men, the retired gentry, school boys and any others who can give a few hours to help save this crop, to come along any day and give a helping hand. The situation is serious, so do not delay in offering your services. If you cannot put in a day or two, probably you could work for half a day or a few hours. Call 173 or 174 by phone.

There are a few places or entrances to stores that ought to have a small light, to show up steps or risers of any kind, that folks might trip over in the dark. The saving of lights is not entirely a blackout and small lights are permitted at store entrances if they are there in the interest of safety. After looking over the business section on Saturday night one had to admit that a great deal of the street lighting in this area was done by the merchants. The bulbs used in the street lamps behind the globes are only 100 watts whereas they should be 200 watts, but they cannot be increased until after the war at least or until there is more power available.

Mr. and Mrs. E. J. Davey were in Lindsay on Wednesday where Mr. Davey attended the C.N.R. Veterans' Association meeting, of which organization he is the vice-president. Mrs. Davey had an opportunity to visit friends in the northern town.

### INSPIRING ANNIVERSARY SERVICES SUNDAY

Rev. J. R. Mutchmore, head of the social service and moral reform for the United Church of Canada preached the anniversary services in the Stouffville church last Sunday, and was greeted by very good sized congregations morning and evening. As has been reported in previous issues, this was the 100th year of the founding of the first congregation, and the 50th year in the present church. The choir was enlarged by the return of many former members. Mr. Murray Huntley of Queensville and Mr. Carl Boudway, member of the choir, were the soloists. Mr. Mutchmore gave two splendid addresses, stressing the need for steadfastness in the morning sermon as patterned after Moses, and in the evening his address was aimed at young people under the theme of "Measurement and Order," as gleaned from the book of Ezekiel. A special collection for \$500 was more than met.

Temperanceville United Church anniversary last Sunday celebrated 130 years of service, being one of the first protestant congregations established in Upper Canada. The present church structure was built in 1897 under the pastorate of Rev. Herbert Lee retired minister of Stouffville.

**FREE HELP ON HOME REPAIRS**

Your C-I-L Paint Dealer has a new free aid to help you keep your home in good condition... the "C-I-L Home Repair Guide." This 16-page booklet is designed to help you in these days when you must do your own repairs and odd jobs.
