Clifford Barkey publicly dedicated their children to the Lord. Large congregations were in attendance at each service, and the retiring pastor exhorted his listeners to faithfulness in Christian duty and service, to a wholehearted yielding to God for the utmost in living. A wide circle of friends both in and out of the church was made by Mr. Lehman, and he leaves with the good wishes and prayers of the churches and communities he served.

The chairs were carted by C. Cadieux and the wood was drawn by George Lee.

### OFF THE TRACK AT GORMLEY

School children who are accustomed to going north up the track from Gormley as a short cut to school, and thereby saving an extra mile or two of a walk, are now forbidden to trespass on the C.N.R. any longer.

Trouble came when one of the youngsters hurled an apple core at a passing train, which evidently found a mark with one of the passengers. (Railway police investigated, and a ban on walking the tracks is the result. A case of one lad's error spreading punishment over half a dozen or more, said one Gormleyite.

Some Gormley parents now want their children transferred to the Markham Gormley school, which is closer to the village.

### GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL? For you to attend the church when you would not live in a community without the church? If the church is the backbone of any community; the center of all our best life, thought and development; the greatest builder of private and public confidence; the soul's school for a character that will live through eternity; and the giver through its membership of more than 50 per cent. of all charity—is it a square deal for you to let others do all this for you and carry your dead weight burden?
