GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL? For you to neglect the church when you would not live in a community without the church? If the church is the backbone of any community; the center of all our best life, thought and development; the greatest bulwark of private and public conscience; the soul's school for a character that will live through eternity; and the giver through its membership of more than 80 per cent. of all charity—is it a square deal for you to let others do all for you—and carry your dead weight beside?

MR. FARMER: You have increased your Pork Production by 119 per cent. You have increased your Beef Production by 20 per cent. You fed all the grain you had last year. There is more feed grain in Canada this year than can be fed. There is a market for all the hogs and cattle that you can feed this year. Average prices for hogs and cattle during the coming year will be higher than the average for the past year. We know that you will continue to produce all you can. Your splendid war effort is appreciated by Canada and the United Nations.
