**PREPARE TO SPEED
SALVAGE CAMPAIGN**

Ontario County Council last week pledged its wholehearted support to the national salvage campaign in the gathering of iron and steel for war purposes.

After hearing details of the plan, and the urgency of the need, outlined by Captain W. Frank Mesley, of the salvage campaign office at Ottawa, it was decided that the next few days would witness great activity throughout the county.

Heads of school sections will undertake to have farmers get together scrap iron and steel and haul it to the nearest school yard from which point it will be sold, the money to be used for patriotic purposes. It was decided to try and have this work accomplished before December 15 when real winter might set in.

**THUNDERING GOOD
FELLOWS SAYS ENGLAND**

Mrs. Abell of Ringwood has furnished us with a clipping sent by one of her sons from England which indicates the way in which the British there have been appreciating the aid of the Canadian soldier in getting off the harvest. Here is the reprint from the Express:

"Farmers in south-east England, having reaped and stored the finest harvest in history, are now paying tribute to the magnificent help given them by Canadian soldiers during the summer.

Lord Monsell, South-East Regional Commissioner, told me yesterday: "Our farmers would have been in very great labour difficulties if it had not been for the help of the Canadians. Most of the men had experience of Canadian farm work, and our farmers regard them as thundering good fellows."

The Canadians worked in large forces from the first haysell to the carting of the last load of corn. Since then they have been lending a hand at threshing and baling and many are now helping to lift potato and root crops.

Some of their work has been performed as part of their military duties, but many of them devoted their leave-days to voluntary work in the harvest fields. In a few cases, so eager were they to help, they walked from farm to farm until they found work.

Lord Monsell said that apart from their land work the Canadians have rendered grand service in civil defence. "At every bombing incident," he said, "the Canadians have been among the first on the scene, anxious to lend a hand, ready and willing to take instructions from whatever officer was in charge. "Fine fellows, fine workers and fine soldiers."

**VICTORIA SQUARE MAN
CHARGED WITH SUGAR
RATION VIOLATION**

Louis Stoutenburgh, 69, Victoria Square, charged with making misrepresentations in a ration card application to the wartime prices board, was remanded a week for argument and judgment in police court at Newmarket. Defence Counsel Harry Rose, asked for the adjournment so he may complete arguments for the defence.

George F. Tuft, Toronto, investigator for the board, stated Stoutenburgh had made application for a ration card in the name of Joan Marie Paul, aged two. "The child did not live at his home but merely came there every Thursday with her grandmother who did the washing. Both Mr. and Mrs. Stoutenburgh became attached to the child and included her on their family ration application.

"A card was issued to the Stoutenburghs in the name of Joan Paul Stoutenburgh," Mr. Tuft testified. "At the same time a card had been issued to Joan Marie Paul on application of her grandmother.

"Mr. Stoutenburgh was very repentant for what he had done, and showed me the temporary ration card from which only one sugar coupon had been detached. The permanent ration book had not even been touched. He gave me a statement in which he said: "It was the last thing in my mind to be crooked. I am sorry I did it."

Born in the Listowel district she spent most of her life on the farm east of town. Mrs. Drewery does her own household duties, and does not ask help from any source. May she long be able to retain her very good health and remarkable strength for one of her great years, is the wish of Mrs. Drewery's many

Honor "Dirt" Farmer Administration

The Tribune attempted to get a picture of Warden Toole with Commissioner James Rennie and Commissioner Weldrick, forming the "dirt" farmer trio, but when the plate arrived we find Reeves Rennie and Weldrick missing, and Dr. G. I. Christie, head of the Agricultural

College, Guelph, alongside Warden Toole. Reeve Gardener of Forest Hill is at the left of the picture. Commissioner Rennie and Reeve Weldrick got lost somewhere between the camera picture we had taken and the cut maker.

**FORMER RINGWOOD FARMER
HAS 8 GRANDSONS SERVING**

Mr. and Mrs. James Gould celebrated their 62nd wedding anniversary on Monday at their home in Newmarket. Mr. Gould is 88 and Mrs. Gould 79 and both are in good health.

Three of their children and over 20 relatives were present on Sunday, while others were present on Saturday and Monday, according to the Newmarket Era. All of the eleven children of the family are alive. They have forty-three grandchildren and twenty great-grandchildren.

"This year transportation difficulties and war work kept some of our family from being present, but we have heard from them all," said Mr. Gould. Mr. Gould still takes exercise daily and this year put in a garden. Mrs. Gould, who is confined to the house most of the time knits for her grandchildren and great-grandchildren.

For over eighteen years the family have resided at Newmarket,

going there from Ringwood. Mr. and Mrs. Gould are members of the Aurora Baptist church.

With eight grandchildren serving in the armed forces, one rejected for active service and several more likely to enter the present conflict, Mr. and Mrs. Gould take a keen interest in the war.

"I look for a long war yet but I think the tide has turned in our favor," said Mr. Gould.

Three of their sons served in the Great War.

All branches of the family are represented in the present conflict. In England are Pte. Ernest Yake and Pte James Yake. In Canada is Corporal Murray Yake, in Manitoba with an infantry unit. They are the sons of Mr. and Mrs. O. Yake, Mather, Manitoba.

With the R.C.A.F. in Alaska is LAC James Rae, son of Mr. and Mrs. Stewart Rae, Lemonville. Pte Gordon Major is with an infantry unit in British Columbia, while James Major was discharged because of ill-health. They are the sons of Mr. and Mrs. Russell Major, Orono, former

A STATEMENT about BUTTER

In spite of the fact that in some Canadian cities butter supplies recently have not been sufficient to meet the greatly increased demands, the situation does not constitute an emergency; nor is it as serious as some people seem to think. There are two main causes for these temporary and local shortages:

For the past year we have been consistently using 10% to 15% more butter than in normal times—with consequent disturbance to the distribution of our butter supplies.

Many people have been buying more butter than they currently need.

The limited nature of the present shortage is shown by the fact that if every home would reduce its consumption of butter by only one ounce per person per week (for the average home this means a quarter of a pound a week)—or if we reduced our national consumption to the peacetime rate—the shortage would soon disappear.

There is no Reason for Panic Buying

It is unpatriotic and unnecessary for housewives to rush out to beat their neighbours to the nearest grocery store. Butter will not be rationed to meet the present situation. Butter production is actually above normal for this time of year. The Board itself is taking special action which it is believed will speedily restore normal supplies in retail stores.

These supplies will, however be adequate for normal consumption, if housewives in all parts of Canada co-operate.

You can help in these ways:

Scrupulously avoid waste and extravagance. Waste is wrong at all times. In time of war it is sabotage.

Reduce present consumption of butter by at least one ounce per person per week—(for the average home this means a quarter of a pound a week.)

Do not buy more than is needed for immediate use.

HOW TO SAVE BUTTER

AT MEAL-TIME

1. Use butter only for spreading on bread.
2. Never use butter just out of the refrigerator. Wait until it is soft enough to spread easily.
3. Add a small amount of milk when creaming butter for sandwiches.

IN COOKING

1. Do not use butter in baking and cooking, when lard, shortening or meat dripping can be used.
2. Use level measurements of butter. Guesswork means waste!
3. When adding cheese to a cream or white sauce, use only half amount of butter stated in recipe.
4. Use paper wrappings from butter to grease baking dishes.
5. Do not use butter for re-warming vegetables.
6. Serve meat gravy to avoid the use of extra butter on potatoes.
7. When adding butter to vegetable dishes, add it sparingly. Do not melt it and then pour on.
