

## Happy New Year

As the year 1942 slips from us and we enter the New Year let us pause for a minute of reflection. The past year has been one of many and swift changes from dark despair to brighter hopes. As a nation of the allied cause we have seen dark days but have much more reason now to look for a brighter future. As a people we have accepted the inconveniences of wartime restrictions with cheerfulness knowing that they are as nothing compared to what our allies are suffering for freedom's cause. Our homes are still intact though many of our boys and girls are serving abroad.

To all our customers, we owe a debt of gratitude for your continued confidence and loyalty to this firm which has served you for over fifty-two years. It will be our constant endeavour to keep you supplied the coming year.

Now, as we begin the New Year with the brightening rays of the dawn of peace in the sky though much suffering come first, let us renew our faith in God and go forward with the confidence that He will lead us to victory.

Our staff joins with us in the wish that Health and Happiness may attend you throughout 1943.

## FARM BUTTER-MAKERS ASKED TO KEEP WITHIN THE RATION

Butter has taken its place with tea, coffee and sugar on the list of rationed foods. Eight ounces or half a pound of butter will be the individual weekly allowance for all holders of ration cards and the brown coupons marked "Spare C" will be used for purchases of butter. Unlike the coupons used for sugar, tea and coffee, the butter coupons will expire on a definite date.

Farmers who make their own butter for use at home must keep within the ration and must detach coupons from their books and forward them monthly, to the nearest rationing office.

If dairy butter is sold by farmers to neighbors or on the local market the farmer must collect coupons from his customers and must forward them each month to the local rationing office.

All farmers who make butter on the farm, must register with the nearest local ration office as producers of butter before Jan. 31st.

The bright side of butter rationing for dairy farmers is the news that the subsidy, now being paid on all cream delivered to creameries for butter, will be increased from six to ten cents a pound, butterfat. This ten-cent subsidy will remain in effect till April 30th when it will go back to the six cent level. It will not be paid of course to farmers who make their cream into butter at home.

Canadians, always large butter eaters, have bought greatly increased amounts of butter during 1942. The allowance of half a pound per person per week represents the approximate pre-war consumption.

## Goodwood

The services in the United Church Sunday evening were cancelled owing to weather conditions.

Soldiers home for the Christmas holidays were H. Walker, Almyer Cooper and Harvey Feasby.

Miss Jessie Reid of Toronto, spent Christmas with her parents.

Mr. and Mrs. Scott of Toronto, spent Christmas with their daughter, Mrs. Ted Hall.

Mr. Ronald Darling and son of Toronto, spent Christmas with his parents, Dr. and Mrs. Darling.

Mrs. Chas. Harper had her daughter with her husband and son, Barry from St. Catharines, home for Christmas.

We are sorry to report that Mr. Wm. Todd, who went to Toronto to spend Christmas with his daughter, Mrs. Geo. Rodanz, was taken ill and has been in bed there ever since. We hope soon though to see him home again and in his usual good health.

Owing to the icy roads some of the visitors for Goodwood got to Lemonville by motor, but the roads were so icy they turned back rather than face the hills. Several motor cars had to be pulled out of the ditch and the Rae tow truck was kept busy all day Sunday.

## SHORT COURSE DATES

With the production and sale of new farm machinery rationed at 25 p.c. of the 1940 sales every farmer will be obliged to put his implements into the best possible running order this winter to save any avoidable delays next spring and summer. The Ontario Department of Agriculture has arranged through the county Agricultural Representatives, local councils and agricultural organizations to hold a series of two-day short courses in 240 centres across the province.

Eleven courses will be held in York County, with approximately one per township during January. The farmers, young and old are urged to get their chases done up early and be at the classes by 10 a.m. as the programme must start on time to get all the work covered in the two days.

According to W. M. Cockburn who is organizing the work in York County a very competent staff of experienced farm machinery instructors will demonstrate the repairing and adjustment of mowers, plows, binders, knotters, tractors, rope splicing and repairing, slides showing new and novel labour saving devices. Details of the program will be sent on application to the Department of Agriculture, Newmarket.

The places and dates in the local neighborhood are:

Pefferlaw, January 5-6  
Sharon, January 11-12  
Vandorf, January 11-13

## 2nd Line Uxbridge

May we take this opportunity of wishing the Editor and staff, also all the correspondents who help to make the Tribune more interesting week by week, a very prosperous New Year.

Now Christmas day has come and gone

A day we hold so dear,  
A day of mirth and gladness,  
May it last throughout the year.

Tho' many a home was lonely,  
In spite of all gifts and joys,  
And many a prayer was spoken,  
For their absent friend and boys,  
And may God give them health and strength.

This year as they battle through  
And trust the coming year will bring  
them safely home to you.

Congratulations to our teacher Miss Stamps on her school concert, which was excellent all through.

The kiddies were well trained and deserve praise as well. The lucky winner for the quilt was Gordon Yakely of Island Lake. Over thirty-five dollars was realized and again we say thanks a million everybody.

owns the only pair in the township, so perhaps his patience will not come amiss at times in his new job.

Bob Brown, our genial merchant, is offering us New Year greetings in a special space in this issue. We are fortunate in having a live merchant to serve us. So many country store centres cannot boast of that.

Josh Stickwood who always nominated Earl Toole from the time he entered council until he ascended to the warden of York, started Les Harper off on Monday and nominated him for office. Mr. Stickwood did say he came to the meeting for the express purpose of nominating Mr. Toole but he interviewed him on the route down and learned he would not be a candidate this time.

Mr. Isaac Morton, former resident north of here was down from his new home in the Lindsay district, looking well and with his usual cheerful and helpful outlook. He spoke to the electors at the nomination on Monday, once being a councillor in our township.

## FARMER PREVENTS THEFT OF CAR TIRES

A farmer on the 6th concession of Whitechurch, whose name police are withholding pending solution of the case, by his vigilance saved thieves from stripping a stolen car of its tires and accessories early last week according to a report published in Newmarket Era.

Over the weekend a car stolen in

Toronto was driven into the country and was abandoned when it ran out of gas. The farmer noticed it parked there but thought the owner was in the vicinity. Next day he again saw the car and when another car drew up and two men began to remove the spare tire and wheel he became suspicious and approached the car. On seeing him the thieves quickly made off.
