Mr. Allen Prouse was still on the job at Claremont Continuation School this week, as the local Board awaited the decision of the Selective Service Board, through which department Mr. Prouse has received another military call. An appeal has been made for a further extension which would at least allow the principal to continue until the summer. School attendance on Monday was at a minimum, and the second teacher in the Continuation School Mrs. Laushway failed to arrive. Mrs. Laushway travelling with the Tribune representative made a valiant attempt to reach the village but found the going too tough when they got within a couple of miles of town, and found the way block- ed by Barclay's plow which was also marooned just south of the 8th concession.

He was only one of dozens who went north to this sale. Many of the animals or articles found new homes in Markham. Joe Cooney of Stouffville bought the bull for \$90.00, while another buyer paid \$17 for the bull calf at the side of the high priced cow that sold for \$175.

COUNTY ASKED TO ACT ON FARM LABOR PROBLEM

Adopting a suggestion made by Premier Gordon D. Conant, that Ontario County might give leadership to other counties in formulating plans to alleviate the critical farm labor problem expected to develop this summer, Ontario County Council Friday afternoon set up com- mittees in the north, centre and south parts of the county to co- operate with any organizations that might be set up in the urban centres by the Provincial Government.

These committees are to foster and assist a local committee in every urban centre of the county to secure any available farm labor. Reeves and deputy Reeves of urban mun- icipalities within the county were requested to assist in organizing farm help committees. Members of council expressed the opinion that the farm labor situation in Ontario this year will be more acute than last year. All available help will be re- quired if crops are to be cultivated and harvested.

\$50,000 EXTENSION PROGRAM FOR HOLSTEINS

Determined to make an all-out effort to boost the production of Dairy Products in Canada, the directors of the Holstein-Friesian Association of Canada have decided to spend \$50,000 for extension work during 1943. The decision to allocate this amount, the largest yet used by the Association for a single year's extension work, was made because of the general belief of the directors that only by getting the very best out of their cattle could the dairymen of the country hope to meet the high production goals set by the government for 1943. It was felt that the Association's expan- ded field service could be of great assistance in this regard. To super- vise this work, C. D. Graham has been appointed as Director of Extension Service. He will be charged with supervising and correlating the extension programs in the different provinces.

Mrs. Jas. Malcolm Dead at Markham

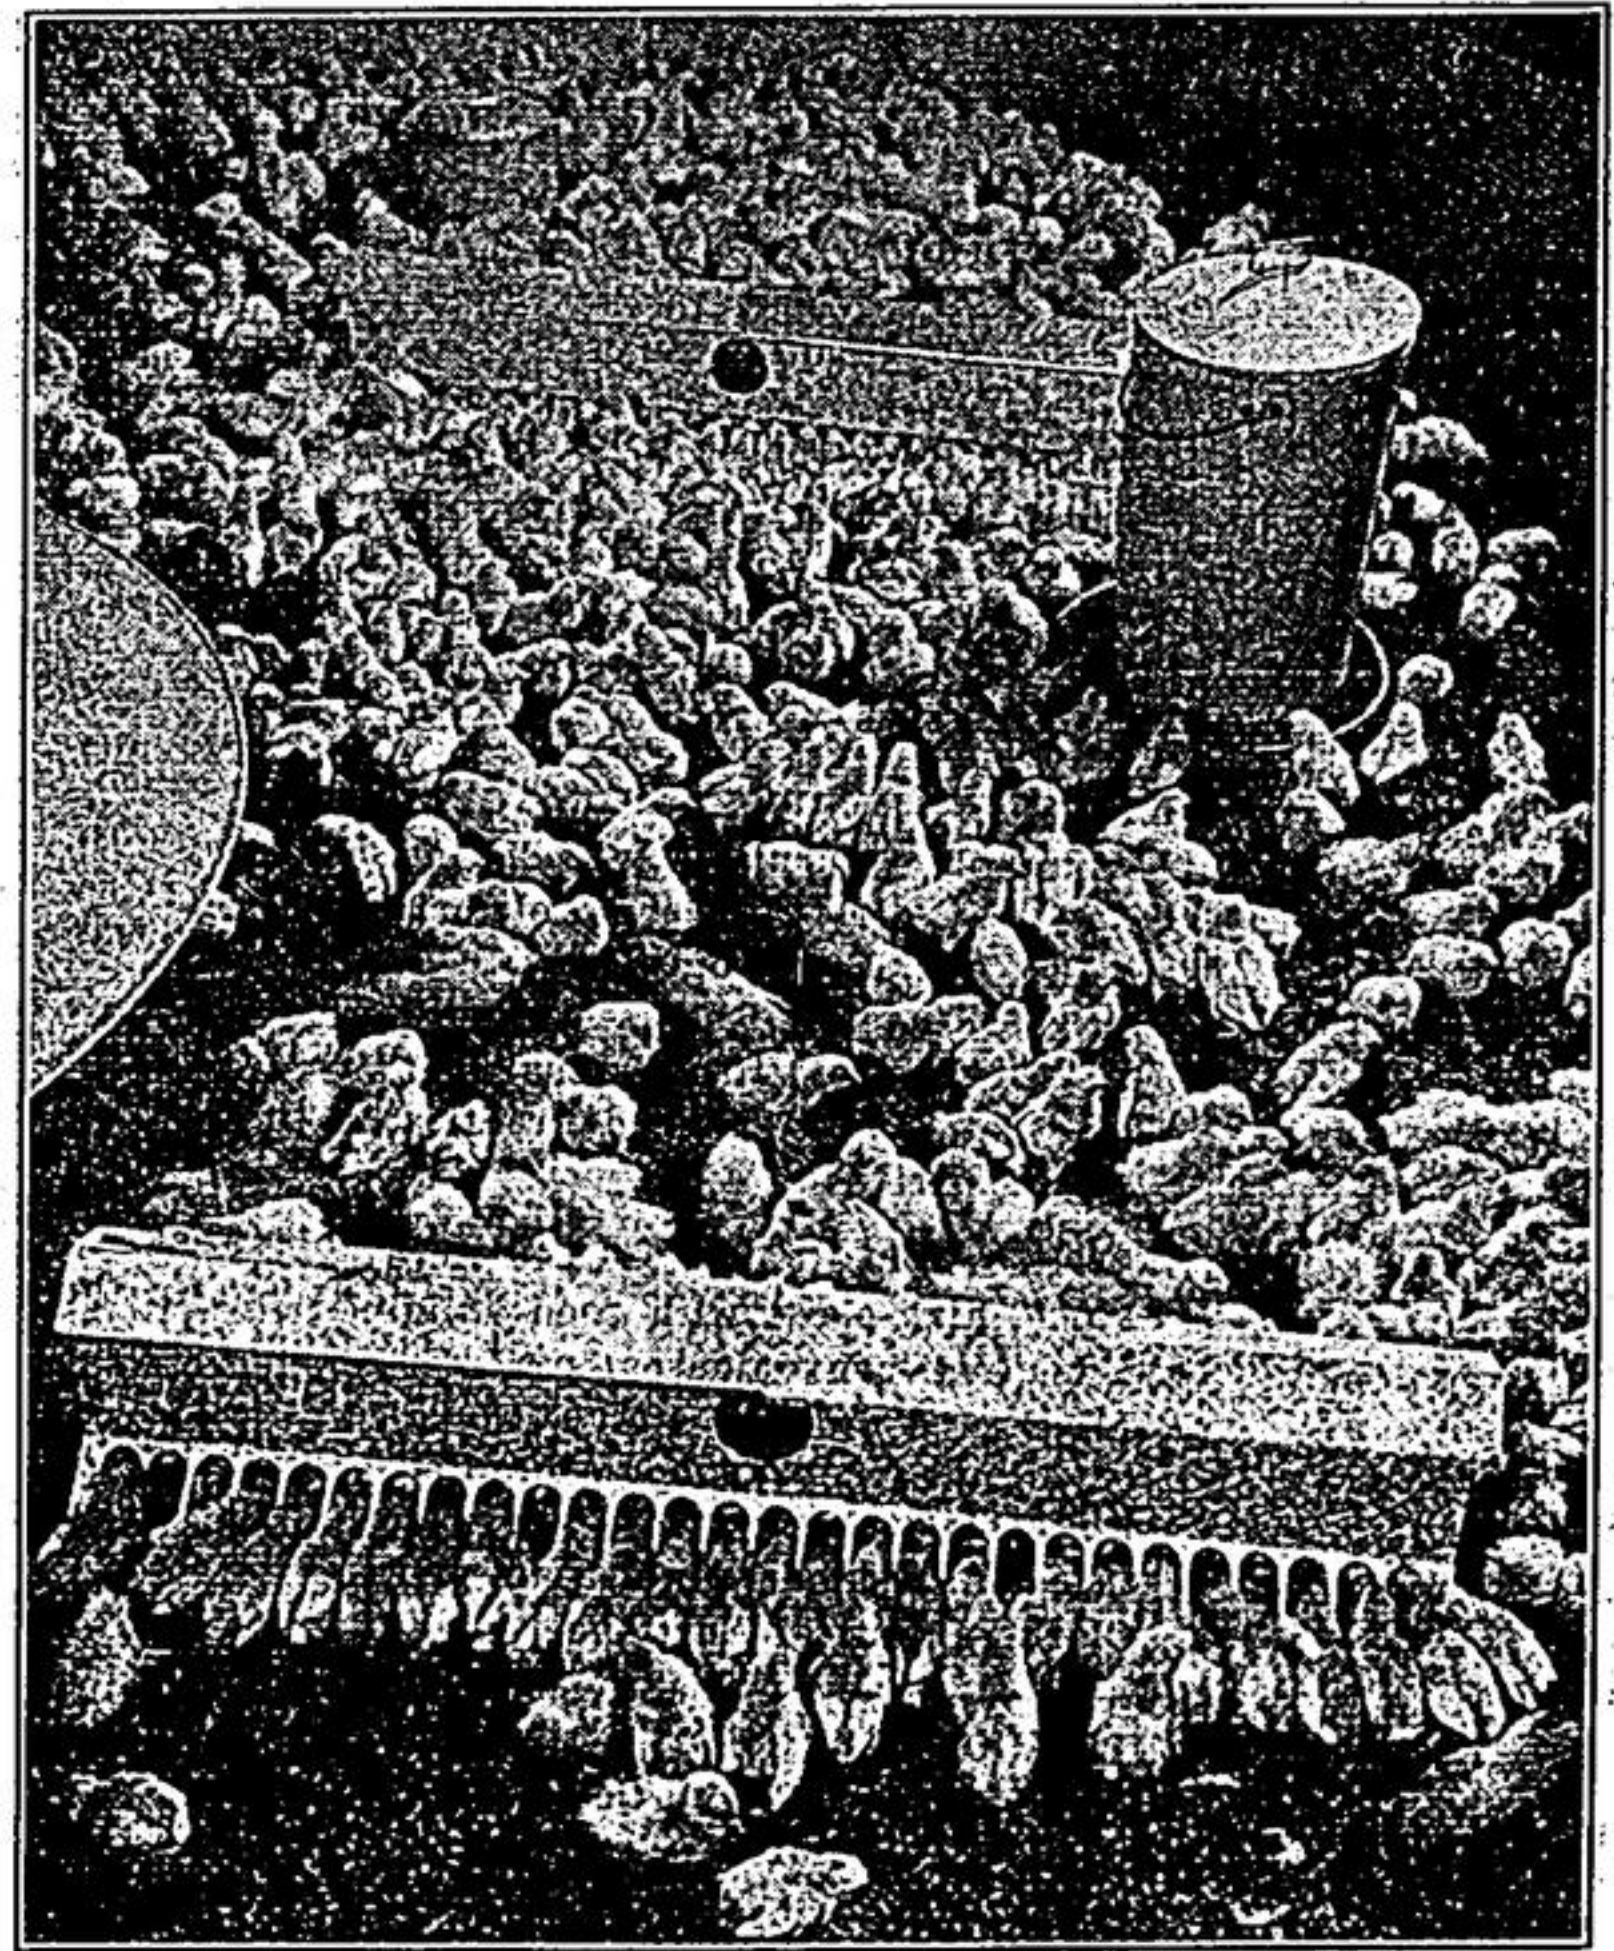

The death of Mrs. James Malcolm in Markham village last week re- moves one of the older pioneer resi- dents of the township from active life. Born of early settlers to the Cedar Grove district she spent all her long life in the locality. Mrs. Malcolm was in her 84th year. Her husband predeceased her six years, and there survives a family of three namely, Rev. W. J. Malcolm of Three Rivers, Mich., Rev. Charles A. Malcolm of Chatham, and Miss Anne at home. Mrs. Malcolm is also survived by one sister Mrs. Duncan of Brougham. The late James Mur- rison of Stouffville was a brother of the deceased. The funeral was at- tended from Stouffville by Mrs. Murrison, sister-in-law.

MRS. MARIETTE BURROWS found out the cause. A sick liver gave her dizzy spells, sleepless nights—made her always tired and constipated. Fruit-a-lives quickly made her strong and healthy again. Just try them. Fruit-a-lives are Canada's Largest Selling Liver Tablets.
