Mrs. Sam Pearce who has been spending the winter months with her daughter Mrs. Andrew Brooks, is confined to her home with a severe cold.

An undisclosed party is understood to have dug some potatoes from their garden here last week and found them to have wintered perfectly. The party in question was running short of murphies and remembering a few they had not dug in the fall, thought they would have a look at them. There proved to be practically no frost in the ground and the potatoes cooked up fine.

The evening service was withdrawn at the local Baptist Church again this past Sunday evening. Although Rev. Daniel was thought to have fully recovered from his recent fainting attack, he is believed to require still further recuperation, and thus the burden of two Sunday services was removed. Beginning next Sabbath, the Sunday School hour will begin at 10.30 rather than 10 p.m. as heretofore. Church service will be at 11.30.

Latest report on Mr. Walter Prouse, principal of Claremont Continuation School has given this popular school head until the summer holidays before he must report for military duty.

Thirty below or not, two muscovy ducks belonging to a farmer just north of the village, stole away a week ago and nested a couple of dozen eggs which they began to set on. "Clucky" ducks in February are quite a rarity, we imagine.

The regular council meeting of Pickering Township Council will be held at the Township Hall,

Brougham on Monday afternoon, March 1st.

Miss Isobel Collard of Stouffville who has been on the office staff of the Sarco Co. plant here for two years, has given up her position since the recent death of her father, and will make her home in Toronto.

The regular meeting of the Claremont Women's Institute was held at the home of Mrs. Ben Kilpatrick last week. Chief topic "History of Our Creed" was given by Mrs. Jos. Farr while Mrs. Hooley took the subject, "Community Activities." Mrs. Don. McCullough covered, "Current Events," and Mrs. John Gregg, "The latest news on the Price Ceiling." Mrs. W. Evans entertained the ladies with a piano solo. It was decided that the society should make a grant to the local library, the amount to be \$15.00. The next meeting will be at the home of Mrs. H. G. McIntyre and all ladies of the community are urged to attend.

Mr. Jos. Farr had to make a hurry-up call to Hamilton on Monday morning for repairs for the power engine at the elevators here. The plant broke down on Saturday and work was suspended in the chopping mill until the necessary parts could be obtained from Hamilton.

Catches Big Woodchuck

The warm weather last weekend had its effect on our animals, bringing them into the open with promises of spring. A big woodchuck tipping the scales at 11 pounds was pounced on by Robert Dawson's collie on Saturday and brought in as proof that spring cannot be too far away.

Brock Road Farm to Go Under the Hammer

The 140-acre farm owned by George Zimmer, situated on the Brock Road, just north of Brougham will be offered for sale by public auction on Saturday, March 6th at 3 p.m. There is a solid brick house on the place, a new steel barn, modern hen houses and other outbuildings. Hydro is installed both in the house and barns. The farm is being offered subject to a reserve bid and will be sold by auctioneer Clarke Prentice.

Ice-Cutting Underway for Creamery Here

Morley Symes Goodwood ice-cutters moved to Altona pond on Monday where operations were commenced to cut 750 blocks of the frozen water for Fred Evans' Creamery at Claremont. The Norton and Feasby trucks are doing the hauling job for the local firm. "I believe this year's harvest is the poorest

PRETTY DAUGHTER

A pretty fair-haired daughter of a military family is Private Charnian O. Sansom, daughter of Lieut. Gen. E. W. Sansom, commander of the Canadian Armored Corps overseas, and one of the four senior officers holding the highest rank in the Canadian army. Pte. Sansom has served as a clerk with the ordnance corps in Ottawa.

"I've put in 20 years," Mr. Evans told The Tribune. The ice is about 18 inches thick, but with considerable shale and snow. Heretofore Mr. Evans has cut ice from White's Pond at Goodwood.

Uxbridge Township Boy in North African Battle

The following is taken from a letter received by Jos. Stephenson from his son Corporal Oscar Stephenson, R.A.F. who is now in the fight for North Africa. Written Dec. 10th, received February 13th. "Over here we are really busy. I am almost in the thick of things in North Africa. We are just behind the front lines and kept on our toes all the time.

The country here is interesting although I care little for the climate—The days are hot and the nights very cool. We have plenty of fresh fruit in the form of oranges in fact, all we have to do is pick them off the trees and pay a franc a piece for them, which is plenty cheap enough.

The farmers here are mostly Arabs and French, the sources of land power are oxen, mules and a few horses. It usually takes eight oxen to pull a single furrowed plough and to me it seems to take them several minutes to go a few yards.

We had a very uneventful trip here, but have seen plenty of excitement since and I am enjoying it immensely but keeping my fingers crossed. It seems very strange to be in a country like this at Christmas time. I think I shall try to celebrate the event by taking a swim in the river."

URGENT!

Great Britain asks for seventy-five million dozen EGGS from Canada in 1943.

That is nearly one-third more Eggs than there were produced in Canada last year.

This task can be accomplished best by every producer striving to get more Eggs per hen.

The average production per month in Canada last year was nine eggs from each hen. Two more eggs per bird per month will do the job.

Check your hen and see if she is earning her keep, or else raise more hens.
