## NO BEGINNERS After Easter

The Stouffville School Board ask that parents refrain from sending beginners to the Stouffville Public School until the beginning of the new term in September. The Board consider that the lateness of the term, and crowded classes make it advisable for all beginners to commence in September.

There will, therefore be no Beginners' Class after Easter.

### Seldom Seen

Our maple syrup run is over for another year. In fact it hardly started this year at all and we are rather lamenting the fact that we even made syrup at all. In other years we've had a hired man and while he looked after the chores and came back to the bush now and again to help out, I would do duty in the sugar shanty.

However, we will have a few gallons of maple syrup to show for our work. The stock will all be happy to know that the syrup season is over because their meals have been rather sketchy and off-time during the past week or so. The cows went a little off their milk because one day they would be milked at six o'clock in the evening and the next day at about nine or ten o'clock.

There's something fascinating about a sugar bush. The air is beginning to get warm and the crows set up a dinkens of a racket in the swamp. The robins are quite cheery and happy about the whole affair. A few squirrels and chipmunks are dashing along the rail fences, looking over secret caches of provisions I guess, and above all quite happy about everything in general.

The patches of snow that still remain in the bush are about all that's left to remind you that winter held us in a long and tiresome grip. The smoke from the shanty goes swirling off into the vast nothingness of the blue-grey sky. School-children dawdling along on their way to school, usually take a long way "short cut" home so that they can come along and possibly try a little of the fresh made maple syrup on a dish.

Maple syrup is somehow or other the break between winter and spring. No matter what kind of weather we get after the maple syrup season, it never seems to be very long until the buds come out and we have a real spring session... work and seeding and all that.

There was a time, not so long ago when the maple syrup season was one of the best times on the farm. Help was plentiful. There would be company at all times of the day and night at the shanty. Young fellows from the village would beg to get the chance to gather sap and then spend the night while we "boiled it off." With a raging fire going in the old stove in the shanty we would yawn and play cards and then have a tremendous big midnight meal of eggs boiled in the sap along with plenty of syrup still warm from the pan. On cold nights we used to even burn parts of old rubber tires which were carefully hoarded up for that job during the spring and summer.

The young men are gone. There isn't even help on the farms. It is a crime now to burn a tire for a purpose like that.

## Re DOGS RUNNING at LARGE

### Melville

Read the church notice for special Easter Services.

We deeply regret to hear of the death of the Rev. Robert Young, a former minister of the Melville congregation, and we extend our sincere sympathy to Mrs. Young and the other relatives of the deceased.

The Melville United W.M.S. held two quilting bees last week, one at the Manse on Wednesday, and the second one at the home of Mrs. D. Jarvis, on Thursday, and two fine quilts have been completed for the missionary bale.

Next Sunday, Easter Sunday, the three United Church congregations of Melville, Bethesda and Peach's will join together in a union Easter Communion service in the Melville Church at 11 a.m. There will be special music by the choir and the elders of the three churches will take part in the service. We expect a full church for this service. Preparatory service will be on Good Friday at 8 p.m.

The Melville Y.P.U. held its meeting on Friday evening at the home of Mr. and Mrs. Hobbs with a good attendance of members and visitors. The vice president was in the chair, Mr. Jack Nigh, and the programme was in charge of Willa and Dixie Forrester. A very fine address was given by Mrs. Rowan of the Baptist Church. A social half hour was spent and the hostess, Mrs. T. Hobbs served lunch.

The Cashel Red Cross Unit held a successful Box Social at the home of Mr. and Mrs. Ed. Nigh on Tuesday, April 13; when a large crowd gathered to enjoy the good programme arranged by the committee. Rev. A. J. Orr acted as chairman, and the programme consisted of violin selections by Mr. W. Brodie; vocal solos by Jean Martin and Mrs. A. Miller; readings by Mrs. Smith and a piano duet by Rena and Velma Miller. Clarke Prentice was the auctioneer of the evening and there was good bidding for the quilt offered for sale which went to Mr. F. Baggs for \$6. There was brisk bidding for the well-filled lunch boxes and the sale amounted to \$66.50. Winner of the lucky draw for a beautiful quilt was Mrs. Walton of Scarborough, and about \$73.35 was realized for this one. The Cashel unit has also done very well in its contributions to the Red Cross and which will be an increase over 1942. Total for box social \$146.70.
