Jupp Construction Co. are proceeding with the paving of the strip of road between the 8th con. and the 7th con. of the Brock Rd. just south of Claremont. LIGHT DIVISION COURT PEOPLE LIVE AT PEACE

There was not a single case down for public hearing at the sittings of last Friday, hence His Honor Judge Coleman was detained only a short time dealing with a couple of debtor cases, one of which was adjourned. With no cases on the docket, one is led to the belief that we have a very fine lot of people in this district, folks who can get along, settle their own disputes, and live happily together. Good times naturally are a great aid to this end, for under adverse circumstances and strained conditions people are led to do what they would never do under normal circumstances. That's why the fellow who owes every merchant in town gets to be known as the biggest liar in four counties. Many people who condemn him would probably lie like he does if they were forced into a similar position. This is no excuse for the wrong doers, but it is a fact that when people are given a chance to make an honest living few will seek a dishonest means of life.

Ex-Mayor of Oshawa Chosen by Liberals

The task of keeping Ontario riding in the Liberal column at Queen's Park where it has been for many years was entrusted to J. Carl Anderson, K.C., well known Oshawa barrister and ex-mayor of the Motor City, at one of the largest attended and most enthusiastic nominations held in years, held in Whitby town hall last Friday. Mr. Anderson won the honor in a close contest with James Heffering, prominent Pickering Township farmer, manufacturer's agent and turf enthusiast. There were but four votes between the two candidates, Dr. F. L. Henry, Oshawa, announced on behalf of the scrutineers. This result was determined on the first count, and the race being so close, a recount was decided upon. The result was the same—Mr. Anderson was in the lead. It was eleven o'clock before the result of the second count was announced to the audience which packed the hall, and judging from the applause, it received hearty approval.

There were no fewer than seven nominated, which, according to Liberals of the old school, constituted a record in local Liberal circles. They were James Heffering, Pickering; W. A. Dryden, Brooklin; J. C. Anderson, K.C., Oshawa; Dr. W. H. Gifford, Oshawa; John Graves, Oshawa; Jas. Haxton, Oshawa; W. E. N. Sinclair, K.C., Oshawa. Five announced that they would not be candidates, leaving James Heffering and J. C. Anderson in the field. Owing to the large attendance it was no easy task to count the ballots which were placed in boxes loaned by the town of Whitby. Nominations were made from the floor of the house, and the convention was an open one. Every part of the riding was largely represented.

Oshawa Business Man Tory Candidate

George S. Hart, of Oshawa, business man and prominent in Motor City community life for nearly half a century, was unanimously chosen the Progressive Conservative standard bearer in Ontario Riding at the party nomination meeting held in Whitby. His election as the riding's next representative at Queen's Park was predicted by several speakers, among them none other than Col. George S. Drew, leader of the Progressive Conservative party in Ontario, who delivered the address of the evening. While many tributes to Mr. Hart were paid by others whose names were placed in nomination, Frank L. Mason, of Oshawa seemed to strike the most popular note when he referred to him as a good neighbor.

The gathering of over 300 party supporters from all over the riding, was presided over by T. K. Creighton K.C., of Oshawa, president of the riding Progressive Conservative Association.

FLIERS AND CADETS AWAITING POSTING NOW WEAR RED CAP FLASHES

Maybe you've seen airmen wearing red cap flashes similar to the white cap flashes which designate aircrew around here lately. Here's what it's all about.

Men posted to a manning depot awaiting posting to initial training school for aircrew training have been issued the flashes. Many of the boys have been doing ground duties in the R.C.A.F. for a couple of years, now are remustering to aircrew. They wear the red flashes.

Air Cadets awaiting posting to a manning depot are wearing them too. Those are the lads who have enlisted for aircrew, but who haven't actually entered the R.C.A.F. yet. They're waiting for an opening at manning depot.

It isn't difficult to distinguish between an R.C.A.F. man and an air cadet. Cadets have no lapels on their uniforms, instead they wear tunics which button right up to the neck. Instead of the albatross shoulder badge, air cadets wear the number of their cadet squadron.

EGG PRODUCERS NOW FACE PROBLEM

A recent issue of the Egg, and Poultry Market report issued by the Dominion Dept. of Agriculture states that next fall will be a real test of ability of Canadian egg producers to meet consumer demand. With current wholesale prices at Vancouver and Halifax within seven cents of the ceiling price and Montreal eight cents, Canadians continue to eat more eggs than ever before. Consumer demand normally falls off in the middle of October and November when storage eggs come on the market and higher prices prevail. "This year there are no storage eggs, and, with greater purchasing power, higher quality, and price not a restraining factor, consumer demand is likely to continue to an unusual degree. Producers are faced with the problem of providing the biggest possible volume of fall eggs.
