It Happened In Church
Here's one we can vouch for. The man sat down in a local church and set his hat down on the seat. "It rolled off and out into the aisle, coming to rest at last upside down. Several persons had noticed it. As it stopped, they saw a big piece of cardboard inside the hat. On it was printed in capital letters: "Like hell it's your hat. Put it back."—Fergus News-Record.

It is recorded in the 50-year column of the Uxbridge Times that Mrs. Jim Low of Lindsay gave an exhibition on the streets of that town as an accomplished bicycle rider before a big crowd of curious people.

Toronto-Ottawa 69 Minutes
Miss Ruth Badgero flew to Ottawa during her holidays. It was just 69 minutes from the time she left Malton airport until she alighted from the big plane at the capital. Return fare of \$28.00 is about 20 cents a minute for actual flying time.

Modern lighting is being installed in two or three rooms at the public school to bring them in line with other parts of the school that are well lighted. The old style lighting of one large central bulb was not good enough. The new lights, four to a room, are spaced and shaded in such a way as to leave no shadows, which will all be to the advantage to the eyes of the children. The town electrician, Horace Walsh, is doing the work.

Mrs. Harry Hilton with her two children, Jack and Lynn, have been visiting with her uncle, Mr. George Brown at Glasgow. Mrs. Hilton is a daughter of Mr. A. Although born in the West, Mrs. Hilton with her husband and family reside at Fort Erie.

Nathan Disgusted as Second "Lid" Mysteriously Goes

Disgust and suspicion were written over the face of our eldest citizen Mr. Nathan Forsyth as he left his accustomed place of worship in the United Church last Sunday morning when he realized after the service that someone had walked off with his hat, leaving an old, buster in its stead that didn't look just right on Nathan's mental dome, since it didn't come to rest until his ears came into play. As this was the second experience our Church street veteran has had of this kind, it has got past the joking stage for him. Over a year ago someone walked off with his headgear in the same manner, from the identical spot in the church vestibule, and of course leaving a hat that had spent its time as a becoming head piece before it was traded off on Mr. Forsyth. When the first hat was taken, it was by someone who had just heard a sermon preached by Rev. L. E. Atkinson, and on this occasion Rev. Eugene Beach of Ripley was in the pulpit. Nothing in the sermons preached, apparently deterred the offending hat-lifters from taking another fellow's lid, nor that encouraged people who pick up the wrong hat in error to return the felt to its rightful owner. In the eyes of the poet a stolen purse may only be trash, but in the opinion of Nathan Forsyth he lost a very good man's fedora that he didn't want to part company with in such a manner.

Miss Jessie Mahon, who rooms at the Brown Betty, is quite ill.

Dr. John Button left Wednesday for his post with the R.C.A.F. at Winnipeg, while his wife and infant daughter will make the trip back to the West by plane.

NEW FARM INCREASES FARM EQUIPMENT QUOTAS

An increase of 130 percent in the production and importation of farm machinery is to be allowed under a new order issued by the Farm Machinery Administrator of the W.P.T.B. The new quotas, which come into effect October 1st, are designed to help the Canadian farmer attain the farm production goals set for 1943 and 1944. Farmers are reminded that the increased quotas are not likely to have any appreciable effect on the actual supply of farm equipment before the 1944 crop-year. Producers are still obliged to compete with tank, gun and ship builders for the essential materials involved.

In a statement to the press Morgan Baker extended congratulations to the winner of the election in North York and said that he enjoyed the honor of representing the riding for nine years, and would continue to do anything he could for the best interests of the constituency. The raspberry crop is about gone for this year. The season will be long remembered for its abnormal prices. In Stouffville the price held steady around 18c. per pint box, and toward the end of the season, many quart of berries realized 60 cents. It is estimated that the amount preserved is away below normal, due to the high price and shortage of sugar.

Open Forty Years Ago
It is just forty years ago this summer when the Mennonites were preparing to open their present church building in town. At this period of the summer the building was well advanced in preparation for the fall opening. That was the summer of 1903. Quite a few of the elder members can recall the period when the church organized here.

There is still another son in the army, namely Jim Hall stationed at Brantford. Jim recently won a shoeshoe pitching tournament at the camp from a list of 20 contestants.

Ruth Oldham and Frank Moore Wed

A pretty wedding was solemnized July 24, at the home of Norman Oldham, Mount Albert, when Ruth Evelyn Jane, daughter of Mrs. Job Oldham and the late Mr. Oldham, became the bride of Frank Johnson Moore, son of Mrs. Thos. Moore of Greenbank, and the late Mr. Moore. The bride, given in marriage by her brother, W. Jagger, wore a floor-length dress of white triple sheer and a fingertip-length veil, and carried a bouquet of red roses.

Mrs. Ivan McLaughlin, sister of the bride, was maid of honor, wearing a floor-length dress of blue sheer. Clarence Johnson was best man. Two little nieces of the bride, Marion and Carolyn Oldham, were flower girls and carried bouquets of pink sweet peas.

Rev. W. Burgess officiated and the wedding music was played by Miss Ruth Windsor.

After the reception the couple left on a wedding trip, the bride travelling in a navy blue crepe suit with hat to match and blue accessories.

Wet weather the first three days of this week has retarded the harvest and will have the effect of holding back the late grains which were ripening too fast. However, the dampness is developing considerable rust in the grain.
