Spring Grain Output Poor in Pickering

Crop Situation Not Too Encouraging in Entire County if Early Reports Correct

Late sown grain in the Township of Pickering and in Ontario County as a whole is badly rusted, according to farmers with whom this paper has come in contact. The odd field is producing well, but in the majority of cases spring-grown grain will produce more straw than grain, and not too much of either.

Many farmers hired tractors at \$2 and \$2.25 per hour to work the fields this spring. Seed oats were bought at 90c a bushel and barley at \$1.25 and if the yield is very small there will be little return.

Looking at these facts it seems understandable that farmers were hesitant to hire help offered by the Selective Service, at sky-high rates of pay.

It was thought that these recent rains would help the crops somewhat, but as far north as Uxbridge, fields of fall grain are rapidly being destroyed by rust, we are told.

However, the rains have aided the tomato crop and it is hoped that urban help will be forthcoming to pick the crop.

One farmer from Pickering township told The Tribune that the government has been urging the farmers of the area to get in a supply of western grain because of the serious outlook of the crops and the abundance of pork on the hoof. However, he said that he, along with many others have been reluctant to spend money for western grain owing to the fluctuation of the hog market. However others who have stocked up with this grain, believe it is a good investment in view of the expected shortage.

AJAX WORKERS PAY \$50 FINES

Two more war workers in the D.I.L. Plant at Ajax fell foul of the law in Whitby Court last week when they paid fines of \$50 for having matches or lighters within the plant. The fines were levied by Magistrate Keith of York County Court sitting in place of Magistrate Ebbs.

Florence McCrank was found guilty of having, on July 16, been found with a folder containing 14 matches in her wallet. Her testimony

ANOTHER FARM SOLD

A farm lying two miles north of the Shingle property on lot 2, concession 4, Pickering Township, has been sold to Mr. J. Witzke, of Toronto for Mr. and Mrs. Daniels, at a reduced price of \$5,000. The stucco house, built just seven years ago, has hardwood floors and electric light. The barn is practically new. There are 70 acres of typical garden soil suitable for fruit, vegetables and garden produce with sixteen acres of hardwood bush. The new owner who has already taken possession will carry on market gardening.

that she did not know that they were there was of no avail. Plenty of warnings have been given the court ruled.

Police claimed that a cigarette lighter found in the possession of Lois Smith, while coming from work area at lunch time, "sparked", and accused told the court that she thought there was no harm in carrying it when there was no fuel in it. If it sparked it was sufficient to cause damage in a war plant like the D.I.L. Magistrate Keith ruled and imposed a fine of \$50.

"Please take good care of your Telephone!"

AVOID THESE MISTAKES:
1. Never place your telephone on the wall box or on a narrow shelf. Keep it on a wide, firm table or desk.
2. Be careful that the cord does not loop over the drawer handle or knob. Opening the drawer may pull the telephone over, closing it may pinch and damage the cord.
3. Keep your telephone cord unknicked—twist-woodwork, be sure that the cord does not get soaked with water.
4. When painting, protect your telephone with a cloth or paper. When washing floors or get soaked with water.
5. Always replace the receiver carefully. Banging it down may injure the delicate mechanism inside. (Be sure it is placed correctly on its support, too, to avoid causing a "busy" signal.)
6. If you have dial service, please do not use pencil or other sharp point when dialing. It disfigures and damages the dial and often causes a wrong number as well.
