When the town maintenance man, Ira Russell attempted to shut the water off on Montreal street last Saturday morning to repair a leak running into a private residence, the shut-off stuck and later had to be taken out for repairs when it collapsed entirely, and caused a shut down from 9 to 12 noon, much to the annoyance of the housewives who were caught without water for cooking the noon meal.

**About Duck Season**  
The open season for shooting of ducks and geese for this part of Ontario opens on Sept. 15 and continues until Nov. 30. Daily bag limits are 12 ducks and 5 geese or a season's limit of 150 ducks and 50 geese. Fly in the ointment for hunters is the fact pronouncement from Ottawa that the supply of small arms ammunition for civilian use cannot possibly be increased without seriously jeopardizing war production, according to the Prices Board which added that it was "deluged" with requests for such ammunition from all sections of the Dominion. So unless you have a stock of scatter-gun shells laid by, better make up your mind that so far as you are concerned, the ducks and geese will be perfectly safe from harm.

Wholesale houses are now only permitted to sell envelopes done up 1000 to a box instead of in boxes of 500 as heretofore. Customers who have an envelope box should persevere it for future use since with a 500 order there will be no box, and 500 envelopes on the loose are very awkward to parcel and care for.

Mrs. Wm. Redshaw, whose husband died a year ago has decided to give up farming and will shortly retire from the big 200 acre place at Dickson Hill under lease from the J. M. Storey estate. With the aid of her son, Mrs. Redshaw put in this year's crop, although part of the farm was rented to the Grove brothers.

**Dr. L. S. Klinck in Town**  
Dr. L. S. Klinck, president of the University of British Columbia, has been in town for a few days, having come from the coast on a business trip. Dr. Klinck divulged to some of his friends that he is looking forward to being superannuated in the not too distant future, but we venture the opinion that he will not be relieved of his important position so long as the war lasts.

The popular C.N.R. Sunday evening train did not come down from the north last Sunday, since Monday was a public holiday. The big passenger held over until Monday evening, and several people were fooled Sunday evening as a result of the change. The fact that the change was noted on the black board in front of the station, did not seem to broadcast the news very well. One or two soldiers who simply had to make the city by midnight, set out on foot hoping to hitch-hike the distance.

An old Tribune date May 14, 1942, sold a year's subscription for us to a lady in Markdale last week. She had received some goods from relatives at Goodwood, wrapped in a Tribune of the date mentioned. So pleased with the paper, was she, that a subscription was immediately mailed. The new subscriber is Mrs. Geo. E. Summers, niece of the former Miss Annie Brown of Goodwood, and first cousin of Mr. Percy Brown, just north of town. Mrs. Summers' maiden name was Mattie Brown.

**Added Water Supply Ready**  
The new water supply at the town reservoirs is now practically ready for actual use. This week the power was hooked up at the small pump house erected to accommodate the electric motor and pump used to force the water from the never-failing spring brook a distance of nearly 300 feet into the town reservoirs. If we could be assured of as much moisture every summer as we have had the past season, the auxiliary water supply will scarcely need to be used at all. However, there will be times when extremely dry summers are on us, when the additional water will prove a blessing. If the estimates prove correct, there should be ample water in future for every reasonable use no matter how dry the season might be.

**Gormley Wants Bus Service**  
Registration at the High School on Tuesday while not nearly complete indicates that the attendance may be over last year, when about 130 students enrolled. The shop courses for boys and the domestic courses for girls are attracting many from quite long distances. Stouffville High School is one of the best equipped in the province for these particular courses. It is said that from Gormley district fourteen or more students will attend. There is a problem in that area of obtaining gasoline for transportation, hence an agitation for a bus service is growing strong. There were 53 students enrolled in first form, on Tuesday, a record sized class. Principal Murphy said.

E. A. Grublu, R.O., Optometrist, will be at his office in Stouffville on Monday, Sept. 13th.

Mr. and Mrs. Leslie Williamson, Toronto, spent the latter part of Mr. Williamson's holidays in Stouffville with his mother, on Church St.

The public auction sale of household furniture belonging to Mrs. David Snider will be held on Saturday at her residence which is centrally located in the business section of the town. It promises to attract a large crowd, since the goods and effects are extra good.

Earl Cook, local baseball product, has been one of the mainstays of the Portland team in the Pacific Coast League this year, according to latest reports from the Oregon State. Earl's club is in fourth place in the eight team league. The team carried nearly a dozen hurlers at the opening of the schedule, which gave little work to any of them. This number is now reduced with "Cookie" holding one of the permanent berths.

**Lads Do Good Work**  
The Red Cross gratefully acknowledge the good work done by the more youthful element of the town when two bazaars were held to raise funds for this laudable work. \$4.51 was raised from a bazaar in charge of Douglas Barker, John Davis, Roy Ward, Bud Lehman, Ian Lewis, Ronald Walsh, Donnie Lewis. The other bazaar raised \$1.88 and was in charge of Percy Schell, Roy Ward, Garry Lewis.

**Collard Residence Sold**  
The Tribune joins with scores of old friends in welcoming back to town, Miss Bert Clark, and her aged mother, Mrs. Wm. Clark. Miss Clark last week purchased the Collard bungalow on Victoria street and is moving in at once. Mrs. Clark disposed of their Willow avenue home in the city to Mr. Don. Moyer, son of Mr. and Mrs. Harvey Moyer. Don is on the staff of Malvern Collegiate. The return to town of Miss Bert Clark brings her back to the spot where she commenced her long telephone career. It was here that her father was president of a small local pioneering company, and from here Miss Clark joined the staff of the Bell Telephone Co., where she held an executive position at the time of her retirement.

**Whereabouts of Miss Percy Sought**  
Friends in Stouffville of Miss Elizabeth Percy are seeking in vain for news of her whereabouts. It was reported that she was at Pearl Harbor when the Japs invaded that American outpost, but this has never been definitely confirmed, except to the extent that Miss Percy set out for the East a year or two before hostilities. Being a great traveller, it is difficult to estimate where she may have landed. However, anyone who could give this paper information as to her possible location, would confer a great favor. An old Stouffville girl and daughter of the late Rev. Wm. Percy, she was the donor of the town clock to the village in memory of her parents, thus it became known as the Percy Memorial Clock.

**Stouffville Women's Institute**  
The monthly meeting of the Women's Institute will be held at the home of Mrs. Robt. Burnett on Thursday evening, Sept. 16th, instead of the customary date. Motto for the meeting is, "Smiles are flowers of God's goodness." The roll call will be answered by naming a Canadian article every woman buys, telling where it is manufactured. Subject for the meeting will be "Canadian Industries," during which we will be favored by a talk on synthetic rubber by Mr. Donald Chadwick. Mrs. Chadwick will render a solo and Mrs. George Saunders will give a reading. There will be the usual social half hour, and all members are urged to be on hand for this evening gathering. Mrs. G. Kellington, president, Miss Sadie Stewart, secretary.

A native of Mount Albert, Thompson Cuyler, whose father once farmed at Dickson Hill and later kept store at Bethesda, has just been appointed principal of Alexandra High School, Medicine Hat.

His recollections are that we have many fine people in Stouffville district. "That is a grand country there, and there are many fine people in it," writes Mr. Cuyler. ### FORMER SCHOOL STUDENT WEDS AT MERRICKVILLE

Holy Trinity Church, Merrickville, was beautifully decorated with gladoli for the wedding on Aug. 25th, when Jessie Elaine, daughter of Mr. and Mrs. Harold Jakes, became the bride of Cpl. Marshall Abbott, only son of Mrs. E. D. Roberts, and the late R. C. Abbott of Vanderhoof, B.C. The ceremony was performed by Rev. E. C. Humphries of North Augusta and Mrs. Foster Easton, A.T.C.M., played the wedding music.

The bride, given in marriage by her father, wore a graceful floor-length gown of white floral marquisette over satin, designed with a sweet-heart neckline, fitted bodice and long sleeves. Her finger-tip veil was held in place by a wreath of orange blossoms. The bride wore pearls, the gift of the groom and carried an arm bouquet of Better-time roses and pink cornflowers. The bridesmaid, Miss Jessie McDonnell of Maberly, looked charming in a floor-length gown of watermelon pink taffeta with matching halo and carried an arm bouquet of Johanna Hill roses and blue cornflowers.

The groom was attended by Sgt. Major Lennox Jakes, brother of the bride, and the ushers were Mr. Donald Knapp and Mr. Gardiner Jakes.

Following the ceremony a reception was held at Pinecroft, home of the bride's parents. Mrs. Jakes, mother of the bride, received in a gown of navy blue sheer with matching accessories and wore a corsage of Tailsman roses.

Later the happy couple left amid showers of confetti and good wishes for a wedding trip to Lachute, Que. The bride wore a two-piece suit of French blue with white accessories. Cooksville United Church was crowded for the induction of Rev. Albert E. Owen, B.A., who went to Cooksville from Unionville in an exchange of pulpits with Rev. H. D. MacCormack.

The newly inducted minister was presented to his congregation by Rev. W. C. Comming, of North Runnymede United Church, and was welcomed on behalf of the congregation by Mrs. Jas. ### PRICE CONTROL RATIONING INFORMATION

Typical questions consumers have asked Wartime Prices and Trade this week are answered below by the Women's Advisory Committee to Consumer Branch.

Q—I have bought a house and would like to move in as soon as I can. How soon could I get the present tenants' out?  
A—If they are monthly tenants, you may give them a year's notice now. Under the new rent order, you may give them six months notice—the notice not to terminate during the winter months. In other words, if you give them notice now it will be one year. If you give notice Nov. 1, for example, they would have to leave May 1. If your tenants are renting under a lease, you should send particulars to the nearest rentals office of the Board where they will be glad to advise you in your individual case.

Q—Are boarders allowed to take their canning sugar elsewhere for canning fruit?  
A—How each person goes about the canning of his supply of fruit for the winter is a personal matter. If your boarder wishes to can his or her fruit elsewhere, that's up to him. He may not be boarding at your house next winter. However in most cases where boarders are permanent they usually arrange with the landlady to have her do up their share of canned fruit. Such details must be worked out between you as equitably and fairly as possible.

Q—Can farmers apply for extra sugar for threshing gangs, silo filling and extra men for part time extra farming work. If we can get extra sugar, where do we get our permits and extra ration coupons?  
A—Yes. Farmers who hire extra temporary help may obtain additional supplies of rationed commodities. For these extra rations you should apply at your Local Ration Board office stating the "a" the specific nature of the work (b) the number of workers (c) the number of days they will be employed and (d) the number of meals to be served. Applications for less than a total of 12 meals throughout the season will not be considered.

Q—Is my child entitled to tea coupons in the new ration book? She was 12 on Aug. 23.  
A—Yes. As your child was 12 years old by Sept. 1, 1943, coupons for tea should be included in her new book.

Thanksgiving Day in Canada will be observed on Monday, October 11, this year. It was announced by the Secretary of State Department last week.

If we all cut our telephone talks by just one Minute

...It would Save 110,000 hours for WAR CALLS every day

### War calls must come first . . .

which means that we should reduce our non-essential use of the telephone to the minimum. Present facilities cannot be increased; your cooperation is needed if war calls are to go through promptly. Please remember that the wasteful use of telephone time can hold up war business —and that every second you save counts.
