Fifth Line United Church will hold Anniversary Services, Sunday, Oct. 10th at 11 a.m. and 7:30 p.m.: Mr. Mather will preach in the morning and Mr. Atkinson in the evening. Special music at both services. Quaker Hill quartette in the evening.

Tremendous scarcity of help in the Ashburn district is no doubt the cause for so little fall plowing being done. A correspondent wants to know how the farmers can grow good crops when so little is done to cultivate the land properly. The idea is false that when the harvest is over the farmer is "through and does not need the help, and the sooner that is proven to the officials who preach that doctrine from government places, the better.

The Claremont United Church War Service Unit are again planning to send boxes overseas to our men from this community. The number of names on our list this year has increased considerably, and prices have risen. For these reasons, we will require more money to finance this undertaking. We are therefore appealing to church members, and others, to make their contributions to this worthy cause as generous as possible. Contributions may be left with Mrs. W. G. Scott, Miss A. McGlasnan or Mrs. Pretty, Claremont Post Office.

A pretty wedding was solemnized in the home of the bride's parents, on Friday afternoon, when Miss Elizabeth Linton, R.N., daughter of Mr. and Mrs. Norman Linton, Claremont, became the bride of Mr. Raymond Oscar Stickwood, son of Mr. and Mrs. Oscar Stickwood of Sharon.

Donald Beaton who has just completed his 60th year as Clerk of Pickering Township. This is a record which we venture to say is not held by any other municipal clerk in the Province of Ontario. Mr. Beaton makes his home at Whitevale. His father before him served the township for many years, and both men are held in high esteem, as the finest of Christian gentlemen, and for their thoroughness and general efficiency. Mr. Beaton read the minutes as usual of Monday's Council meeting.

Your patronage is solicited for the dance being staged in the Community Hall this Friday evening. Come and enjoy a fine evening's entertainment. Your friends will all be there.

A fire starting from the big engine in Farr's Elevators last week called out the local reels, but the small blaze was quickly smothered and no damage resulted.

What might have resulted in a more serious accident one day last week, occurred at the home of Mr. and Mrs. Burnell, near the C.P.R., when their small son became tangled in the wringer of the electric washing machine. The little fellow's arm was drawn in almost up to the shoulder, and help was summoned from the Chas. Cooper hardware to release him. Although the child's arm was severely scraped and bruised, no bones were broken.

CLAREMONT FRAUD CASE ADJOURNED

(Continued from Front Page)

that the charges did not arise from the same set of circumstances. He asked the court that the preliminary hearing be taken on all three charges, to save time. His Worship was dubious as to the procedure on such a request and court was adjourned for 10 minutes to discuss the matter. Apparently both Crown and defence counsels agreed to proceed in this manner but Magistrate Ebbs could not see his way clear in allowing such a procedure and directed that the charge pertaining to the theft of \$97.50 be disposed of first, on which defence counsel elected to be tried by the next court having criminal jurisdiction.

Art Dealer Laid Charges

Robert G. Roy, who laid the three charges, stated that he was an art dealer in Toronto, and that he had owned a chicken farm at Claremont for five years. He added that there were a few pigs on the farm and that the accused, Flowers, had been the resident manager of the farm, from February until July of this year, having given in his notice of resignation on May 21. He claimed that he had 1,800 chickens and 700 laying hens in February and that when the accused left the farm, there were only 1,000 chickens and 246 hens left.

Roy stated that he had given Flowers permission to sell some hens on June 10 and that Flowers had given him \$182.60 for 186 hens that he had sold. He testified, he discovered on August 25, that he had been defrauded of \$97.50 when he was told by Gordon Hodgson that Flowers had sold him a quantity of hens on May 20 for \$97.50. Roy stated that he had not known of this transaction and produced a cancelled cheque in court for \$97.50 that had been made out by Hodgson to the accused and cashed by the accused on May 21.

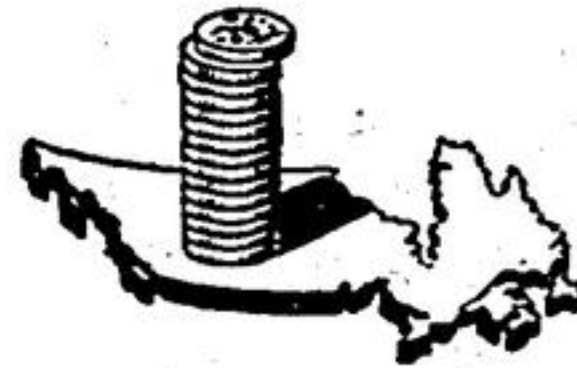

Miss Margaret Wallace of the Claremont branch of the Canadian Bank of Commerce informed the court that the accused had endorsed the cheque in question and had cashed it on May 21.

Gordon Hodgson, who purchased the hens from Flowers, informed the court that he had made the first cheque out to the accused for \$97.50 on May 20, and the second one on June 10 to Mr. Roy for \$182.60. He identified the cheques in court.

The court agreed to hear the evidence of Wilfred McAlpine, 36 Yorkville Ave., Toronto, in the case of the accused charged with defrauding Robert Roy of \$4, as the witness was the only one from a distance. The witness, an employee of the Reo Motor Company, Toronto, informed the court that the accused had bought a connecting rod on May 20, paying cash for it. The item was delivered by truck, according to the witness, but was later returned as it did not fit the motor. He stated that Mr. Roy came in himself and bought another rod, paying for it himself on May 23.

On June 7, the witness informed the court, a cheque was made out to the accused and sent to him, by mail which was endorsed and cashed by him. In cross-examination, defence counsel dwelt on the point that his client had paid cash for the connecting rod and had only received his own money back when he returned the ill-fitting rod. The rest of the evidence in this charge will also be heard on Oct. 22nd.

QUANTITY OF MONEY and volume of credit are matters of high national monetary policy.

Canada's Chartered Banks exist to perform two main services:

1. They receive the savings and other funds of the public, who thus build up bank balances in the form of savings and current accounts.
2. They advance money to communities, enterprises and persons to serve their legitimate needs.

Along with these main functions the banks, through more than 3,000 branches and sub-agencies, render a large number of other important services related to local and national needs—services which have greatly increased as a result of the war.

But the quantity of money in

existence in the country at any given time, and the volume of credit, are matters of high national monetary policy. The nation's own central bank, the Bank of Canada, determines them. The Bank of Canada makes extensive use of the Chartered Banks' facilities in giving effect to these policies.

The Chartered Banks' responsibility, clearly established and regulated by the Bank Act, is in the realm of commercial banking—that is, to receive deposits and to serve the needs of trade and industry.

SOUTH ONTARIO TO BRING BACK HIGH CUT CLASS

South Ontario Plowing Match will be held this year on October 21, not far from Stouffville, on the farm of Arthur Carruthers, Atha. It has been decided to again introduce the high cut class which was dropped a few years ago since many considered it had no practical value to the farm. Now it is said there is a good object lesson, and while fancy class, it is one of the most interesting classes for spectators. Anyhow, South Ontario Association has received a grant of \$20 from one individual who wants to see this class returned to the prize list.

Cannington village and Brock Twp. 190,000

SECOND—Fire your furnace efficiently. Keep a bed of ashes over the grates. Maintain proper drafts. Make sure of proper combustion.
