Feed Grain

The Ontario Department of Agriculture has drawn to our attention that since the Province has agreed with the Dominion Department of Agriculture to permit feed grain containing 3% dockage to by-pass Fort William, there is greater danger that weed seeds may be distributed more widely.

This step was taken as an emergency measure only and they are asking that we consider it as such in order that the great shortage of feed grains in Ontario may be reasonably met.

They are anxious in order to control the spread of weed seeds as much as possible, that every effort be taken to have grain which is carrying this dockage, re-cleaned at destination. This grain need only be put over a screen which would take out the very small seeds, such as mustard or the smaller black seeds.

Now we are in a position to do just what the Department of Agriculture is asking. In fact we have put through our grain receiver all Western grain regardless of dockage.

Take advantage of our equipment and have clean grain so as to prevent the spread of noxious weeds.

STOUFFVILLE, ONT., PHONE 4501

Local and Personal Happenings

E. A. Grubin, R.O., Optometrist, will be at his office in Stouffville on Monday, Oct. 18th.

Something's cooking. Two pant suits with cuffs, and now twice as much honey as before. It's not such a bad old war after all, says you.

Rev. T. D. Rayner exchanged pulpits last Sunday with Rev. A.W. McMullen of Uptergrove, who is the pastor at Jarrett where anniversary services were being observed. Next Sunday there will be an evening service at 7.30 when the Kinsmen Male Quartette will be present to aid in the singing.

Austy Baker, one of the ace marksmen of the Markham O.A.H. entry a few years back is now stationed on ground duty with the R.C.A.F. at Hagersville and expects to play for the service hockey team of that centre.

Miss Zella Brown, youngest daughter of Mr. and Mrs. Percy Brown of Gravel Hill, has taken a position at the Oshawa General Hospital and left to take up her new duties last week. Miss Brown has a married sister living in the motor city, but she will be "living in" at the hospital.

5th Victory Loan School Quiz

Contests are now being conducted throughout the schools of York county in connection with the 5th Victory Loan. Quiz contests in this district will be held for Whitechurch Township at Vandorf on October 21, and for Markham Township at Unionville on October 18. Good programs are being provided for these affairs including pictures and war narratives. The county winners will compete at Newmarket at a date to be announced later. County winners will compete in Toronto for the provincial championship on November 8, and will be the guests of the Robt. Simpson Co., with all expenses paid.

Smithy Can Pitch 'Em Too

A recent issue of the Ajax newspaper, a weekly publication, issued for the employees of the big munitions plant in Pickering, displays a picture of two local men, Messrs. Ed Lintner and Edward Davis, who won a horse shoe pitching contest there carrying a splendid prize. The local smithy and the Goodwood old boy are shown standing with eyes fixed on a "ringer". Since the Ajax newspaper is printed on expensive coated paper their pictures cannot be reproduced with success on ordinary newspaper, otherwise we would be pleased to reproduce them.

Young Married Couples Feted

An interesting social event took place at the home of Mr. and Mrs. Jos. H. Hoover, west end, last Thursday evening when a double shower was tendered for two young couples recently married. Lieut. Howard Steekley, R.A.F., and his bride, the former Shirley Phillips of Montreal, and Alex Irving and his bride, the former Irene Reaman of this locality were each given a lovely floor lamp by the young people of Ringwood district. Both Howard and Irene are old members of Ringwood Sunday School, and their many friends were delighted to do them honor on this occasion.

Pte. Bert Clarkson, son of Mr. and Mrs. Arthur Clarkson of Stouffville, who has been in England for some months, has been transferred to the Mediterranean theatre of war. He is serving with the Canadian Army Service Corps.

Willis Taylor, 2nd concession, Uxbridge, at Garibaldi, has rented the Frank Rae farm at Lincolnville. He will not have far to move.

Partridge season opens Nov. 8 to 15th, but the birds are not likely to be hunted very hard this year, since there is a noticeable scarcity or inability to purchase explosives.

Mr. and Mrs. Wm. Gardiner and their baby son were out from Toronto visiting with Mr. and Mrs. Eby. Mrs. Gardiner was the former Donna Vanzant.

Mr. and Mrs. L. E. O'Neill have been spending a few days at Port McNichol visiting with Mr. and Mrs. Harold Quibel. Faye and Joy were in Port Perry for Thanksgiving.

Seaman Norman Baker was in town over Thanksgiving visiting his wife at the home of her parents Mr. and Mrs. E. A. Button, and with his parents on Baker avenue. Norm is stationed at London, Ontario, during his training period.

The next blood donors clinic will be held at Markham on October 21, and every available donor is asked to report immediately. You are urgently needed. Contact Mr. M. E. Watts, Stouffville, or Dr. Innis McDonald, Markham.

Was Back in The "Old Ball Game" This Past Season

"Lefty" Lennox, probably one of the greatest baseball players ever to perform in this district, got back in the baseball harness this season, organizing the Ivy club where he is resident. Lennox, it will be remembered, brought a league title to Stouffville some years back, and would possibly have carried them through to the provincial crown, had not an injury intervened. Lennox, we understand leaves Ivy this month to work for the winter with the C.N.R.

Mrs. (Dr.) S. Best of Toronto was a visitor at the H. O. Klinck home on O'Brien Ave. for a few days last week. She is a former college friend of Mrs. H. Herbison who has been visiting here from the West for a few weeks. Mrs. Best's husband who is at present serving with the R.C.A.M.C., is a son of the now famous Dr. Best, leader in China mission work, and one of the last men to guide an Allied truck loaded with Chinese medical relief over the Burma Road.

There's Fun at Auction Sales

A lot of funny things happen at auction sales, but they are mostly cracked by the auctioneer. One we can tell on an old friend and auctioneer up in Uxbridge, W. F. Marquis, is of long standing. A man who wanted to buy a parrot for years saw one advertised at a farm auction sale in Brock Twp. during the last war. When the auctioneer put it up for sale, the man began bidding. Higher and higher went the price and Mr. Marquis determined to get the last cent, kept on talking. Finally the man wanting a parrot won out. Holding up the cage to the auctioneer, he demanded, "Say does this bird talk?" "Who the dickens do you think was bidding against you all the time?" chattered the parrot.

Mr. and Mrs. H. C. Hallman were down from Hanover for Thanksgiving visiting her parents Mr. and Mrs. Paul Boadway.

Miss Helen Monkhouse was home from her school teaching duties at Niagara Falls visiting her father Mr. John Monkhouse in town over Thanksgiving.

Mr. and Mrs. Geo Lee, Stouffville were in Oshawa on Saturday attending the funeral of Mr. Lee's brother-in-law, Robert Hutchinson. The late Mr. Hutchinson was quite well known in this district, having farmed for some years near Claremont.

The Editor of the Aurora Banner is well thought of in his home town. A lady called at his office and handed him a tomato. Now when they give them to the politicians at election time, they are not just handed to them. Reason for transferring the fruit to the Aurora editor was its tremendous size, one pound, thirteen ounces.

Ministers Come and Go

The rapid manner in which the ministers of the gospel come and go from this community is brought to mind when we note that Rev. D MacGregor, Baptist pastor, is the dean of clergymen of Stouffville in the point of service to a local congregation. Mr. MacGregor came here six years ago, and no other minister has been here that length of time.

Merchants that are really honest will not offer fly killer for sale. To label the concoction fly spray is O.K. since that is what most of the dope is. It does not kill but rather gives the flies the feeling of being drunk, a condition they soon recover from in fine fettle. A lot of money is wasted in buying fly spray that is utterly useless, and the government has missed a new avenue for giving employment to men who might be sent around testing the fake varieties of stuff which is supposed to kill flies.

Pte. Bob McConnochie of Stouffville who enlisted several weeks ago, and expects to be placed with the 48th Highlanders, was home during the holiday from his camp at Brantford where he is undergoing his initial training. Bob's brother Allan who is serving with the Postal Corps at Mountain View, is also undergoing basic training just now at the army camp at Cornwall. Prior to enlisting Bob was employed by the Stouffville Machine and Tool Works.

Thanksgiving Day in Stouffville was one of the finest on record so far as the weather and out-of-doors had to do with it. There were no attractions other than the scenery in the country to bring the city folks out, and of course to see the home folks and friends, but that was enough. Never can anyone remember more wonderful scenery in the country with the trees displaying their variegated colors of fiery red, with rich varied background. Trains and busses were filled to capacity Monday evening carrying the visitors back home.

New Minister Here

Rev. E. Moyer and his wife arrived in town the fore part of this week to take up their residence at the M.B.C. parsonage on Baker avenue. The new Mennonite pastor spent the last three years on the charge at Stayner, and prior to that was for seven years with the Bethel Publishing House at Elkhart, Ind., where he had something to do with the financial part of the churches publication centre. This is the first time the Moyers have been in Stouffville district, and come here as strangers to the great majority of the congregation, but their participation in the work is looked on with favor.

Comfort Fund Still Needs Help

The Veterans' Comfort Fund which sends comforts monthly to over 40 local boys in our fighting services, including several in enemy prison camps, is urgently in need of funds. The task of supplying these comforts each month has been growing steadily since the war began. No other local effort to bring cheer to our boys overseas has received more glowing acknowledgment from the boys themselves than the Comfort Fund. Just remember to drop in a few coins each time you're in one of our stores where containers are set up for this purpose. Donations may also be handed to Bert Lickorish, secretary or left at the Tribune Office.

TO BE WITH GALT O.H.A.

Ronnie Rowe, Bernie McCarthy, ex-Markham and Unionville hockey player and Ronnie Rowe, another fast stepper for Markham who tried out with the Toronto Leafs last year are definite starters with the Galt O.H.A. team this season. Rowe has been playing hardball in Galt and soccer in Toronto all summer. Rowe hit .300 during the regular season and managed a .324 during the junior O.B.A. play-offs. Galt is likely to serve as a feeder club for the Detroit Red Wings.

Everybody who possibly can will invest something in the coming Victory Loan as your personal boost towards helping the war to a finish. Do your thinking now and be ready when the salesman is around to place your commitment.

The ground is so hard and parched that few farmers are able to do fall plowing. It takes added horse power when the attempt is made, and then the ground turns over in chunks like cement on the clay lands. The long, dry, fall season is establishing a record.

War Branch Donations

The War Branch wishes to thank the following for contributions received: Mrs. H. Sanders, \$5; 9th line workers, \$4.10; Mrs. E. J. Jarvis \$2; Mrs. E. Forsythe, \$2; Mrs. L. Lownsboro, \$2; Mrs. B. Raxlin, \$2; Mrs. D. White, \$1; Mrs. H. Hoover, \$1; Mrs. Thomas, \$1; Excelsior Class, Ringwood, quilt; Mrs. Peter Barry, clothing; Mrs. Mowat and Mrs. Doten, articles for ditty bags. Mrs. Davey, secretary.

Max Reesor Takes a Wife

Well known figure in hockey and baseball circles some years ago, Max Reesor of Markham was married to Miss Rilla Milroy recently. For years Max was the flashy player in Markham and Stouffville line-ups, and provided many an exciting moment for both admirers and opponents. Now he has taken on a team mate where he will no longer be the referee, we expect. Anyway, the boys of Markham gave Max a splendid stag party to mark their esteem for him as he lines up with the benedictins.

Whitechurch Clinic

There will be a toxoid clinic for children at the Community Hall, Vandorf, on Saturday, October 23rd, beginning at 9 a.m., according to arrangements made by the M.O.H. Dr. Williams.

Parents may bring their younger children and have them toxoided for diphtheria, which is part of the service rendered to the children of the municipality by the Health Dept. Parents are urged to have school children take advantage of this toxoid.

An Important Message to GROWERS of OATS and BARLEY

Which Demands Your Immediate Attention

More food than ever before in our history is needed for our armed forces, our allies and those at home.

Therefore, due to partial crop failure this year, it is imperative that Ontario Farmers plan NOW for their 1944 SEED REQUIREMENTS.

The Ontario Department of Agriculture requests your immediate co-operation and offers the following suggestions:

1. Secure wherever possible good seed of suitable varieties for your 1944 requirements.
2. Any grain—oats or barley—either of the 1942 or 1943 crops suitable for seed over and above your own requirements should in the National interests be cleaned and offered for sale as seed.
3. If you have surplus seed, give your neighbors the first chance. If not sold by November 15th, advise your Agricultural Representative. Do not feed grain of seed quality. If necessary, replace it with Western Feed Grain.
4. The Directors and members of County Crop Improvement Associations are urged to become actively interested in the movement and supply of seed grain.
5. If you are unable to obtain suitable seed—advise your Agricultural Representative of your seed requirements NOT LATER THAN NOVEMBER 15th.

Your Agricultural representative for York is
W. M. COCKBURN — NEWMARKET

ONTARIO DEPARTMENT of AGRICULTURE
HON. THOMAS L. KENNEDY, Minister W. R. REEK, Deputy Minister
