Loses Part of Finger
Harold Warriner of Stouffville, lost part of the index finger of his left hand last week, engaged in his customary occupation at the Ajax war plant. The finger was snapped off just above the nail when a heavy box came down on it. Harold was wearing gloves or mitts and did not realize that his finger was off until he removed the glove or mitt. He was given excellent care at the Ajax hospital, and is ready to go back to his job again.

A bit of a sleet storm on Saturday afternoon caught those who drive horses entirely unprepared, and their animals fell like ten pins. Two or three were in difficulty at the same time on Main street. Lud Hoover was working to get one of his horses up, while down the street Wesley Yake's sorrel went down. The animals took it coolly and were gotten up and taken off the pavement. Before evening the sand wagon was on the job and removed the trouble.

Residence Changes Hands
Mrs. Irwin Gray has purchased the frame residence in the business section of Main street owned and occupied by Mrs. Lena McDonald. The sale price is reported to be \$2800, and the premises aside from being a convenient residential location, is looked upon as a valuable business location, since it is in the very heart of the mercantile business. Since Mrs. Gray resides next door to her new premises, she will be able to choose her own tenants and neighbors.

1943 License Plate Stays on Your Car
Motor vehicles permits for 1944 will be available early in January when windshield stamps will be issued to be fixed to the lower left-hand windshield corner. The Oil Controller is likely to direct gasoline rating stickers to be fixed to the lower right-hand windshield corner. Mr. Doucett warned all vehicle operators not to destroy their 1943 license plates which are to continue on the rear of the vehicles. Many changes in routine of issuing licenses are to be made, Mr. Doucett said, because of wartime restrictions preventing manufacture of 1944 plates, except for trailers and motorcycles. When renewing or obtaining new licenses the operator will receive his stamp. Mr. Doucett said he was not favorable to the use of the stamps, but the government had no alternative other than the use of small metal tabs or strips attached to the 1943 plates. Objection arises to use of these, chiefly because of the ease with which they could be removed, attached to other cars or counterfeited. Choice of the left-hand corner of the windshield was because the Oil Controller is taking the lower right side. The change means a saving of 200 tons of steel, as well as labor and cost of packing and transportation.

TROUBLED WITH DIZZY SPELLS INJURED HIS HIP
One of the eldest men in the district, Mr. Jacob Hoover who resides with his daughter, Mrs. Eli Lehman of Atha, may be said to be holding his own since he suffered a series of dizzy spells last week, and in one of them may have tumbled and injured his hip, which may prove to be fractured.
Mr. Hoover is in his 89th year, and was walking about the business section of Stouffville a couple of weeks ago.

IMPOSE \$25 FINE ON CARELESS AUTO DRIVER
Peter Jamieson of Unionville pleaded guilty in Whitby police court last week to a charge of careless driving contrary to section 27 (1) of the Highway Traffic Act and was assessed \$25 and costs with the alternative of spending one month in jail. Provincial Constable John Scott prosecuted. Officer Scott informed the court that on November 8th at 9.30 in the evening, the auto of the accused went out of control on No. 2 Highway at Rouge Hills near the Sunset Inn; smashed off a telephone pole, a mail box, smashed a guard rail and ended up in the ditch. He stated that the vehicle had been damaged to the extent of \$150 and he added that the accused had been drinking and was in no condition to drive. In reply to a question by the court, the officer stated that no other vehicle had been involved in the accident.

HIGH SCHOOL "OPEN HOUSE POPULAR EVENT"
Students of Stouffville High School were hosts to parents and the general public at an "open house" evening held at the school on Thursday.
It was estimated that over three hundred visited the various classes and demonstrations.
Miss Ruth Gooding, president of the Literary Society welcomed the visitors, while Chairman Ira Aldred spoke on behalf of the School Board.
Classes, demonstrations, and experiments were carried on in the various rooms and the large crowd thoroughly enjoyed seeing just what the students were being taught. L. C. Murphy was in charge of shop demonstrations by the boys, which proved to be one of the main attractions, especially for the male members of the audience. Science experiments were in charge of Mr. Sherk, English and History, Mrs. Reginald Button; Home Economics, Miss Foster; French and Latin, Miss Collins.
Two items which drew particular attention were the Honor Roll listing all students and former students serving in the armed forces, and a collection of military money and a small 8th army banner, sent to this country by Jack Sanders, R.C.A.F., former student now in Italy and kindly loaned to the school for the occasion by Mrs. Sanders.
A ten-cent lunch was served by the girls in the home economics department, and the proceeds amounting to \$26, are being used to fill ditty bags for the Navy League.

Former Local Boy Helps Give Jitters to Japanese
Flight-Sergeant Ralph Stephens, son of Rev. and Mrs. H. R. Stephens formerly of Stouffville, is somewhere in India, engaged in operating against the Japanese as an observer in a Royal Air Force Blenheim. Ralph and a brother Gordon attended school in Stouffville for some time while the parents occupied a house in the west end. According to latest reports, Ralph's squadron has a fine record against the Japanese on the Arakan and Burmese fronts. Ralph transferred to the R.A.F. from the Fleet Air Arm in 1939, obtaining his observer's wings in 1940. He saw service with a bomber command over Europe, until his transfer to the Middle East and the India Command. His promotion to Flight-Sergeant came just a few months ago. Ralph is proud of having served in all three branches of the armed forces. During his training in Brighton, England, Ralph was one of the promoters of an all-Canadian hockey team which played in a number of southern English towns. With the exception of two, all members of the team have paid the supreme sacrifice in World War II. The elder brother Gordon is at Trenton engaged in Y.M.C.A. work, while a sister Muriel is home after spending five years in London, England, as a civilian nurse.

HOG INCIDENT SET RIGHT
Mr. Harry Paisley has called our attention to an important error or misstatement made in last week's paper. The market for hogs, any age, was quoted at \$15 per cwt. and the question asked why a farmer was docked for overweight hog to the price of \$12.14 which was below the supposed old sow price. Mr. Paisley said the price for old hogs was not above \$13 per cwt., and therefore the transaction was quite in accord with the market, which was apparently misquoted to The Tribune.

HAS DOWNED 'EM ALL

Wing Commander Robert T.P. Davidson, Vancouver-born, is one of the few Allied airmen who have shot down planes of all three members of the original Axis. Now a Great Grand Dad
Mr. Ed. Davis, veteran resident of Goodwood, now working at Ajax, is being congratulated on having become a great grandfather. Only recently he was reported to have been "hitting a lively clip" on the dance floor at Ajax to show the younger generation how they used to step around. Last week his granddaughter, the former Kay Lee of Stouffville, daughter of Mr. and Mrs. Geo. Lee who conducted the east end store, became the mother of a baby daughter, a great granddaughter to Edward. Mr. Davis never misses a day from his work in the war plant.
