Thoughts of Spring and paint-minded people everywhere are "suddenly" aware of the familiar Martin-Senour sign (although it's there all the year 'round) because Spring is the usual and accepted time to repaint for fresh beauty and protection!
And this sign is a sure sign of an enduring paint because Martin-Senour is 100% pure!
Whenever you see the sign of Martin-Senour, there will be found the paint of endurance and longer lasting beauty. It is the sign which in one breath welcomes Spring and the chance to beautify as well as to do the patriotic job of protecting property!
