More Money Than Ever in Banks for Victory Loan Group of Salesmen Told

Salesmen and municipal representatives from every part of North York went away from an organization dinner meeting at Pickering College on Friday evening determined that this unit will make its Sixth Victory loan objective of \$2,275,000.

Unit chairman Aubrey Davis, Newmarket, presided over the over-flow crowd that was present to hear addresses and see war pictures. Organizer H. L. Trapp and his assistant, J. L. R. Bell, arranged the meeting.

"Modern flak is hell," said Rev. H. Cotton, Trinity United Church, Newmarket, an airman in the Great War and an R.C.A.F. padre in the earlier part of this war.

"Our airmen are going through flak tonight, tomorrow night, every night, till victory is won," said Mr. Cotton. "I am flying with those boys, dodging the flak with them, dropping their bombs with them, praying with them," said the former padre.

"The war is all over but the fighting, someone says. Our optimism is giving way to grim determination."

"I wish those clergymen who protest the bombing of German cities would be realists and face the alternative. It is our way of life or theirs."

"Canada's part in this air strategy has been no mean part."

"It looked like tragedy when we pulled out of Africa to keep our word in Greece. We kept our word—we always do."

"Our men are giving their all. They are buying freedom for us. They are counting on you and me. How about it? Every dollar of this Victory loan means more guns, more ships. Money saves lives, the lives of our boys."

"There are \$37,000,000 more in the banks now than when we sold the loan to the public last September," Harold M. Gully, Toronto business man, told the Victory loan salesmen.

"I wouldn't wonder if the errors of private industry aren't greater than those of government," Mr. Gully said in comment on criticism of the Canadian government.

Mr. Davis expressed thanks to Headmaster Jos. McCulley and a staff of Newmarket girls for the hospitality of the college.

STOUFFVILLE HIGH SCHOOL CREST

THE DESIGN ON THIS CREST WAS RECENTLY ADOPTED BY STOUFFVILLE HIGH SCHOOL, AND WILL BE PROUDLY WORN ON SWEATERS and COATS.

The insignia by which Stouffville High School may be known in the future is a crest drawn and created solely by one of the pupils Bennie Jones. Each room in the High School competed for the honor by submitting pupils' work in this art, and some splendid designs were submitted, but it fell to the lot of a Goodwood boy to have his work of art selected from all the rest.

Now the new school crest wherever it is seen will bear this insignia. The Old English lettering in the centre, S.H.S., of course, stands for Stouffville High School, while wording below "per scientia Laborem," is a Latin phrase meaning, knowledge through labor.

Since the insignia for the new crest has been formally adopted and decided on, the Literary Society has had 3000 letter heads and envelopes printed with the crest setting on both paper and envelopes and done in the school purple. The pupils may now correspond with friends proud of being able to use the stationery of their own school.

Brother, Should You Spend a Dime?

A dime is small change! But when a lot of dimes march out of your pocket they soon become dollars that start to fight other dollars. for the new neckties, dresses or furniture left for us to buy. This battle of the dollars is called INFLATION because it starts prices rising! And the higher prices go... the less your dollar is worth! For instance, during the last war, people had to pay for sugar that you get for today. A voile night dress was compared to the you pay now. Your dollar buys more goods, is worth more than the dollar of 1914-18. Price ceilings and other anti-inflationary measures have helped keep its value high. And remember! Every time you use your money wisely to pay off a debt or to increase your savings when you refuse to hoard goods or patronize black markets...it makes your dollars worth MORE!

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

Published by THE BREWING INDUSTRY (ONTARIO) to help reveal the dangers that inflation represents for all the people of the Nation.
