Marmill GROWING MASH

ANALYSIS: Protein 15%, Fat 3%, Fibre 7%

A growing mash plays an important part in the feeding of poultry. It is the connecting link between the feeding of a baby chick and a laying pullet, and, as such, must carry on from where the starter ration left off and fit the bird for the long, continuous high production in the fall and winter.

Marmill Growing Mash is the connecting link on many hundreds of farms. This mash, made up of only carefully chosen, high-quality ingredients, and manufactured and balanced to give the highest possible digestibility necessary for pullets which are to fit of ingredients, will give your pullets the strong, well-developed bodies and large start laying at six months of age and continue through the winter.

The MARMILL WAY is the BETTER WAY OF FEEDING.

Ottawa Lifts Ban on Bible Students

Ban on the International Bible Students' Association under the Defense of Canada Regulations has been lifted by an order-in-Council dated June 13, it was learned this week. Petitions were liberally signed in Stouffville having a bearing on the sanction just given.

The order provides that all property and interests in Canada, or proceeds from property held by the official custodian is to be released to the organization.

The International Bible Students' Association was one of a number of organizations declared illegal under the Defense of Canada Regulations and membership or attendance at meetings was an offence.

A House of Commons committee studying the Defense of Canada Regulations in 1942 recommended that the ban on the organizations, which included the Communist Party, be lifted, but the report was not adopted by the Commons.

The Canadian office of Jehovah's Witnesses at Toronto announced that the ban on the organization's legal corporation, the International Bible Students' Association of America, was removed by an order dated June 13th.

The ban was placed on the Witnesses and on the association in 1940 and that on the Witnesses was removed last October.

This will mean, it is understood, that the literature of the Watchtower Publishing Company may again be distributed in Canada.

Memorial Service Drew Large Crowd

Despite threatening weather which proved entirely satisfactory since there was no rain, and an absence of a blistering sun, a large crowd attended the memorial service at Stouffville cemetery Sunday afternoon. Rev. Gibson Brown conducted the service and was assisted by Rev. D. Davis, the Atha Trio, and Miss Alice Forsyth, cornetist. The grounds looked beautiful, and many expressions of commendation were heard about the splendid condition of the sacred place. Visitors from Toronto and surrounding communities were greatly in evidence, while again in the evening scores of people spent an hour at the cemetery in quiet meditation, and admiration. Many enquiries were heard about the progress of making a more attractive entrance, and new chapel to be built for which funds are now on hand. This matter will be largely decided by the Cemetery Commission shortly, we understand, so that plans may be made well in advance.

A collection was taken at the service on Sunday amounting to about
