Teeswater Council Resigns

Trouble arising over the appointment of a constable and village handyman, is said to have caused the resignation of Reeve Bannerman, and his four councillors in Teeswater. That being the case, Teeswater will not be represented at the Bruce Co. Council session this week. Outside interference with the appointee is given as the cause of the council's drastic action.—Teeswater News.

Mr. and Mrs. Milton Evans and her sister Mrs. Wilkes were in town from Detroit visiting with Mr. and Mrs. Geo. Lee.

Mr. Mel. Thomson of Chatsworth, Grey County, was in town for a couple of days visiting his brother Steve. The Thomsons were known as good farmers in the northern district, their uncle Mike being a cattle exporter for years.

It is amazing the number of people who never take any interest in church services of any kind. Last Sunday we talked with a man who had just been to church for the first time in seven years. They had visitors at his home and the guests were church-going people, so our friend went along. He intimated that he would have to do better if spared for another seven years, and no doubt he will if he felt the service was inspirational to him and helpful. Of course, it is not easy to interest a disinterested individual.

Canada's 77th birthday last Saturday was quietly celebrated in town. Stores closed for the day and visitors enjoyed the beauty of the country and the association of their friends here. In lieu of the holiday closing stores opened on Friday evening when the town filled with buyers who were bent on laying in a store of goods to carry them over the weekend.

Black bass season opened on Saturday, July 1st.

The next public holiday will be Labor Day, Sept. 4th.

Mrs. Geo. Lawson left last Friday intending to spend at least two weeks visiting at Oxbow Park.

Richmond Hill has a population of 1454, just 154 over that of Stouffville. Seeing that Stouffville has the finest people on earth, what's a mere 154.

Eight Calves in Four Years

An Ayrshire cow formerly owned by P. M. Johnson of Lucknow, has quite an outstanding record in that during the past four years she has given birth to eight calves. Four years ago this cow had twins. The next year she gave birth to triplets. Last spring she had a single calf and this spring produced twins again. The cow is now owned by a Wingham dairyman who bought her at the Johnson sale early this spring.

If present arrangements are carried out the magistrate's court held each Tuesday at Newmarket to hear cases from the northern part of York county, will sit in future on Friday of each week. The change is necessary to meet arrangements as between the court in Toronto.

Wm. Rennie Estate Sale

The William Rennie auction sale to close out the goods belonging to the estate was held at the late home on Baker avenue on Thursday. The Chevrolet coupe sold for \$265, and a lawn mower for \$7, while good prices were obtained for the furniture. As stated in this paper recently the house will not be sold, since it has been acquired by one of the daughters, Mrs. E. Lucas. The place has been leased to Mrs. Wilkes whose husband is in the R.C.A.F. Mrs. Wilkes is a daughter of Mr. and Mrs. Peck at Ringwood.

Mr. S. Doolittle, funeral director from Orillia, was a visitor in Stouffville on Sunday.

Mrs. Boyce of Bolton, is spending a couple of weeks in town at the home of her daughter, Mrs. Douglas Davis at the parsonage.

Miss Joyce Swift of Toronto, was a visitor during the holiday at the home of her sister, Mrs. Wm. C. Sanders here. Bill Sanders, R.C.A.F. is enjoying a furlough here with his wife and family from his eastern airforce station.

The son of Jacopa, and Clodless, has won close to \$25,000 in his career, \$10,000 being last year's income alone. We understand that Mr. Stuart paid into the five-figure bracket for the newcomer.

School Teacher Showered. Miss Margaret Forsyth, teacher on the Stouffville Public School staff was guest of honor at a shower at the home of Mr. and Mrs. Clay Stouffer last week, in recognition of her forthcoming marriage. Two For One. John Robb, well-known, 8th concession Markham farmer, collected bounty recently on two foxes, which he had the distinction of bringing down with one shot. Mr. Robb had lost fowl this past spring by the visits of "Mr. Raynard," and had spotted the bushy-tailed family along a fence-row on his farm. Using a shot-gun he brought down two young members of the family with but one pull on the trigger.

Passenger service on the C.N.R. and Gray Coach Lines topped all records so far this year during the holiday weekend. On Friday evening long passenger train from the city with thirteen coaches, and two engines, found difficulty in negotiating the grade at Agincourt, and had to back down the line for a fresh start before going over the top. The morning train arrived in two sections as did the Sunday evening flyer returning with a big load of holiday folks. It required five busses to transport the holiday visitors who patronized the Gray Coach on Friday evening. Bus-driver Harry Bridges stated that many had to be left behind when the first busses pulled out, although accommodation was found for all later in the evening.

Good on the Walk, Refused to Talk. Last Sunday morning we espied a bewhiskered gentleman pulling a small child's wagon along Main St. through Stouffville. A sign on the outfit "Peterboro to Rockwood" induced us to interrogate the gentry, who informed us that he left Peterboro last Thursday making the nearly 50 miles in about three days. He still had a long walk before reaching Rockwood near Guelph, but the remainder of the trip would be over pavement or asphalt. Asked what the idea was in walking all that distance, hauling a hand wagon, when without the wagon he would have had a chance of a lift, the answer came, "I know what you are, I won't answer," then casting a sour look our way, bent forward on his journey. The child's wagon contained a box of goods which seemed heavy enough to haul, but after all the man must be a freak to attempt such a move in these days when his labor might be put to better use. Strange as it may seem, the black cloth or oilcloth over the three foot long box bore the inscription, "Peterboro Review." Even so, we're sure the knight of the road was no newspaper man.

Misses Eulah Brillinger, Byrl Brillinger and Joan Baxter were in the north country throughout the holiday weekend, enjoying the Buckhorn vacation spot.

District Taxidermist Leaves. Now that Mr. and Mrs. Ed Dixon of Unionville, have left that village to locate in Barrie, the people of this district will not find it so easy to get birds stuffed, or to have animals done up by the taxidermist as only Ed Dixon could do them. He will find the business in the northern town when once established will be good, since he will have an exclusive line of trade for which there is more demand for in the north than there is down here in York County.

Temperance Speaker Delivers Stirring Address. Emphasizing the idea that men in high places who dare to come out against the liquor interests, or legislate against them, become the object of constant attack, Rev. C. W. DeMille speaking in the United Church on Sunday morning asked, "What happened to Prime Minister Mackenzie King when he made his declaration against the liquor traffic?" and then said, "Read your morning newspaper and note its attitude for your answer." Mr. DeMille delivered an impressive and timely sermon against the liquor traffic as guest speaker from the Temperance Federation. Everything he said was good and needed saying, although we are not sure that his charge against the Globe and Mail (we presume this is the paper he referred to) is just correct, since this newspaper never laid any claim to being a supporter of Mr. King's, and we have not noted any change in its criticism of the government at Ottawa since anything the premier had to say about the liquor interests. The Globe and Mail's opposition to the government has been quite consistent and we are not inclined to think that anything Mr. King said about the booze would have altered that course. The address of Mr. DeMille struck a very responsive cord among his listeners; despite, as he said, an unpopular subject to deal with.

We Can Buy Our Way Into a Breadline!

History is a meek little word that covers a multitude of suffering. And only through profiting by past mistakes... will we suffer less! Remember how in the last war folks "blew" their money. Needless spending caused prices to rise... so that by 1918, the flour you buy today for 89¢ cost \$1.85 then; while baby's coat was compared to a similar coat at today. This was inflation and all too soon it was followed by the inevitable depression! That's why our government is determined to prevent inflation now... why there are price ceilings and other anti-inflationary measures to hold the cost of living down and keep our dollar value high. And YOU help prevent a future depression and keep your dollars high in value... every time you pass up a needless luxury... and avoid black market spending.

Make This Pledge Today! I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living. Keep Your Dollar Value High! THE BREWING INDUSTRY (ONTARIO) to help reveal the dangers that inflation represents for all the people of the Nation.
