25 Years Service

Fred Crossen will soon be the dean of local employees when it comes to long service. He is just completing 25 years with the Stouffville Creamery Co. having started there to learn the butter making with Jos. Borinsky's father, the late Isaac Borinsky. Beginning as a novice he is now chief in the butter room of this busy plant.

William D. Malloy, R.C.A.F., St. Thomas, accompanied by Mrs. Malloy, is at his home here on furlough. William has been transferred from his station to Trenton. Miss Joan Farrell of Toronto, was also a visitor at the home of Wm. D. Malloy home during the weekend.

They are: Carol Weldon, Audrey Bell, Sheila Tait, Patsy Lehman, Shirley Bone, Mary Castle, Joyce Barkey, Marion Atkinson. Leaders from here are, Corinne King and Isabelle Fleming.

Jim Pearson Chief Mechanic
A bit of interesting and pleasing local information gathered from W.O. Alf. Thomas just returned from overseas is to the effect that we learned that Jim Pearson, grandson of the late Hattie Sanders and brother of Mrs. Geo. Swift of Toronto, is now in Italy and is doing good work. He has been promoted to chief mechanic with the Toronto Irish, and before leaving England was married to a girl from Brighton, England. Jim makes the third Stouffville lad overseas to choose an English girl for a wife. With a different language the lads in Italy are less immune from the inevitable cupid because of language difficulties.

Interesting Visitors in Town
Mr. and Mrs. Gordon Campbell from Carlyle, Sask., have been holidaying in these parts and making their home with Mr. and Mrs. Harry Stouffer. It is sixteen years since Gordon has had a glimpse of Ontario and the first time for his wife. Gordon was remembered by some as the tall thin chap who wore glasses and played the flute so earnestly when Markham's fife and drum band used to visit Stouffville. He can't be called the thin chap now. Gordon's brother Stuart was also a member of Markham's band and played for the Orangemen's parade at Cannington when only seven years of age. Other guests with Mr. and Mrs. Stouffer are Mr. and Mrs. E. Rose, Winnipeg, who have been staying with Mr. and Mrs. H. Stouffer and visiting relatives in these parts. Mr. Rose was born on Scugog Island. He made a trip there and found some of his childhood friends were still on Scugog.

Mr. and Mrs. J. S. Dougherty, Miss Evelyn Dougherty, Mrs. Sherk and Marie Carpenter (Bradford) journeyed north to Minden last week for a week's camp. Fact that they returned home a day earlier than intended was due to the intense heat. That which they sought they did not find, and that which they left behind they were glad to return to. This is not scriptural, but it is very true, Mr. Dougherty admits.

Many Cousins Foregather
Around fifty cousins held a picnic at Mr. Bob Johnson's just north of Stouffville. Three aunts were present, namely, Mrs. Robert Closson, Mrs. George Campbell and Mrs. P. Lehman. Those present from a distance were Mr. and Mrs. Egbert Rose from Winnipeg, Man., and Mr. and Mrs. Gordon Campbell from Carlyle, Saskatchewan.

Your Cherries Coming

There is no limit to the age of men who are helping out in the present labor shortage through the country district. Last Saturday one of our townsmen, Mr. James W. Slack reached his 83rd birthday, but during the week he was as busy as a bee as he worked in the hay fields on the farms of his sons over in Uxbridge, and of which district he is a native. Mr. and Mrs. Slack enjoy their comfortable town home, while their three sons, William, Louis and Henry each have their own farms. Above is shown Mr. and Mrs. Slack and they are just as contented a couple as they look here.

In England

Harold (Harry) Lintner
Three of the four sons of Mr. and Mrs. Edward Lintner in the Canadian forces are now overseas. A cable from Harold to his wife announced his arrival in England last week.

Bruce the youngest of the quartette was taken prisoner at Dieppe while Charlie is in England or France, Ted Lintner is in Canada wearing the R.C.A.F. uniform. Altogether this is a wonderful record for one family, and tops the enlistments for Stouffville.

Miss Margaret Freel is acting as one of the counsellors at Bolton camp for several weeks.

Misses Ruth Reaman and Sheila Beresford of Richmond Hill, were visitors last week at the home of Mr. and Mrs. Chas. Nolan.

Miss Marguerite Hodgins of Toronto, has been visiting here with her mother, on a two weeks vacation.

We regret the omission of the name of Patsy Lehman, daughter of Mr. and Mrs. Gar. Lehman from the list of Stouffville Public School promotions in last week's issue.

Two metal posts for sale 12 feet long with iron plates for top and bottom complete. Boadway's drug store.

Misses Grace Wideman and Edna Wideman, Gladys Stover and Margaret Stover are at Brock Beach, near Stayner, enjoying a week's vacation.

Earl McCready, who occupies an acreage in North Whitchurch township, is home following two months wrestling tour which took him as far as Texas. He will proceed to St. Louis, Mo., and other mid-west cities for further bouts.

New potatoes and green peas from the large garden of Mr. A. S. Collins were enjoyed last week. The murphies were good size and the peas just perfect. It is amazing that even a few men of 84 years can accomplish so much on "borrowed time."

The highest demand made for hydro electric power in Stouffville at any one time last month, was 333.9-horse power. This is called the peak load and is registered by an instrument at the west entrance to the village where the hydro crosses into town.

The Tennis courts in Stouffville Memorial Park are in operation again, although no club has been formed this year. The Park Commission is gradually having the grounds cleaned up, but it is rather a slow process owing to the extreme shortage of help.

Major Arthur Welsh of Sunderland, was just ten hours making the crossing from Canada to the British Isles, on his return to the war zone. Bunty Welsh could move around pretty fast on the baseball diamond fifteen years ago, and his activities in this war indicate that he can still make swift and effective moves. He has seen service in Italy, and we are wondering if he will be returning to the Mediterranean theatre or will his next action be in France.

We were delighted to meet an old townsman the other day looking more like his real self than for many a year. We refer to Mr. Revis P. Stouffer, a died-in-the-wool Stouffville boy and no mistake. Mr. Stouffer has certainly battled all kinds of sickness over the years, but seems to have defied the arch enemy of man in an amazing manner. He spent a couple of days with Mrs. Noah Stouffer here, but now that he is in better health we hope to see him more frequently.

Magazines Still Sought
Although the C.G.I.T. girls are enjoying a vacation from their activities in assisting the local Navy League branch in collecting magazines for the sailors, the need is still great, and a mid-summer appeal is being made to bring your magazines to Riches Hardware where they will be sorted and bundled for shipment. Any current publications are acceptable other than religious books and catalogues. Playing cards are also needed.

Sergt. Kester

Lorne Kester, son of Mr. and Mrs. Ross Kester, townline residents east of town, has been promoted to the rank of Sergeant. Lorne is in England attached to the pay-office of the R.C.E.M.E. He reports getting his weekly copy of The Tribune right along.

Vivian Man Ill

Resident at Vivian for, upwards of 20 years Mr. Harry Shackman is not in very good health, and since he is 77 years of age he is anxious to retire from the farm. Mr. Shackman is offering his well known property for sale through an advertisement in this issue.

Boadway's drug store is sort of having its "face lifted". A modern new front is being installed under the workmanship of Mr. Chas. Atkinson, and his assistant, William Armstrong. It will be vitrolite finish, giving the place an attractive and modern touch.

YES, There's a SHORTAGE-

... in fact, quite a serious shortage of bottles and cartons. However, it can be overcome if customers return their empties, in the original containers, promptly—to the nearest Brewer's Retail Store—as these can be used over and over again. In this way you can help us maintain steady supplies for you.

Thank you!

TRUE OR FALSE?

"Long Distance Telephoning is heavier than it was a year ago"

IT'S TRUE—For the first three months of this year Long Distance lines handled calls at a rate which would represent an increase, over the full year, of nearly three and one-half million calls.

So you see we're not out of the woods yet—and won't be until the war is won. Please continue to keep wartime communication lines clear—use Long Distance for essential calls only. Delays can cost lives!

REMEMBER—NIGHT RATES NOW BEGIN AT 6 P.M.
