"Remember the Sabbath Day to keep it holy," and that other quotation, "Six days shalt thou labor and do all thy work," were being balanced off against the Bible story that some folk seem to think puts the former texts in reverse, and which refers to the rescue of an ass on the Sabbath day. In any event nobody wants to work on Sunday. If he or she is not deterred by reason of Christian beliefs, then there is the human demand for rest. However, the peas just had to be harvested and this accounts for what you may have seen on Sunday on the John Scott farm. Folks were wending their way (or no, they don't wend it to church any more—they just skip along in cars), and while they were travelling to church on Sunday morning, drawing in went on full pace on the Scott acreage south of the village. Mr. Scott declares he finished in time to allow him to attend church himself in the evening, a salve to his conscience, says John.

It appears to have been a great emergency, and those who have grown peas best know how important it is to harvest them on the exact day they are ready for the podding machine, called pea harvester. There were five acres on the Scott place, and they yielded some eight tons of peas which will account for something like 16,000 to 20,000 cans of peas. Frank Gostick is still harvesting his crop of pods, while other growers include Robert Jackson, Lorne Bath, Ross Evans, J. Martin and Norman Burton. There wasn't a crop failure on the farm of any one of the places here mentioned and all of them had considerable acreage, although Mr. Scott was probably the largest producer. In one instance the crop on a farm became too ripe and is being left for seed under instructions from the Canning Co. at Whitby.

SUMMER WEDDING IN WHITEVALE, ONT.

Rev. J. R. Bick officiated at a summer wedding in Whitevale United Church when Marion Olive Hagerman, daughter of Mr. and Mrs. L. Hagerman, became the bride of Mr. John Neil Petty, son of Mr. and Mrs. John Petty, Cherrywood. Mrs. N. K. Robinson was at the organ, accompanying Mrs. Gordon-Hagerman, soloist.

Entering the church on the arm of her father, the bride wore a gown of white sheer with a fingertip veil of embroidered net held by a heart-shaped headress. She carried a bouquet of red roses and swansonia. Miss Jean Linton, cousin of the bride, was the one attendant in a turquoise blue sheer dress with a floral bandeau. She carried a bouquet of pink roses and snapdragons. Mr. Thos. B. Tyner, Marlbank, attended the groom and the ushers were Mr. William Ormerod and Mr. Stanley Milroy.

The reception was held in the garden of the home of the bride's parents. Mrs. Hagerman received wearing a dusky pink ensemble, assisted by the mother of the groom, who wore a frock of grey and white.

For travelling the bride changed to a silk jersey frock of canary yellow with black accessories.

KIDD—BYAM

The home of Mr. and Mrs. Wilbert Byam, Uxbridge township, was the scene of a pretty wedding on Saturday, July 15th, when their second daughter, Nancy Evelyn, was united in marriage to Teiford Vance Kidd, younger son of Mr. and Mrs. Johnston Kidd, of Goodwood. The ceremony was performed by Rev. L. E. Atkinson, of Uxbridge, assisted by B. Garrett, of Goodwood. Miss Dorothy Hockley, of Claremont, played the wedding music.

The house was decorated with summer flowers, and the ceremony took place under an arch trimmed with pink and white streamers.

The pretty bride, given in marriage by her father, looked charming in a floor-length gown of white sheer and lace over organdy. Her floor-length halo veil was trimmed with seed pearls, and she carried a bouquet of American beauty roses. The bridesmaid was Miss Minnie Byam, sister of the bride. Mr. Marvin Maye, of Goodwood, was best man.

During the signing of the register, Miss Edith Peters, of Port Perry, sang "O Perfect Love."

A long table trimmed with pink streamers was set out on the lawn, on which the wedding cake made a pretty centrepiece. About fifty guests sat down to partake of a bountiful supper. The waitresses were Miss Wilda Burns and Miss Alexa Stone.

The groom's gift to the bride was a gold locket, to the bridesmaid, a string of pearls, and to the best man, a cigarette lighter.

Many beautiful gifts were received from the friends and relatives.

Later, amid showers of confetti and good wishes, the happy couple left for Niagara Falls, by motor and boat. On their return they will reside on the groom's farm near Goodwood.

Guests were present from Toronto, Oshawa, Orono, Utica, Claremont, Port Perry, Seagrave, Quaker Hill and Goodwood.

HAIL, WIND AND RAIN WRECK CROPS NEAR BROUGHAM

A terrific storm, accompanied by hail and wind swept this section of the country on Wednesday night, and again on Thursday afternoon, completely ruining the crops of some of the No. 7 farmers in the Brougham area. The hail lasted for nearly an hour, and some was still visible the next morning. The transformer at the corner of the Brock Rd. and No. 7 Highway was blown out, although no fire occurred. Grain fields on the farms of Thos. Philip, John White, Ralph Holtby and Walter Pascoe were particularly hard hit, one of the men losing a litter of pigs through drowning. At the Arthur Carlton home windows were shattered in the house by the hail. Garden vegetables and flower beds were cut to shreds by the downpour.

BRITAIN CONTRACTS FOR 100 MILLION LBS. BEEF FROM CANADA

Hon. Jas. G. Gardiner, Minister of Agriculture announced July 14 that negotiations have been completed for a contract to supply the United Kingdom with a minimum quantity of one hundred million pounds of beef during the two-year period 1944 and 1945, and in addition to this minimum quantity, all further surpluses of beef as they become available. The negotiation of this contract has the effect of assuring floor prices for beef on a revised scale.

In the case of Special ("Red Brand") beef and Commercial beef of "Blue Brand" quality, the Meat Board will purchase for export to the United Kingdom an agreed quantity at prices 25 cents below their respective ceilings. If further surplus quantities of "Red" and "Blue" brand beef are offered to the Meat Board, the Board will purchase all such additional quantities at prices 50 cents below the ceiling.

Other qualities of beef will be purchased on the following basis:

Choice of good quality cows 75 cents below the ceiling.

Commercial quality not qualifying for "blue" brand \$1.25 below the ceiling.

Accumulation of beef of lower qualities will be avoided by inclusion in the exports of substantial quantities of boneless manufacturing beef.

The above prices constitute in effect floor prices since the Meat Board will be prepared to buy all quantities offered to it.

If present trends of marketings continue and if high quality cattle come to market in an orderly manner, it is expected that the minimum quantities provided for in the United Kingdom contract will maintain the prices of "Red" and "Blue" brand beef at a point not lower than 25 cents below the ceiling. In any case, however, no matter how heavy or irregular the marketings may be, the producers of "Red" and "Blue" brand beef will have the complete assurance of the protection of floor prices at not less than 50 cents below the ceiling.

These new floor price arrangements will come into effect on August 21, 1944, and will replace

Any secondary school board may postpone the opening of high schools up to a month this fall if a sufficient number of pupils are engaged in harvesting, preserving, processing and canning, it was announced last week by the Ontario Department of Education. Boards must notify the department of extensions after Sept. 5, which was named as the date for high schools to open.

the variable and graduated floors which have been in effect during the 1943-44 season. Under last year's arrangements, the floor prices ranged from \$2.25 below the ceiling during the late summer and autumn months to 25 cents below the ceiling in the spring and early summer months. The new floor prices will remain level throughout the year.
