The writer saw Mr. Calvin Stafford stepping down the street near the four corners the other day, just like a youthful business man. Yet this life-long citizen was 91 1/2 years of age last spring. May his footsteps never grow heavy.

One of the best known farms at Goodwood the 100 acre place belonging to George Maye and tenanted this past 17 years by Bert Staley is being offered for sale, as Mr. Staley intends to give up farming next spring and locate in the village. The place is in a high state of cultivation and has been in the Maye family now for nearly 50 years. George Maye's father bought the place when he lived in Scarborough, and some 30 years ago, George took it over, so that one has to break a good deal of sentiment to sell, but Mr. Maye says, it is the only thing to do now.

W.P.T.B. QUESTIONS

Typical questions consumers have asked the Wartime Prices and Trade Board this week are answered by the Central Ontario Consumer Branch Committee.

Q.—What may I charge for a furnished room with board in my own home? I have just furnished it and want to list it for rent. May I collect the full amount of rent if the tenant is away on holidays?

A.—If you are renting for the first time you must apply (as you are located in Toronto) to the Rentals Administration, 330 Bay Street, Toronto, for a fixation of rental...when you have completed the proper forms an appraiser will call and look over the accommodation...he will set the maximum rental you may charge...whether or not you collect full rent from the tenant when he is away on holidays is a matter to be agreed upon by yourself and your tenant...the general practise is to charge for the room...but not for the board...when a tenant is away.

Q.—My husband has just returned from overseas...he has never had a ration book in Canada. How can I get one for him?

A.—If your husband has been discharged from the army he should apply to his Local Ration Board for a civilian ration book...have him take along his discharge papers and a new book will be issued to him. However, if he is still a member of the armed services he will receive ration coupons from his own Orderly Room when he is on leave.

Q.—From time to time during the summer, we have several men employed to help with the farm work. They are not permanent employees, but take all their meals with us. May I take coupons from their ration books as we really need the extra supplies in order to provide good meals?

A.—If these men remain in your employ for a period of 14 days or longer you should ask them for their own ration books...then take these books along when you are shopping for rationed foods...don't take loose coupons...however, if they are only there for a few days at a time you may apply to your Local Ration Board for extra coupons...they will issue coupons to cover the number of meals you serve to extra help...you will be asked to fill in a form stating the amount of work done, the number of men employed, the number of days they will be working, etc.

Q.—I purchased a 1 lb. container of honey...No. 3 grade dark...and was charged 23c. This seems a very high price as some time ago I could purchase a 4 lb. pail for 75c. Was I overcharged?

A.—If the 1 lb. of honey which you purchased was in a glass container you were not overcharged...23c is the maximum price per lb. for honey of this type in a glass container...in a container other than glass the top price is 22c...honey, jams, etc. purchased in large quantities are always a little cheaper than when purchased in small lots...this is caused by the extra labour, extra containers, labels, etc. required for the little containers.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book (the book in which you keep track of your ceiling prices) mentioning the name of this paper to: Wartime Prices and Trade Board, 406 Metropolitan Bldg. Toronto.
