

# Local and Personal Happenings

## POULTRY FEEDS

**FULL-O-PEP EGG MASH**, Western Wheat and Western Oats (1943 crop). It is advisable to use old grain FOR POULTRY

**Oyster Shell, Grit, Charcoal, Dr. Hess Poultry Pan-min, "Worm Pullets" before Housing and leave Worms out on range". Use DR. HESS Worm Powder.**

**DR. HESS and CLARK Tonic**

This is the time of the year to start to use Tonic and Mineral supplement for all stock. When the stock are being changed from green feed to dry feed, the tonic helps the digestion.

**DR. HESS HOG SPECIAL** for Hogs only  
**DR. HESS STOCK TONIC** for Cattle and Horses.  
**PTZ POWDER OR PELLETS** for Sheep.

## STIVER BROS.

STOUFFVILLE — — — ONTARIO

The time is probably close at hand when we may be called upon to celebrate the armistice or cessation of hostilities in Europe, and a meeting of the council and school board might be a good beginning to lay plans for such an event. Many towns are holding public meetings to discuss the plans while big stores in cities are arranging for a day off.

The day may soon come when yellow and black traffic and warning signs will replace the traditional black-and-white markings on the highways and in cities, color experts believe. Yellow and black have been found to be a color combination of much greater visibility under all conditions.

With apologies to Premier Churchill, never did so little stir up so much, as when a member of the municipal council proposed an increase in water rates running from 50c. per six months to \$1. for the heaviest user. The threat of the small increase caused one or two ratepayers to call a public meeting, then to stand on the street and wait for the crowd that failed to come.

Miss Marguerite Grubin who is now residing in Toronto with her mother, Mrs. Alex. Grubin, visited in Stouffville with friends during the weekend.

Surg.-Lieut. Harry Wilson is at his home here on leave from his R.C.N.V.R. post in Newfoundland.

Nature's artistry in tree trimming is worth a drive into the country to enjoy just now.

Among the recent property sales in town we overlooked the reported transfer of the stucco cottage on Main street almost opposite the Presbyterian church from Mr. Arthur Paisley of Whitechurch to Mrs. James Rennie. The price is reported to be \$1,800, and possession will be given in the spring. The property is at present occupied by Mrs. Jack Barkey and her family. The place will make a comfortable and convenient home for Mrs. Rennie who at present occupies rooms in the home of her son in town.

Stouffville merchants will close their stores Tuesday evenings at six o'clock after remaining open all summer on this night of the week. This arrangement was agreed on by the merchants last spring when an agitation was started to remain closed all summer on Tuesday evenings which would have broken a long established custom of giving summer service to the farmers.

Parents should warn their sons who ride bicycles that there is a town bylaw forbidding riding bicycles on sidewalks. The speed with which some lads ride on the walks would indicate that they do not realize that they are infringing the bylaw, and should an accident happen they may be charged with a breach of the law.

Mrs. Frank Cooper of Sunderland was in town last week visiting Miss Effie Harding and other relatives. An old resident of this place Mrs. Cooper is 87. Her brother Hamp Yake is 92, and we are not sure which of them is the most alert. Both brother and sister are active and keen and enjoy travelling about a bit.

The Shutz Sand and Gravel Co. who have operated at Gravel Hill for some weeks, expected to move this week to Guelph. They moved over 30,000 yards of gravel, including that put on the roads of Whitechurch and Uxbridge township and a sizeable order for the Jupp Construction Co. for placing a gravel mulch top on the highway from Stouffville to Goodwood.

### KING-CRAPPER

Mr. and Mrs. Russell Albert King, married Sept. 16, in Humblercrest United Church, the bride formerly Lorraine Adelaide Crapper, daughter of Mrs. Crapper, Stouffville, and the late William Crapper. The groom is the son of Mr. and Mrs. Leslie King.

### MISS EILEEN R. STIVER

Miss Eileen R. Stiver only daughter of Mr. and Mrs. Fred G. Stiver of Unionville and niece of Mrs. Roy Curtis, and Mrs. Percy Tarr of Stouffville is to become the bride of Harold Victor Chadwick, son of Mrs. Chadwick of Unionville and the late Mr. Chadwick. The bride-to-be has three brothers in the armed services, Kenneth, Gordon and Howard, the first mentioned having been wounded fighting in Italy.

Mrs. Harry Brillinger and Mrs. A. V. Nolan are in Toronto this week attending the Grand Chapter sessions of the Eastern Star.

The regular meeting of the Servicemen's Wives and Mother's Club will be held in the Municipal Hall, Monday, Oct. 2nd, at 8 p.m.

### Announcement

Mr. and Mrs. W.D. Parker, Stouffville, will receive their friends at their home, Church street, on Tuesday, Oct. 3rd, from 8 to 10 o'clock in the evening, to mark the occasion of their golden wedding anniversary.

Bert Paisley who was so severely shaken up when his truck came into collision with a C.N.R. train at the townline crossing above the town last week, is making good recovery, we are pleased to report.

The fourteenth Mobile Blood Donors Clinic will be held in the United Church Hall, Markham, on Thursday, October 19th, from 8.45 until noon. New donors please eat a breakfast which does not contain fats; call cards will be in the mail shortly for donors already registered with the clinic.

Decidedly, heavy frost over the weekend, and unusually cool weather forced many home owners to light their furnaces, or provide other heat in the home. It's not often that we have to heat up in September, but then there, may come a mild spell later when coal will be saved, so there is no cause for alarm yet.

### AMMUNITION FOR HUNTERS

"Only a few days remain for procrastinating nimrods to get their purchase permits for small arms ammunition," F.C. Butt, assistant deputy administrator of rationing, warns. He stressed that Sept. 30 is the deadline no permits for ammunition for sporting purposes will be issued after that date. Application should be made to the nearest local ration board, it was pointed out, and the applicant must present his gun registration certificate and his ration book.

Mrs. Whytall, sister-in-law of Mrs. Geo. Lawson, westend, has been here visiting for a few days from Montreal.

Benny Jones of Goodwood, and popular Stouffville High School student, who enlisted several months ago with the R.C.N.V.R. left Sunday to begin his training at Quebec.

### The War Branch

We wish to thank the following for donations of goods: The Excelsior Class, 9th Line group; Mrs. R. Leslie, Mrs. McBride, and a couple of anonymous givers. If you care to fill a ditty bag or make a donation it will be appreciated.

Mrs. E. J. Davey, secretary.

Miss Mildred McDonald of Toronto was a visitor with Misses Mary and Jessie Lemon during the weekend. Miss McDonald accompanied Mr. and Mrs. A. James and daughter who motored out to visit Mr. James' sister, Mrs. A. C. Burkholder.

The circulation of The Tribune is larger than that of any other weekly newspaper published in Ontario county and larger than any other paper in the county of York with one exception.

### A Trifling Mistake

The wife of a man who had enlisted in the Navy handed the pastor of her church the following note: "Peter Bowers, having gone to sea, his wife desires the prayers of the congregation for his safety." The minister glanced over it hurriedly and announced: Peter Bowers having gone to sea his wife, desires the prayers of the congregation for his safety." What a difference a coma can make.

Mrs. Somers arrived back in town on Saturday evening all the way from her home in Charlotteville, P.E.I., after having spent her holidays here only a few weeks ago. Her unexpected return was due to the serious illness of her father Mr. Edward Walls, and Mrs. Somers' professional skill will mean much to his early recovery.

John Spence retired farmer living on Baker avenue should be proud of his town garden; for he presented us with two potatoes the other day which tipped the scales at almost four pounds, each of them being of the same weight, about two pounds, with smooth skins and free from roughness of any kind. In fact they were the perfect tubers, to look at, and were perfect for cooking, coming out nice and white. We have told you all about these murphies, excepting their "breed," and this we failed to make enquiry about.

Beginning next week the stores in Stouffville will close on Tuesday evening at six o'clock after having remained open all summer until a later hour for the accommodation of the farmers. Persons from out of town should note this fact. The merchants have rendered a splendid service all summer that was clearly appreciated, as indicated by the large crowds that rolled into town on this open evening, and which on some occasions rivalled the Saturday night crowd. Now that the evenings are not so inviting, and time in the hands of the farmer not so pressing, the need for remaining open is not present.

We had a good look at a filled ditty bag at the home of Miss Mae Urquhart a few days ago, and believe it or not, we would have appreciated receiving such a bag ourselves. Any soldier, sailor, or airman fortunate enough to receive one will never forget it. The quantity, the number, and the quality of everything going into the bag is amazing, while each article will prove to be just what those boys can use and stand in need of. Miss Urquhart's bag was estimated to cost several dollars, plus a lot of thoughtful work. Many others are donating bags right now, or their equivalent in cash to the Stouffville War branch for immediate shipment.

### Does Own Housework at 93

Mrs. Henry Hodgson reached her 93rd birthday on Saturday and marked the occasion by being surrounded by her son and his family. Mrs. Hodgson has only her son and his wife, one grandchild and two great grandchildren. Despite her great age she insists in keeping her own home on Church street and does the work with little or no help. She rarely fails to be in her accustomed pew every Sunday morning at the United Church where she sits not far removed from Mr. Nathan Forsyth, who celebrated his 92nd birthday early in the same week as mentioned in our last issue, and who like Mrs. Hodgson does most of his own housework. Few congregations, we imagine, can boast of two members of so great an age, and both among regular attendants. When asked about doing her housework, Mrs. Hodgson said, "and why shouldn't I?"

### Firemen Called to the Dairy

The fire alarm sounded about 10.30 in the morning on Monday, owing to a blaze that broke out at the Maple Leaf Dairy premises. Fire started around the chimney where it passes through the roof, and gained quite a start before anyone saw it. When the brigade arrived the water and chemical hose soon brought the trouble under control. Cause of the fire may have been a spark or an overheated furnace pipe.

### Religious Instruction Authorized

At a special meeting of the Board of Education authorization was handed to the principal of the public school to follow the teaching of religious instruction as handed down by the Department of Education. There was quite a full discussion of the issue, but the general opinion was that the Stouffville school should abide by the curriculum set by the Department. It appears that Boards of Education who raise objection to religious instructions in the schools, are given power to drop the subject.

### PEACH'S ANNIVERSARY

Peach's Church Anniversary will be Sunday, Oct. 1, with Rev. Roscoe Chapin, speaker for the morning, assisted by Mrs. L.A. Brown, soloist, and Rev. Dr. B. R. English of Toronto for the evening, with Mrs. A. Miller, soloist. Morning service at 10.30 a.m. and evening at 7.30 p.m.

### ODDMENTS IN THE RURAL NEWS

The first year high school student who professed to having a studious mind, asked the question, "If Anna Bartlett Warner hymn writer, who wrote 'If I love Him when I die, He will take me home on high,' knew anything about automobile days since she made such a statement long before the car era came in. Children are singing it today with great gusto in our Sunday Schools.

Former Markham Twp. Reeve 90 — Mr. Walter Scott, of St. Catharines, a former highly esteemed citizen of Markham Township, and father of Walter Scott, principal Richmond Hill Public School, celebrated his ninetieth birthday September 13.

Walter Scott was an outstanding citizen of Markham Township for many years, having been a successful farmer in the Victoria Square district until his retirement in 1927 when he took up residence in the Garden City, St. Catharines. Of Scottish ancestry he is the son of Walter Scott and Margaret Ferguson, who came from Scotland to King Township as pioneer settlers. One of a family of eight children Mr. Scott, after his marriage to Elizabeth MacConachie, took up farming on his own near Victoria Square. A successful farmer, he was an outstanding citizen of the community and took an active part in public affairs, having served his municipality as Reeve, and on one occasion was the Liberal candidate for the Legislature in East York. At the time of the passing of his wife, he retired from the farm and has lived in St. Catharines ever since.

The Township of Nichol near Fergus in setting its tax rate, included a half mill for the Federation of Agriculture.

### Forty Acres of Corn

A forty-acre stand of corn on one of Mr. Ernest Ackert's farms east of Holyrood, is really a sight to behold. This particular farm has been in pasture for some years and, since it was broken up, is producing its first crop—and what a crop—a solid forty acres of corn, standing about six feet tall. There may be few such fields of corn in the province to equal this one.

In the police court at Orillia a lawyer made bold to complain about the costs "piled" on to any and sundry convicted of an offence. He said he was not casting any reflection upon the court, when he said, "a poor man is afraid to come here and get his case because of being stuck with the full costs of the Crown and witnesses." He evidently was speaking of the system of costs generally. In doing that he is a man after our own heart. On different occasions this Page has protested the "piling" on of costs on top of a fine, in other words adding a second penalty. As the law stands the "costs" are fixed, but there should be a change. That there is fear about being tangled up with the police court, in fact almost any court, cannot be successfully denied. There are costs at every turn. Were more lawyers to speak out the complaint might possibly, some time, be heard in the legislative halls at Toronto. Were this to happen, with a premier who is a lawyer, in a position to act, some satisfactory change might be looked for.—Collingwood Enterprise Bulletin.

# Let's Face the Facts!

- = Shortage of Materials
- = Factory Facilities devoted to war work
- = Shortage of Farm Help

## New DURO Pumps

are available in greater quantities this year but still not enough to meet the demand.

The Dominion Government authorized increased production of Farm Machinery and Pumping Systems because it was recognized that labor-saving devices were necessary for the farmers to increase production of farm products.

We will supply our Duro Dealers with as many Duro Pumps as materials and manufacturing facilities will permit, but War Production must come first.

Keep in touch with your Duro Dealer — he will do his best to take care of your needs. He will also assist you to secure permit to purchase from your Rationing Officer at the War-time Prices and Trade Board.

EMCO Quality Bathroom Fixtures and Fittings are still available in a good range of styles and prices. Consult your EMCO dealer regarding those now available.

## The Agnew Hardware
