WILLIAM JAMES BENNETT

After a short illness William James Bennett passed away at his home in Agincourt on Monday of last week. A son of the late Edward Bennett and Mary Ann (Lee) Bennett, he was born on the town line west of Stouffville in the year 1866.

He farmed near Lincolnville for some years, also on the Fifth and Eighth Concessions of Markham Township. He also lived in Stouffville for some time and was employed at Stiver's elevator. He retired from farming about three years ago and moved to Agincourt.

Mr. Bennett is survived by his wife who was Miss Frances Hannah, two children by a former marriage, Wellington and Edith (Mrs. Penny), five grandchildren and one brother and sister.

A private service was held at the residence, with public service in St. Timothy's Anglican Church, Agincourt, conducted by the rector,

Stouffville Minister To Preach in Historic Church

The historic United Church at Almonds near Whitby associated with the Whitby pastoral charge under Rev. Clifford Fark, will celebrate over a century of history at special services on Sunday. The afternoon service will be conducted by Rev. Martin Jenkinson of Pickering, and the evening service at eight o'clock by Rev. Edgar Morton of Stouffville.

History records that the late James Almond, after whom the church was named, built it about the year 1833. There had been, however, a congregation worshipping at Almonds before that and it is figured in the absence of accurate records that Sunday next is the 103rd anniversary of the church. The present building, it is reckoned, has been in use for about 90 years, and is little changed from the day it was finished by the strong hands of pioneers, who it is reported, contributed free of charge their labor and brought the timber from the woods. It has, however, during the past few weeks been redecorated inside and out, and electric lights have been installed.

Rev. R. Hill. Interment was in the family plot in Stouffville Cemetery.

George Redshaw's sale this Wednesday afternoon attracted a splendid crowd despite the threatening weather. It was just wet enough to hold up the silo filling, so the gang shut down and came to the sale. Auctioneer Farmer was yelling to the top of his voice and swinging both arms like a teddy bear as this is being written for the Tribune. He means to get good prices and we are sure he'll have 'em in another two hours. So long.

There's still worry about the coal situation in this country and the Munitions Department advises householders, especially in certain regions, to place orders at once for delivery when the dealer can deliver. Since war started Canadian coal consumption has jumped about 70% from 28,000,000 short tons in 1939-40 to an estimated 47,000,000 short tons for 1944-45. Our imports from the U.S.A. doubled in the last 3 1/2 years; but their own domestic consumption increase makes further importation difficulties for us.

Mr. and Mrs. Frank Rowbotham and daughter, Mrs. Geo. Dewitt of Gormley left by motor on Wednesday to visit Mr. and Mrs. Bruce Rowbotham, Shawinigan Falls.

Let George Knit 'em

Stouffville is not ashamed of its record as the home of great knitters, but the town of Chesley boasts of a knitter who has produced 190 pairs of socks, not by the hand of a woman, but by none other than a man, Mr. George Tolchard. "Let George do it," seems to be the order of the day in the Bruce town. Anyway George does it, and some of the pairs were long seamen's socks 15 or 16 inches.

The hog population of Canada is placed at 7,741 this year, according to Dominion Bureau of Statistics.
