German Propaganda Leaflet Sent Home By Wally Nicholson

"You Have Been Trapped," is the glaring headline on the propaganda leaflet, showered on Canadian troops by the Germans when in France, shortly after the invasion of western Europe. One of these leaflets has been sent by Lance Corp. Wally Nicholson to his mother, Mrs. E. Nicholson in Stouffville. The short text of the pint-sized sheet is as follows: "You have landed on the continent to face the armed might of Germany—but not for the benefit of Britain! Your country will gain absolutely nothing from this struggle, no matter how well you may fight. The Bolsheviks alone will profit by your sacrifices. One thing is certain—the Allied casualties are and will continue to be enormous, although the amount of territory captured will be small!"

CONSUMED 16 TURKEYS AT CHURCH SUPPER

At a neighboring place called Snowball the other evening a hot turkey supper was served by the women of the United Church, to raise money for installation of electric lights in their church. They issued 325 dollar tickets, divided into three groups, with each group coming at a specified time for supper, so that there would not be the usual long waiting list and consequent confusion. It worked fine and an excellent meal was enjoyed. Just how much it was appreciated may be judged from the fact that sixteen turkeys were consumed and 200 pies, together with heaps of bread and other pastry. A similar supper is being served at Boggartown in Whitechurch on Nov. 24 for which tickets are available at \$1 each.

Don't let your paper run in arrears, as this means the subscription will be cancelled. We appreciate the fact that 85 per cent. of the readers do not require expiry notices.

Barbering Activities

Mr. Len Keeping has taken a position operating a barbering shop in Toronto, thus the east end shop conducted at his home here will not render any more service for the time being at least. There were two or three days the fore part of last week when the only barber shop open for service in town was Bill Harding's west end emporium. Both Bob Snowball and Red Forsyth were back north on the deer runs, so if the men folk appeared to be lumbering around with an over-burden of whiskers, or unduly long locks, you'll understand they have a good excuse—a temporary shortage of clip-snippers.
