### LOCAL PERSONS WILL BE INTERVIEWED ON STOUFFVILLE BROADCAST, DEC. 15

The Ontario Panorama program heard over CFRB every Friday evening at nine o'clock and sponsored by the Willard Chocolate Co., Limited, is growing in interest in this district, since it fairly brims with interesting rural Ontario personalities. The broadcast originates from a different Ontario town each week, and will be broadcast from Stouffville on the evening of Friday, Dec. 15th.

Noted radio men Alen Savage and Gordon Sinclair will be here to conduct the broadcast from the Stanley Theatre.

Those who are fortunate to gain admission to the Theatre that night will see just how a big broadcast is conducted, while the great majority, of course, will enjoy the broadcast and the sound of familiar voices right in their homes. Half a dozen citizens of town and district will be interviewed, all having something distinctive in their own special line.

Do not forget to listen in this Friday evening to this broadcast at 9 o'clock.

### Forsakes Green and White

Markham Junior hockey club will forsake their original green and white colors this season for a red, white and blue combination. The southern village has worn the distinctive green and white for a good many years, and the fans may find some difficulty for a time in spotting the home team. Both Markham and Richmond Hill have already had several practises in readiness for the current season.

Eight members of the Stouffville Lions Club were in Richmond Hill on Thursday evening attending the first zone meeting of the newly formed Lions Club zone 18, which reaches from Bradford on the north to Westhill on the Kingston Rd. ### Pool Room Changes Hands

Business man for quite a few years operating the pool room in town and before that conducting a store that was burned, near the C.N.R. station, Hugh Anderson now counts himself on the retired list. Not that he wanted to retire or that ill health forced him to it, but rather it was other circumstances. The building in which his pool room was operated was sold to Red Forsyth, and unable to obtain other quarters for his tables Hugh sold out to the barber who moved his shaving and hair clipping outfit to the pool room. "Red" Forsyth too was forced to move since Bert Bell, the implement agent bought the building used for so many years in taking off weekly harvests of hair. Henceforth the premises will dispense implements to remove the farm harvest. "Red" intends to slick up the pool room premises so that the place will be spick and span, and attractive to his customers.

### VISITED VIMY RIDGE

An interesting letter from Cpl. T.E. Galloway, son of Mr. and Mrs. Edward Galloway who lived in the east end of Stouffville and now reside at 1770 Queen street East, Toronto, has recently been received by his mother. Cpl. Ed. writes from Belgium and in part his letter reads:

"I saw something in France that I certainly never expected to see when they were building it. The Vimy Memorial. It is quite an imposing sight even if I only saw it in the distance. Some of the fellows got a chance for a close inspection but I wasn't lucky enough for that. However, I went down over Vimy Ridge and I can understand why there was such a battle there in the last war. It is a very sharp sided and very deep ravine and the shell holes are still there from the last war. There isn't a foot of that ground that isn't shell pocked. It is all grass grown of course, but the marks will always be there. There is even barbed wire there yet. I would hate to have been one of the boys who had the job of charging that hill."

Miss Eulah Brillinger was in Kitchener visiting friends during the weekend.

Rains of past week has made the plowing easier, farmers report. In town, too, dozens of gardens are being plowed that defied being turned over three weeks ago.

His flight was brought to a halt at Main St. Shafts and harness were badly riddled.

### Will be 80 Tomorrow

One of our highly esteemed women Mrs. Esther Tarr, Main street east, will reach her 80th birthday tomorrow, Friday, Nov. 24, and although in somewhat delicate health Mrs. Tarr anticipates with keen enjoyment a call from many of her friends. It is 24 years since Mrs. Tarr with daughter Vera, and son Percy, left the farm at Mongolia to live in town. Mr. Tarr died 30 years ago, and an interesting fact about the couple is that they could always celebrate their birthdays together with complete accuracy. Mr. Tarr, however, was ten years older than his wife. A mother of very pleasing personality, and possessed with high ideals, we all join in wishing Mrs. Tarr many happy returns of the day.

### Arthur Williams Laid to Rest

### Paul, What Doest Thou?

Mr. Paul Crawford, proprietor of the Brown Betty Tea Rooms was in difficulties the fore part of this week, when on Saturday preceding he was charged with creating a public nuisance by furnishing county and local police with misleading information in connection with the ownership of a motor vehicle, which sent the cops chasing all over everywhere for no good reason at all. Summoned into court Monday morning, Paul was allowed to place his end of the story before the magistrate, and after all was heard, judgment was reserved.

A reliable farmer of Dutch descent assured us last week, that there is little likelihood of a permanent winter freeze up as long as the land remained so dry. We like to hear this kind of forecast and only trust it proves accurate.

### Now, What's A Gilt?

Last week a farmer in the Sharon district sent in an advertisement to dispose of several "Gilts," and everybody it seemed wanted to be enlightened on just what a Gilt is. Well, to be honest, we had to be informed on the matter ourselves since The Tribune dictionary failed to enlighten us. A gilt happens to be a young female pig according to definition in an old Webster dictionary, a term more commonly used in England. Young pigs are selling well, and we believe those "Gilts" will go too, when farmers once find out what they are.

## We Can Buy Our Way Into a Breadline!

History is a meek little word that covers a multitude of suffering. And only through profiting by past mistakes... will we suffer less! Remember how in the last war folks "blew" their money. Needless spending caused prices to rise... so that by 1918, the you buy today for 89¢ cost \$1.85 then; while baby's coat was compared to a similar coat at today. This was inflation and all too soon it was followed by the inevitable depression! That's why our government is determined to prevent inflation now... why there are price ceilings and other anti-inflationary measures to hold the cost of living down and keep our dollar value high. And YOU help prevent a future depression and keep your dollars high in value... every time you pass up a needless luxury ... invest your money wisely ... and avoid black market spending.

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!
