## NEED SHUR-GAIN CHICK STARTER

Baby Chicks need Fresh Feed. That's why SHUR-GAIN Chick Starter is so popular with poultrymen today. SHUR-GAIN Chick Starter is made up frequently, and only as needed, so that no feeding value is lost through lack of freshness.

You can't beat SHUR-GAIN Chick Starter for palatability either, and that means a lot to baby-chicks, for the more they eat of a feed they like, the faster they grow and develop into sturdy young birds.

**THE SICK GO TO THE SENATE**

We were amused by a report in the Daily Star that Hon. N. McLarty would not contest the next federal election since his health is not what it should be. Then the report went on to say that Mr. McLarty would in all probability be given a seat in the senate. Just what a lot of people believe, the senate is a place for "old fogies" who can sit or stand if they wish, but always with a fat salary. The King government is about to fill 15 vacancies in the senate. Would that this government were brave enough to reorganize the red chamber and stream line it so that those 15 seats would not be filled by this or any other government.
