

We Are Truly Thankful

To our God, by whose Grace and Power
We have gained the Victory
To our gallant dead, whose memory we
Shall ever cherish
To our heroic living, whose high courage
And bravery have inspired us to nobler effort
To all who have contributed to the
Overthrow of Tyranny and the establish-
ment of Peace.

FEDERAL ELECTION JUNE 11 Vote for Sinclair

To the Electors of Ontario Riding:

I have filed my nomination papers and am now an official candidate. I am no stranger to you. I was your member in the Legislature for several years and Leader of the opposition for 10 of those years. My experience there will enable me when elected to take full part in the work of the next Parliament of Canada which will have largely to do with postwar reconstruction and the building of a greater Canada. I therefore appeal to you with confidence for your support at a time when experience and mature judgment are the prime qualifications for membership in the new Parliament.

The European War has drawn to a close to the joy of all after many anxious and trying years. We are celebrating the Victory with heartfelt thanksgiving. During those years the management of our affairs has been in the hands of a government which has spared no effort to prosecute the war with full vigor. The record of the government is above reproach. There has been no scandal or improper dealing. The whole effort has been to bring our greatest support to the allied cause. On the home front our farmers have labored hard to produce food supplies, our munition workers, motor mechanics and airplane producers have worked long and faithfully to provide everything necessary for the support of our forces. Our young men and women have served and sacrificed on sea and land and in the air. All have joined in loaning money to the Government to pay for all services. Loyalty to our country and our cause has been the motive of the people and the Government. With such a record who but the same Government should have charge of the post-war destinies of Canada. The Government has the knowledge, acquired during the war years and the experience of all war problems to make it the only group capable of properly handling our affairs during the next few years to ensure to us the proper peace conditions. It should and must be returned to office to carry on.

We must look forward now and carry on for the welfare of ourselves and our country. With Divine guidance and our affairs in the hands of an experienced Government we shall succeed. I ask you to send me to Ottawa to lend my efforts and experience to the task of maintaining and improving the position of Canada among the nations of the world and enabling all its people to enjoy all the blessings of the peace years which are to follow our years of anxiety and sorrow, and to see that first of all our returning men and women are fully and satisfactory replaced in civilian life.

Yours for service to Canada,
W.E.N. Sinclair, Oshawa.
