## DON MORRISON

D.F.C., D.F.M.  
is your  
FEDERAL LIBERAL  
Candidate

Morrison's record: 150 flights against the enemy, 16 Nazi planes downed and damaged. He lost a leg in combat and spent one year in a German prison camp. Following repatriation, the R.C.A.F. made use of his outstanding organizing and directing ability in Canada until March 1945.

Morrison knows how Canadian farm produce was made available to Britain under

King government policies—and he knows how essential that food was to supply the people of Britain and the armies of the United Kingdom, Canada and the United States before D-Day. Without Canadian farm produce, victory could not have been achieved.

Morrison, himself an amputation case, understands the rehabilitation problems of returning service men.

## REMEMBER THE SHUT-INS

ON SUNDAY, JUNE 3rd  
Nearly two thousand years ago the visiting of the sick was included as one of the virtues to be practised by those who would be the Lord's disciples. On June 3rd many people throughout Canada, the United States and Great Britain will carry out the Master's injunction by making a special effort to visit and help bring joy and fellowship to as many shut-ins as possible.

Unless we have experienced illness ourselves, little do we realize what it means to be deprived of the opportunity to enjoy "God's great out-of-doors." In hospitals, sanitariums, homes and many out-of-the-way places millions of people know all too vividly the meaning of the words "shut-ins." To encourage more thought of these folk, the first Sunday in June is annually set aside to remind the public of its obligation of visiting or in other ways remembering those who are prevented through illness or other disability from enjoying the pleasures of the "outside world."

Let's make the shut-ins' lot a happier one by planning now to visit at least two sick folks, one a civilian and the other a disabled veteran on June 3rd, or to remember them with a letter, card or gift, anything that will tend to dispel that feeling of being useless and forgotten. A short car ride in the afternoon, too, for those who are able to enjoy one would be to many a greatly appreciated treat.
