HAY SALT in 500 lb. Lots \$4.00, 1000 lb. Lots \$8.00

CEMENT ON HAND AT ALL TIME.

STIVER BROS.

New Shoppers Here

Dean Hughes, CBL and Mrs. Hughes may now be seen in Stouffville on weekends among the crowd of shoppers, since this Toronto couple are spending some time at their newly acquired farm on the 6th concession of Markham opposite the Col. Deacon property and known as the Snowball place. Mr. Hughes has a special interest in Stouffville no less than we have in Mr. Hughes. He was the gentleman who came here to work up the local broadcast sponsored by this newspaper last winter, and broadcasted from the Stanley Theatre. But, you recall, Mr. Hughes was seized with a sudden illness five hours before the broadcast and his work was hurriedly taken over by Gordon Sinclair and Allan Savage. Mr. and Mrs. Hughes were in town on Saturday. Mr. Hughes is the author of

"The Craig's" on the daily noon broadcast over CBL.

Shepperton, pride of Frank Schelke, the Gormley race horse owner, failed to start in the meet at Hamilton, owing to a slight training setback, and has been moved across the border for some of the big stakes there. Here's hoping the big horse, which is held in esteem by all racing fans, gets back into stride again. He will race in Maryland and at Garden City, where he received the leg injury last year, which temporarily ended his racing career.

There is a popular and quite general demand for a garbage collection system in Stouffville. In fact the demand is becoming sufficiently pressing, that we predict that in another year the council will have to give the matter serious consideration. The town of Uxbridge recently inaugurated such a service and other towns enjoy it, consequently it should not be beyond the possibilities of Stouffville, especially for six months of the season when fires are out and there is no convenient way to dispose of rubbish and table refuse. There are two methods by which such a system can be operated. One is to make the collection general, and charge the total cost to each property owner on an equal house basis, and a second method is to require those wishing to use the system, to sign a petition, authorizing council to charge it to their taxes as a local improvement. Richmond Hill tried the latter plan but found it difficult with people dropping out and other constant changes. If a garbage system is necessary to the health of the community, the most satisfactory plan is to make a weekly collection of the whole town, and charge the cost to the general tax rate. If the collection is confined to six months of the year, the undertaking would not be prohibitive from a financial stand, although it might mean a mill on the tax rate. The Tribune would be glad to hear the views of taxpayers on this question, and would be pleased to publish any such views, not necessarily the name of the author.

Mr. Don McKellar was best man. Ushers were Norman Jarvis and John Keeler.

A reception was held at the home of the bride's parents at Gormley. The bride's mother wore navy blue sheer with corsage of sweetheart roses and baby's breath. The groom's mother was attired in navy blue and white two-piece dress and corsage of cerise roses.

For travelling to Muskoka the bride wore a white silk jersey dress with navy blue accessories. They will reside in Weston.

Mrs. Jim Brown, east end, is in the Western Hospital suffering from some facial trouble. An operation may be necessary.

The teacher had asked the class to write an essay on "Our Dog." Young Jimmie was the first to finish. His effort read: "Our dog, we haven't got one."

Wheat cutting which commenced around here about the 10th of August last year, is likely to be a little earlier this year, farmers predict. There is some rust showing, but not enough to be very serious.

Rural school teachers are asked to send in their promotion results at once. There is no charge for publishing them and many enquiries are being made from sections not yet reported as to when their names will be published. It's all up to the teachers.

Quite a few people saw the partial sun's eclipse on Monday morning, which could be seen through a darkened glass when the sun was shining. Total eclipse in 1932, of course, created a real interest as compared with this event which attracted only a few people because there was not the opportunity to get a real view such as could be had out at Pine River, Man., where the total eclipse was clearly noticeable.

On Sunday morning Andy Clark on his radio broadcast told of a Peterboro hen laying an egg in which was found a potato bug. The report made a lot of people feel a bit creepy about eggs. However, with potatoes so scarce the old time potato bug may take on more dignity than it has enjoyed in the past.

Mr. and Mrs. A. H. Williams, Shadow Lake Camp, were in Strathroy last weekend attending the funeral of his aunt, the late Agnes Black, wife of the late Prof. C. Black, who died in her 81st year. Mrs. Black who was a sister of Mr. Williams' mother was herself a professor in Boston University, and during her lifetime and that of her husband the couple contributed much to the educational advancement of their generation.

Suffers Bad Fall Through Barn Floor

Earl Howsam, former Altona miller, now farming east of Uxbridge is in Toronto General Hospital suffering from an injury to his back which he sustained when he fell through the barn floor to the pig pen beneath in the stable. The Howsam's had been making some repairs to the barn floor, and Earl misjudged his steps and went down heavily breaking several bones in his back.

Will Buy War Bond

The Chesterfield suite advertised for sale last week by L.E. O'Neill was snapped up the day the paper was issued, and numerous calls have since been made for it. This was the suite won by young Edgar Hightner who lives at the home of Mr. and Mrs. Chas. Connor, 6th con., Markham, and who won the set in a draw at the Lions street carnival. The boy was given good advice when told to sell the furniture and buy a bond with the cash, which is just what is being carried out. The lad only 13 years, will have a nice financial start at 21, if he retains principal and interest to that period in life. The quick sale again emphasizes the power of Tribune advertising.

Mr. and Mrs. G. Parker and three children from Mimico were visiting her parents Mr. and Mrs. Bert Lickorish over the weekend.

Veterans Take Notice

A meeting of the Stouffville Veterans will be held in the Municipal Hall, Stouffville, on Thursday, July 12th, at 8.30 p.m. All veterans are urged to attend.

The date printed on the label of your paper indicates the time your subscription expires. Get your renewal in by that time and avoid having the paper cut off since subscriptions must be paid in advance.

About 50 persons were present from Stouffville and district at the Stayner M.B.C. camp meetings over last weekend. Rev. W. B. Moyer and wife returned about the middle of last week after staying at camp for a week.

Milk for Britain Tag Day Nets \$95.13

The public responded splendidly to the Tag Day staged for the Milk for Britain and the amount of \$95.13 was collected. The taggers who assisted in doing this splendid piece of work were: Helen Snowball, Marion White, Doreen Ogden, Mary Valleau, Joyce White, Joan Haynes, Edna Sanderson, Barbara Anne Hotchkiss, Patsy Lehman and Joyce Barkey.

Water customers in town are reminded that the half-yearly accounts now in their hands are due and the last day for payment is Saturday this week. The item is so small that prompt payment is expected on the part of every customer. It would be appreciated if this is attended to before the final day. The treasurer's office is open from 9 till noon and 1.30 to 3 in the afternoon.

Small Creage Sold

Newton Hill, stone mason living on Main street east of town for the past 30 years or more, has sold his house and eleven acres of land there to Roy Tindall of Claremont, trucker. Possession will be given on Nov. 1st. Since the death of his wife Mr. Hill has kept bachelor's quarters, and may spend the winter with his son, and perhaps next year build a small place for himself in the neighborhood where he has sold. Mr. Hill purchased the present property from Mrs. J. Monkhouse who lived on the place now occupied by John O'Boyle immediately east of the Hill property.

Lefty Lennox Employed by Canadian Legion at Camp Borden

Lefty Lennox former southpaw of the Tri-County baseball is now a discharged veteran of this war and is employed at Camp Borden with the Canadian Legion. He is now 39 years old but can still lay them across the plate for four or five innings at a stretch, and expects to do a bit of hurling in the Alliston district this summer. Lennox it will be recalled came to Stouffville from Thornton at the age of 17, and in 1924, just about led the late Bill Mather's men to the provincial intermediate baseball title. Stouffville was an almost certain winner when tragedy struck and Lennox was accidentally injured in practice, and Stouffville was forced to send Bruce Lehman to the mound. Lehman was just beginning his climb to the top then, and while he pitched well, the team lacked drive and punch and dropped the close series. The Oakville team went on to eliminate Picton in the finals, so there was little doubt that fate did Stouffville out of an honor long overdue, at that time.

Mr. and Mrs. Percy Tarr and son Gordon, accompanied by Mr. and Mrs. Leslie Stiver and son of Toronto and Mrs. Frank Stiver of Unionville, are holidaying this week at Hawk Lake, Haliburton.

Somebody lost a small purse on the street Saturday evening containing some change. It has been left at The Tribune office by the finder.

Mr. Sam McKeown is about again after several weeks of quite severe illness. He was down town a few days ago for the first since his illness.

Mrs. M. E. Watts millinery store will close after Saturday, July 14, until further notice. Patrons please make a note of this announcement.

Col. Harold Breuls, just returned from Overseas where he assisted in taking the soldier vote, was in town over Monday night visiting at the home of Dr. S. S. Ball.

"You look strong enough to work and earn a living," said the house lady to a tramp seeking a lunch. "Yes," said the tramp, "and you look beautiful enough to go on the stage, but we both prefer to lead a quiet life."

Mrs. Harvey Schell is nursing a nasty burn down one of the lower limbs. A pan of scalding grease tipped and spilled over her. Very painful for several days, Mrs. Schell is able to be up and is not suffering so much now.

There will be no further meetings of the Stouffville War Branch until September 4, it is announced. Those who wish to do work at home will find yarn available or garments cut out for them. It is noted too that there will be no holiday in the matter of donations such as we have just received from Rev. Mr. Smalley, Mrs. Brodie and 9th Line ladies, Mrs. Lee, president, Mrs. Gunn, treasurer; Mrs. M. Davey, sec'y.

The Colour Question

Uncle Mose, an elderly Negro, was arrested on one of his rare visits to town for driving his donkey cart through a red light. "Mose," said the judge sternly, "you have broken a very important traffic law. Unless you can give a good explanation, I shall have to punish you." "Judge," said the frightened old dorkie, "Ah didn't know Ah wuz breakin' any law. Ah nevah seed one o dem lights befoh. Ah sat theh watchin' and Ah seed all de white people going through when de light wuz green. So when de light changed to red Ah nache'y thot dat wuz for us 'black folks'."

BORN AT LOCUST HILL MRS. D. FRETZ DIES AT VINELAND HOME

Mrs. David G. Fretz died suddenly at her home at Vineland on Monday, July 2nd, following a stroke suffered only the night before her death. She was 71 years of age. The funeral at Vineland on Thursday was attended by relatives and friends from Stouffville, including Mr. and Mrs. Sam Fretz, Mr. Oran Fretz and Eldon, also friends that made up two carloads. The late Mrs. Fretz was, before her marriage Clara Hoover, being born in Markham Township a daughter of Mr. and Mrs. Jacob Hoover, Locust Hill. She was a tallness by trade. Previous to moving to Vineland Mrs. Fretz and her late husband lived at Mt. Joy where he was employed in the Speight Wagon Works of bygone days. Surviving are three sons: Gordon and Lyle at home, Elgin of the teaching staff at Kitchener, also one daughter Miss Margaret at home. A brother Anson Hoover predeceased his sister by some years.

E. A. Grubin, R.O., Optometrist, will be at his office in Stouffville on Monday, July 16th.

Rev. L.E. and Mrs. Atkinson are spending a month's holidays at Wasaga Beach.

Library closing for holidays Saturday, July 21st, opening Tuesday, August 7th.

Mr. and Mrs. Chas. Nolan and Lynda motored to Hall's Lake last Thursday to visit with Councillor and Mrs. E. A. Button and Mrs. Baker at the Button cottage there.

Wally Woolhead, former Markham junior hockey player was recently married to Pte. Muriel Hall, C.W.A.C. Woolhead was formerly in the army himself.

Two Uxbridge physicians have served public notice that their offices will be closed every Wednesday afternoon and evening during the summer months. No doubt these doctors will have an ear for emergency cases, but it would be a nice feeling for even a doctor to be immune from public demands for a few hours.

Miss Marjorie Anderson, daughter of Mr. Sam Anderson, has been spending a holiday here at the home of Mr. and Mrs. Hugh Anderson, Blake street. Friends will be glad to know that Mrs. Hugh Anderson is able to sit out on the veranda daily, although it is regretted that her condition is not any different over the past year or two.

Stouffville War Branch Shipment

We have just shipped 180 knitted articles, 20 quilts, 60 articles of babies' clothing, 95 articles of clothing for men, women and children, box of boots, hats, box of dresses, a kimona, 3 pairs of new stockings, used articles, 12 sweaters, underwear, nighties, socks, caps. We received from Mrs. Fred Crossen \$2, Excelsion Class, quilt and clothing. M. Davey, sec'y.

Moving from Oshawa to Lindsay a huge snake got loose from the travelling show as it passed through Port Perry, and we hear that a \$500 reward is offered for the capture of the rattler or whatever breed the snake belongs. Whether or not the snake is heading for the vicinity of Stouffville, a west end resident declares that she dreamed of a big snake in or around the environs of the Port town before even she learned about the escape of this one. There may be no connection, unless you belong to the superstitious class, and then you figure it out.

Free Text Books Proposed

At a cost of probably \$1800 per year Newmarket High School Board is considering furnishing free text books throughout the public schools of that town. With the government now paying 50 per cent of school costs, there ought to be some general policy adopted in such matters. Free Newmarket children obtain free books, why not Stouffville, Whitchurch, and Markham? The government ought to have a good deal to say in such matters, since they have a good deal of the paying to do. Our own opinion is that parents should buy their own books, then their children are more likely to be taught how to care for them. Some years ago Stouffville Board undertook to furnish free ink, and the amount used and daubed over the building multiplied three fold, all because it was free. Text books at present are supplied at cost, and less than cost with the Dept. paying around a hundred thousand dollars a year to publishers so that prices of books will remain easy for all. Surely, that ought to be sufficient.
