

MILLFEEDS

No doubt by the Middle of December there will be a shortage of Millfeeds. In fact at the present time it is impossible to get a straight car of Bran or Shorts.

We have a few ton of Bran, Shorts & Middlings on hand. We advise buying while they are available.

Market your Fall Wheat while the price is at the Ceiling. Phone 4501 we will arrange to have the wheat taken from field or bin.

ALSIKE SEED

Although the Alsike seed is very disappointing, we will handle your seed to the best advantage. The yields are low but with the Government subsidy it will pay almost as well as spring grain crops.

FERTILIZER FOR FALL WHEAT

Give the fertilizer manufacturer a break by ordering your fertilizer early. They are short of help and the demand is heavy. Also assure yourself of cured Fertilizer as later there is bound to be some green fertilizer.

We recommend for Fall Wheat

- 250 lbs. per acre 2-12-6 or
- If the previous crop had a tendency to "lodg" 250 lbs. per acre 0-14-7

For Short Term Hay and Pasture Crops

- Alfalfa or Red Clover 0-14-7 250 to 300 lbs. per acre.
- Mixed Hay or Timothy 4-12-6 250 to 300 lbs. per acre.

STIVER BROS.

STOUFFVILLE Phone 4501

WILLIAM M. BIRKS of Montreal, National Chairman of the National Clothing Collection for Liberated Countries. The collection, sponsored by the Canadian United Allied Relief Fund on behalf of UNRRA, will be held from October 1st to the 20th, when it is planned to give Canadians an opportunity to bring comfort to the suffering millions in Europe by making this clothing collection their personal business. Canadians will be asked to give only such serviceable used clothes as they can spare without replacement. The garments will be distributed free to the people of the war-ravaged Allied countries under the direction of UNRRA experts. Committees will carry on the good work in every Canadian Community.

Miss Grace Ratcliff and brother Ted were in town from Toronto for a few days visiting the home of their father, Mr. James Ratcliff.

BEAR SCARES MINER'S BAY GIRL CAMPERS

"Algy saw the bear, The bear saw Algy."

This goes the little poem, but in an incident at Miner's Bay last week it was a Peterboro girl, with relatives in Whitchurch, who saw the bear, a big brown one and the girl didn't share the fate of Algy who ended up by the making a big bulge in the bear.

Miss Rome, the Peterboro girl, was holidaying at Miner's Bay, and with two friends were on a hike through the woods to a friend's cottage. The girl heard a crackling noise in the bushes, and thought it was a bird. Looking around to "spot" the bird, she looked right in the face of a big brown bear, looming up over a mound. Letting out a yell to her companions some distance back, the Miss ran for dear life, and so did the bear, but in the opposite direction. Reaching camp and telling their story, men loaded shot guns and went out in search of the big brown fellow, but he had evidently made for parts unknown, with never a thought of attempting a bear hug on the young Miss.

Many friends in town were glad to meet Mr. Roy Kendrick of Vancouver, who was here for a few days visiting his sister Mrs. N. W. Byer. This old Stouffville boy made the trip down by plane and is high in his praise of this mode of travel. He is the son of the late David Kendrick who resided on Church street, and at one time farmed near Cashel. Until the war broke out Mr. Kendrick conducted a modern store on the Pacific coast, but he sold out at that time.

Thurs. Night is FOTO NITE Offer - \$135

Send the Tribune to absent friends.

Local and Personal Happenings

Mr. and Mrs. George Pugh have returned from a month's holiday at Burnt River in Northern Ontario.

Reginald Button, R.C.A.F. who has been stationed in Toronto has received a new posting to Ottawa.

Miss Phyllis Pugh has joined the Spofford store staff. Recently her parents Mr. and Mrs. Fred Pugh moved to town from their farm home.

Mrs. J. W. Cobb of Toronto is visiting in the neighborhood of Stouffville at the home of Mr. and Mrs. Joe Greenfield and Mr. and Mrs. Levi Grove.

Mr. and Mrs. Ted Jackson passed through town on Thursday on a holiday trip. The Port Perry auctioneer hasn't a sale date left in the latter two weeks of September, he says.

W. E. Keddie, district manager for the Great West Life Assurance Co., with headquarters at Oshawa, was looking for a live young man to take up the insurance business in this locality, when in town last week.

In Provincial Play-Downs

A lawn bowling team composed of Messrs. F. L. Button, Christie Armstrong, Dawson Davis and Bert Lickorish motored to Kitchener on Monday to participate in the provincial play-offs there.

Civic Holiday was observed in town quietly, with no special attraction of any kind. In normal years, it was an occasion for attending the Canadian National Exhibition, and this observance may once again return in another year.

Miss Lillian Shannon who makes her home here with Mr. and Mrs. Harvey Moyer has been in the Western Hospital, Toronto, where she recently underwent an operation. Lillian will recuperate for a few weeks with Mr. and Mrs. Donald Moyer before returning home.

Rise Stevens, of the Metropolitan Opera, now has a million dollar insurance policy on her voice. Local theatre goers will remember her well in "Going My Way." She will receive \$3,000 a week if her voice is temporarily lost. The premium is \$10,000 a year.

Another House Sold. Myron Anderson has sold his frame dwelling one door west of the former Sandy Jones place on Main street at the foot of the school hill, to Mrs. Arthur Fuller of Mongolia. Myron built the place only a few years ago, but now that he is employed by the Storms Construction Co. on an extensive contract near Port Huron on the Bluewater Highway, he has been induced to give up his home. Mrs. Anderson will take a small apartment over the Maple Leaf Dairy.

EFFECT OF LEAVING MILK ON DOORSTEP

Householders who allow bottled milk on doorsteps or apartment passages to be exposed to direct sunshine get less for their money, according to recent research reports. Tests showed that bottled milk exposed to late morning sun for an hour lost 26 to 36 per cent of its riboflavin. In two hours, over half the riboflavin content was lost. Riboflavin is one of the essential B complex vitamins. Prolonged deficiency of this necessary food element may result in eye disorders and organic damage. As so often happens under present regulations, milk is delivered after all members of a household have gone to work, and remains exposed for a long time. Under these circumstances, it is a good plan to have a covered box into which the milkman could place the bottles.

WOMAN DIES AS SHE ENTERS FRIENDS HOME FOR FUNERAL

A tragic death occurred in Aurora last Wednesday when Mrs. Almer D. Clarke of that town expired suddenly just as she stepped onto the veranda of a bereaved home to attend the funeral of the late George E. Hughes who died there on Aug. 27 in his 71st year. Mrs. Clarke's maiden name was Adelaine Lowery, and she was buried on Friday at Tottenham.

The death of George Hughes removes a birthright member of the Friends' Church. He was a brother of Mrs. Fred Willis, of Uxbridge who is quite well known to many readers of this paper.

George Hughes was born in Simcoe county, and married Helen Kitley when they took up residence in Schomberg. Surviving are his widow and one son, Stanley. The funeral, on Wednesday, marked the tragic death of Mrs. Clarke proceeded from the late home in Aurora to Schomberg cemetery. The service was conducted by Rev. A. R. Park. Pall bearers were Messrs. Roy and Orval Hughes, Schomberg; Earl Robertson, of Milton; Bryon Willis, Uxbridge, and Burt Hughes, Newmarket.

E. A. Grubin, R.O., optometrist, will be at his office in Stouffville on Monday, Sept. 10th.

Miss Ruth Curtis has been holidaying in town for a couple of weeks at the Rowbotham home.

Mr. and Mrs. Walter Brillinger were receiving the congratulations of many friends at their residence on West Main street this week on the occasion of their 25th wedding anniversary.

Mr. and Mrs. Percy Tarr, and Miss Vera Tarr motored to Vineland on the holiday, and enjoyed the novelty of picking peaches for a short time at least.

Mrs. Theo. Madill who is 88 years of age, accompanied her daughter, Mrs. Wm. Hopkins on a visit to Bowmanville last week.

Mr. Ross Lee of New York city and Mr. Russel Lee of Hamilton, are in town at the home of their mother, Mrs. John Lee, Second street.

Miss Jean Feir, daughter of Mr. and Mrs. Athol Feir, Edward street, and who was on the local bank staff for a time, has secured the position of teacher at S.S. No. 4, Humphrey township, 12 miles from Parry Sound. She will likely have 33 pupils.

55 FREIGHT CARS

What may reasonably be claimed to be the longest freight train to have been hauled over the local C.N.R. line passed through on Sunday with 55 freight cars, mostly box cars, bound for head of the lakes to return with grain, we understand for the eastern elevators.

John Stuart, Markham horseman, picked up two promising steeds for the fall meets by buying Neotrist and Floyson at the Stamford Park meet. Neotrist hadn't shown very much all year but immediately turned in a winning effort for his new owner. Floyson is a seven-year-old of the Khorsan strain and won \$3,575 in purses last year but may not do as well this year.

The town is shortly to lose another family of whom we will be loath to part. Mr. and Mrs. E. S. Griffith, living in the west end are reported as shortly to move to North Bay which will be on the territory where Mr. Griffith does his work as a traveller. The house occupied by them was recently sold by Mr. E. B. Leavens to Gordon Tidsbury formerly of Bethesda.

Last week the editor of this column accompanied members of the York County Reformation Committee, Prof. Zavity and the Ontario Forester on a trip over much of the waste lands north of Stouffville on what is called the water shed. Here we viewed hundreds and hundreds of acres of submarginal soil that is fit for nothing excepting growing trees.

Suffers Broken Ankle in Motor Crash

Ruth Stover, daughter of Mr. and Mrs. Archie Stover at Milverton is suffering from a broken ankle and facial lacerations as a result of a motor crash in which she was involved near Topping, Ontario. There were six in the car at the time of the crash which occurred on a curve in the road on a foggy night. The car was completely wrecked and others in the party sustained broken bones and other injuries.

Mr. and Mrs. Al Greenwood and their young family moved on Friday last to their new home in New Toronto where they have purchased a house at 132 Twenty-Second street. With the moving of the Greenwoods from the east end store and the Salmon family just across the street from the store, the population dropped by 16 people, since the Salmons totalled eleven and the Greenwoods five. There was some replacement, however, but not sufficient to cover the heavy removal.

The Lust to Kill

The lust to kill wild animals seems to be in man's brain, whether the animal is harmful or not. Of all the innocent little things, the porcupine stands out as among the less harmful, yet the first thing men or boys think about when they see one is to kill it. Last week a farmer at Millbrook found one of these now scarce little visitors in the village and he forthwith killed it. Being a species of the hog family, porcupine meat is said to be fit to eat, but no one ever eats it. The inability of the little porky to protect himself from man's onslaught is leaving him just about extinct in Ontario.

HIGH CHARGES FOR SNOW REMOVAL NOT ALL PROFIT

"Renew my Tribune" for two years then it won't run out so soon," said Mr. J. H. Clark of Agincourt in the office of this paper on Friday. Mr. Clark is a well known trucker and until last winter accepted contracts for snow removal under jurisdiction of the Toronto and York Roads Commission. Mr. Clark says that while this work appears to be paid for at high rates, there is no money in it. The replacements are terrific. He recalled one of his plows moving along nicely one Sunday afternoon when it broke down and before it was in commission again the repair bill mounted to \$1,300.

Mr. and Mrs. E. A. Button went back to their cottage on Hall's Lake in Haliburton last week and to spend another holiday before closing the summer place for the season.

LAC. William D. Malloy, R.C.A.F. Trenton and wife, spent the holiday with his parents Mr. and Mrs. H. J. Malloy.

Mr. and Mrs. Bill Still, formerly of Stouffville, visited friends here in town on Labor Day. They were accompanied by their little daughter Barbara Ann. Bill has left Toronto and is employed on a farm owned by his cousins south of Malton.

COULTICE SELLS ZEPHYR STORE

The general store at Zephyr, Scott Township, has been sold by Mr. F. Coultice to Mr. and Mrs. John Galbraith of Malton. Mr. Coultice kept the store for nine years, but has other interests at Musselman's Lake where he owns the south side pavilion, once the property of Mr. Ed. Baker. Mr. Coultice has had material on the ground for some time in readiness to make changes to the premises. He will devote his whole time to the lake business now.

LIONS TEAM QUALIFIES FOR SECOND O.B.A. ROUND

North York Midget baseball entry playing under the name of Newmarket has qualified for the second round of the O.B.A. playdowns by defeating Collingwood in home and home games 14-7 and 14-2.

While a request was made to Stouffville for the services of their pitcher Lorne Schell, the team went into action without a local representative as Schell found himself unable to take part in the games. The line-up is as follows: McHale rf; Rutledge ss; McGee 1b; Clement c; Little 3b; Thoms 2b; Doolittle lf; Brown cf; Broughton p; Stunden p; Jewett.

NOTHING NEW WHEN TOMATOES MIX WITH POTATOES

Several papers coming to the desk last week recorded what was stated as a strange thing when tomatoes were found growing on potato tops. It is strange, indeed, but it is not new. Every year The Tribune displays potato tops with tomatoes hanging from them, and right now we have in the office tomatoes that were grown on potato tops this season, a freak of nature best understood by the botanist. The potato-tomato now on hand came from the Jos. Mertens farm west of town. Miss Mertens is not offering any explanation for the freak, but admits that it has happened in her garden before.

Hugh Bailey of Dundalk has been appointed General Manager of the United Farmers Co-operative Company, in succession to H. B. Clemen who has indicated his wish to retire.

Holiday traffic through town on Monday evening was almost congested as cars from the north converged on this highway making their way to Toronto after the holiday weekend.

The municipal council will hold its monthly meeting on Wednesday evening this week instead of Thursday evening. There is considerable business to transact of a routine nature.

Mr. and Mrs. Edgar Coxworth and daughter of Cincinnati, Ohio, spent a few days last week with Mrs. K. G. Tarr, O'Brien Ave. Mr. Coxworth is a nephew of Mrs. Tarr. Miss Ruby Tapscott of Milliken was a weekend visitor at the Tarr home.

New Company Formed

The Stouffville Sand and Gravel Co. has just been organized with the principles being Messrs. Winterstein and Pat. Haley. New machinery is being installed on the 15 or more acres of land purchased at Gravel Hill from Russel Story.

Mr. and Mrs. Cliff Salmon have moved in from Unionville to occupy their new home purchased from Harry Brillinger on Main street west. The Brillingers are staying with Mrs. John Hodgins until her son Donald is discharged from the Navy when he will take over his west end grocery again, which will enable Mr. and Mrs. Brillinger to proceed on their journey to the Pacific Coast.
