

# FERTILIZERS

ORDER SPRING FERTILIZERS NOW--

IN 1945 Canadian farmers got more chemical fertilizers than before. From present indications farmers will want still more fertilizer in the spring of 1946. This will be possible only if farmers order and accept delivery from NOW on instead of waiting until spring.

## THIS IS THE SEASON FOR CATTLE LICE

Michigan STATE COLLEGE says a farmer can get another cow for \$1.00 by treating the herd for LICE, because cows freed from lice give 10% to 15% more milk. 1 lb. Powdered Louse Killer treats four cows.

Dr. HESS LOUSE POWDER, LICIDE Insect Powder. Dri-Kil Insect Powder.

MINERALS and TONIC. Sol-Min Cattle Mineral. Pig-Min Pig Mineral.

TONIC. Dr. Hess Stock Tonic. Dr. Hess Hog Special. Dr. Hess Pan-i-min. Royal Purple. Dr. Bell's Tonic. Pratt's Poultry Regular.

POULTRY SUPPLIES: Grit, Oyster Shell, Cahrcoal, Pilchardena. Lime, Ful-O-Pep Super Greens.

In a letter received this week from England The Tribune is told about what is described as the cheapest means of transport, even including walking, the modern bicycle, as manufactured in the United Kingdom, and which has some 1,500 parts. It is designed to carry ten times its weight, the writer says, but here in Canada it is unlawful for two to ride on a single bicycle, consequently the English machine may be too heavy. Light weight machines easy to propel will be the coming machine for Canadians, we imagine.

Stouffville Lions Club are planning their annual Carnival in the Arena for Jan. 30th.

Agricultural Representative

# Local and Personal Happenings

The Dixon Pencil Co. of Newmarket manufacture 20 miles of pencils each day. The firm ought to make a mark in the world for itself at that rate.

This Thursday evening, Jan. 17, there will be a double-header hockey match in the Arena, when Baker Hill meets Dickson Hill, and Lemonville meets Vivian. These are league games of course.

Ronnie Rowe, who five years ago was the top-ranking forward in junior hockey in this district, is performing in senior ranks this winter for Halifax navy. Rowe still has strings attached with Toronto Maple Leafs. He was formerly with Markham.

Mary Jane Fisher, wife of Fred C. Bogart, 336 Millwood Road, Toronto, died at her home there on Friday and was laid to rest in the Newmarket cemetery on Monday afternoon. The Bogarts are a very old family in Whitchurch, from which Bogartown on the 4th concession derived its name.

There were two innovations at the Junior hockey game here on Friday evening, when a public address system was used to inform the fans 'who had done what', in the matter of scoring and penalties, and to provide music between periods. Printed programs were also on sale listing the names and numbers of the players of each team, and carrying a series of advertisements by the local merchants.

In contrast to the very mild week, Saturday night last set in much colder, until Sunday night the thermometer stood at zero at 7 o'clock, but with the total absence of wind the heating of homes was no problem. Three or four inches of snow came just ahead of the cold snap which nicely covered the ground to the great advantage of seeds and plants.

The Small Advs. Pay Dividends  
The small adv. columns on the back page of this paper are growing increasingly popular, and 1945 is recorded as the biggest year in the record of the paper. The large circulation of the paper makes these ads. more valuable to the advertiser than ever, and no doubt accounted for the big increase in their use. It is undoubtedly one of the most popular sections of the paper. Read them and use them.

Did Well With Turkey Flock  
Former resident of town, Mr. Ern Lager who now farms in Whitchurch, had fairly good success raising turkeys this past season. Anyone who ever went into this business knows well the difficulties it presents. Mr. Lager says that his daughter deserves much of the credit as she did the feeding. The birds were raised on wire screen floor throughout, and out of 80 poults 70 were brought to maturity. The hen birds weighed 10 to 12 pounds and the gobblers 17 pounds, although one went oversize at 21 pounds.

## 65 Curlers Make Up Largest Club

Sixty-five curlers will start the season at the local curling rink this week. A feature of this year's club is the large number of young curlers who, under the tutelage of their elders, aspire to enter the Junior Tankard at some later date.

The following is the list of rinks as drawn up for the opening tournament:

- Wm. Armstrong sk., K. Agnew, A. Feir, V. Gower
- C. H. Bell sk., Clare Bell, Gar. Lehman, J. B. Slack
- H. Brillinger sk., Lorne Gillion, Bruce Clark, Harry Schell
- W. Brillinger sk., C. Armstrong, Joe Cadieux, Grant Turner
- F.L. Button sk., Fred Timbers, I. Borinsky, Bill Nicholson
- L.C. Murphy sk., Chas. Nolan, Walter Pinher, Ertle Lehman
- H.W. Sanders sk., Wm. Birkett, J. F. Riches, Gordon Birkett
- Donald Hodgins sk., Wes Boadway, Jake Hoover, Lloyd Jennings
- Merv. Watts sk., Del Jennings, A. E. Miller, Lewis Raxlin
- R. E. Curtis sk., Albert King, Harold Drewery, Ken Wage
- Everton Smith, sk., A. H. Black, Gerald Brillinger, Stan Schmidt
- Harry Stouffer sk., Wm. Greenbury, J. Holmes, Albert Smalley
- Orval Drewery sk., E.A. Button, Wally Nicholson, Bob Wetheral
- Thos. Birkett sk., Lloyd Turner, Chas. Webster, Harry Molson
- A.E. Weldon sk., Win Timbers, Walter Slack, Geo. Timbers
- Bob McDonald sk., A. Troyer, Geo. Bennett, R. Burkholder
- H. Walsh spare

It is urgently requested that each skip notify each member of his rink prior to any game. In the event that a player or players cannot be present let it be the duty of the skip to secure the needed players from free players who are playing the same position. In the event a skip cannot be present to skip his rink when scheduled let him appoint a free skip to carry on his rink in order that the schedule be not held up. Skips may secure information as to ice conditions, schedule of play, etc. by simply calling the club house any evening phone 155. If we all co-operate and assume our responsibilities the schedule will be run off with no alibis, and we will be using our rink and its good ice at every available opportunity.

Lance-Cpl. W. P. Norton CIC is expected to arrive back in Claremont from Overseas when the Scythia docks shortly at Halifax.

The fourth annual conference of the Canadian Retail Federation is being held this week at the Royal York in Toronto. From this district Mr. and Mrs. Harold Spofford are in attendance.

Mrs. Archie Cook, nurse, was in town on Saturday. Mrs. Cook who was a member of the well known Reynolds family of Uxbridge, is now engaged on a case in Markham.

Make sure that the label on your paper records the expiry date of your subscription. All subscriptions paid on or before Thursday, Jan. 10 have been corrected and brought up to date.

After 13 years as reeve of Port Perry, Mr. W. M. Letcher has resigned. He has been on the Port Perry council for 15 years, and will be one individual that will be missed from the county council when they assemble at Whitby this week. Mr. Letcher put Port Perry's finances in good shape, according to the local paper there. He is a frequent visitor to Stouffville whenever a team comes here to try their luck on the bowling green.

Watch 20c Pieces  
Business people and others should be on the alert when handling money, not to accept 20c pieces as 25c pieces. Several of the 20 cent pieces were passed off for quarter dollars last Saturday on unsuspecting clerks. Perhaps it only happened by accident but the fact that two or three 20c pieces arrived in one till would indicate that it was not a mistake on the part of the person passing them off. However, the gain is so insignificant that it is not likely to become a racket.

Death Stalks Wedding Groups  
Following a warning issued last week to parties driving cars for weddings, to not race through town at such dangerous speeds as is often done, a crash occurred down in Chatham when two members of a wedding party were killed when at top speed the car skidded into a ditch and turned over. Can anyone imagine the awful predicament a car driver for a wedding would be in if he met with such misfortune. The realization that it not only can happen, but does happen, that death and injury is just around the corner for fast drivers, ought to be sufficient deterrent to modify the speedy to a safe rate of travel.

Start Middle February  
Work is now forging ahead in the Ratchiff block - upstairs converting the old hall into a manufacturing place for the Home Co. of Toronto, makers of children's wear. The oil heating plant is about completed and electricians are installing a system of fluorescent lighting, while wash rooms and new plumbing is going in. A hoist or elevator at the rear of the building will provide a means of transporting goods up and down, and everything is to be ready about the middle of February for the company to commence operations. In the first issue of February of this paper the company will make a formal announcement to those seeking employment, stating a day when they should be at the plant to meet the forelady who has authority to engage the help. Mostly female help is required.

Start Dairy Improvements  
Work is about to start on the Maple Leaf dairy premises just east of the public library. The building will be extended out to the street line some eight feet, finished with a smart new front. The added space will provide an ice cream and soft drink place, which will be quite popular with the school students, as only cramped quarters are now available. Mr. Chas. Webster, who recently purchased the dairy from Mr. Clayt Baker, is not one to be satisfied with anything short of the very best, and when he completes the changes to the dairy buildings he will have a premises second to none in the district. We understand that Mr. Truman Baxter is the contractor to be in charge of the building extension.

The Women's Missionary Society of the United Church met in the Sunday School-room Thursday, Jan. 10th, at 2.45 p.m. The president, Mrs. Gunn, was residing. Mrs. Orchard and Mrs. Young's group were in charge of the program. The Devotional was in charge of Mrs. Robt. Young. Mrs. H.W. Sanders gave a splendid paper on the Temperance situation which we would like to have printed in full. Mrs. McCannachie rendered a very beautiful solo. Mrs. Bunt, Vice-President for Rural North District, was the guest speaker, taking for her subject "The Problems the Women's Missionary Society has to Meet To-day."

All winter coats are reduced to clear at Harry Golden's Clothing Store.

A number of local Masons attended a meeting of Mount Sinai Lodge in Toronto one evening last week, and were introduced by their past master Jos. Borinsky.

Mr. Harvey Schell is making another improvement to his premises next The Tribune office. An upper storey is being put over the garage at the rear of his butcher shop and dwelling house. Spang brothers are the carpenters.

We are pleased to pass on greetings from an old Ballantrae man, Mr. E.A. Gray of 2476 Galt street Vancouver, who although 80 years of age, takes a kindly and keen interest in the news of Stouffville and locality and looks for his Tribune weekly.

Rev. D. Macgregor of Stouffville was the guest speaker at the regular meeting of the local Lions Club on Monday evening, and brought the members some thought-provoking remarks on the art of living. Three new members were installed on this occasion, being Bruce Clark, Donald Lewis and Leonard Wilkes.

Towns Hit Too  
There is a definite crime wave running throughout the country, and merchants should not be fooled into believing all the robberies are carried out in the large cities. A dozen small towns were the scene of robberies in Ontario last week, which should cause us all to be on the alert. Markham, Whitby, Lindsay, Georgetown, and other places suffered since the first of the month, and all these places have night patrol. This indicates that such protection does not prevent robbery anything like the sureness of a permanent watch on the individual premises. This watch may be some individual sleeping in the premises, or a good dog, or electric alarm system that would give some sort of warning and at the same time frighten off the intruders.

## HAZEL MADILL BRIDE OF LLOYD J. A. TATE

The marriage of Hazel Madill to Lloyd Jack Alexander Tate was solemnized Monday, Jan. 7th, at the home of the bride's parents, Mr. and Mrs. H. L. Madill, Westlake Ave., Toronto. The groom is the son of Mr. and Mrs. Earl Tate, Newmarket formerly of Stouffville. Rev. A. DeV. Hunt officiated at the ceremony for which the bride, given in marriage by her father, wore a street-length dress of powder blue sheer. Her headress of blue feathers held a matching veil and she carried a bouquet of pink roses. Miss Earlene Tate, groom's sister, was her attendant, wearing a pink crepe street-length dress with matching hat and pink veil. Her flowers were pink and white carnations. John K. Tramer was groomsman. At a reception the bride's mother received wearing a gown of mauve crepe. The groom's mother, assisting, was in black crepe with gold sequin trim. Both wore corsages to harmonize with their dresses. For the wedding trip, the bride wore a pink wool suit with coat of gray American broadtail, and matching hat.

## ALTONA

Friends and relatives of the community met at the home of Mr. and Mrs. Wm. Slack on Tuesday evening of last week to extend a Welcome Home to their son Roy, who has just returned from overseas. A varied program was given and at the conclusion, a presentation was made to Roy of an electric razor, a wool jacket and a bill fold in recognition of his services. This was followed with refreshments and a sociable time was enjoyed by all. Mr. George and Misses Taun of Stouffville spent Saturday last with Mr. and Mrs. David Crosier. A quilt top donated to the Altona W. I. by Miss Mary Jones was completed and sent with other quilts and articles through the Red Cross to England. A note was enclosed in an envelope and sewn to the lining of this particular quilt (in it contained the name and address). Just last week Miss Jones received a letter from the recipient who was an invalid lady eighty years old and the receiving of this quilt has cheered her up very much. Likewise Miss Jones is home and unable to go out at all, therefore it seems so grand to think that an invalid lady received the quilt that another shut in had done, and such a marvelous piece of work as she stated. She concluded that she was deeply grateful for the unexpected kindness and extended earnest prayers for Miss Jones' health and happiness for the coming year. Be sure you see, Van Johnson and Esther Williams in "Thrill of a Romance" at the Stanley next Monday and Tuesday.
