"If you don't want blisters on the soles of your feet, walk on the road. The sidewalks, for some reason, are like walking on pebbles, and we presume the slush was left on and so each step made its imprint in the soft snow and froze that way. The roads are smooth though and fine for walking."

DON'T LET YOUR DOG DIE
from distemper, or let him suffer from coughs, colds, intestinal flu. A few doses of ZEV, made by the makers of Buckley's Mixture, gives quick relief. 50c. and \$1.00 a bottle at J. M. Storey's, Stouffville.

There are many legends about the discovery of Tea and Coffee, One Great Ruler of the East became weary, tired and faint after a long walk on a sat down to rest. To his surprise right close to him in a small bush a gorgeous looking bird started warbling a wonderful song. This Great Ruler of the East was so fascinated with this bird that he tried to catch it and in doing so he noticed some berries on this bush which he brewed. The brew had a lovely aroma and the taste was marvelous, appetizing and stimulating.

Many materials have become quite scarce recently due to many causes and research work has advanced considerable. Sugar has been a world wide scarcity, noticeable to all.

Having done a lot of research work in a humble way, MRS. BAKER said George get busy and work out something to take the place of sugar. GEORGE scratched his head and started in to try. He knows that when his wife tells him to do something he may as well get busy, because a woman does not rely on alibis.

Well our first concoctions were not too hot, but we kept improving until we eliminated a great portion of the bitter principles. Then to get the sugary taste was tough but we kept on until we succeeded. Then the filtering process was an expensive problem which took a lot of time. However to-day we can process around 300 gallons a day and by summer hope to be able to process around 1000 gallons BAKERS SWEETNER at a time. The demand for BAKERS Sweetner has grown immensely, so much so that we have shipped BAKERS SWEETNER to many parts of the Dominion and some has crossed the border. Practically speaking Bakers Sweetner can be used for SWEETENING for any purpose that sugar can be used.

Bakers Sweetner requires no coupons.
Bakers Sweetner is easy to use.
Bakers Sweetner is not injurious.
Bakers Sweetner is cheaper than sugar.
\$5.00 worth BAKERS Sweetner is as SWEET as \$14.00 worth sugar. One party tells us that a quart of BAKERS SWEETNER takes the place of 8 pounds of sugar.

Guaranteed as represented or money back.
