

Tri-County Baseball League Revived

The Tri-County baseball league, of which Stouffville was a member, some years back, has been revived, but there are no entries from York County, all being from Victoria and Ontario counties. There are two groups, Sunderland, Cannington, Woodville, Bolsover, Manilla; and Valentia, Little Britain, Lindsay, Cambray and Cameron. If the next year the boys from around this district decide to enter intermediate company they'll find the league ready for them.

SOFTBALL CIRCUIT TO THE SOUTH OF US

A five-club softball circuit has started down in the south end of York County with Markham, Unionville, Cedar Grove, and Buttonville being starters. Stouffville Veterans, who have been tossing a softball around in the local park in exhibition contest, might well place an entry in this group. A second diamond for softball is available in the park, and we understand that a backscreen can be arranged for with the local Park Commission making a hand.

WATERLOO COUPLE BOAST 4 YEARS OF PEACE

"We have lived together 50 years and never had a quarrel," stated Mr. Allen Shantz of Waterloo last week at a dinner party marking the 50th anniversary of the day he and Mrs. Shantz were married, according to a despatch to the Kitchener Record. The wedding was performed at the former D. B. Shantz home on Frederick St., Kitchener, and the couple has resided ever since at 57 Albert St., Waterloo, which was once the John Unger farm. They have one child, a daughter Marie, who was home from Oshawa yesterday for the occasion. At the dinner, held at the Old Mill, Rev. D. I. Forsyth of Waterloo was a special guest and 28 of the original wedding guests were also present.

Hello Homemakers! Weddings about 1/2 inch in the middle uncut. Drop into about of ice water and chill. The slit ends will gradually curl.

4. Celery Flowers: Make cuts on one end of 2 or 3 inch pieces of celery. Put two pieces together with soft cheese or sandwich filling. Sprinkle with paprika. Chill in electric refrigerator.

5. Celery Matches: Cut large, tender stalks of celery in match size pieces. Chill (but not in water). Just before serving, dip one end of each in paprika and salt. Celery match boxes are made by slicing the stalks of celery to within 1/2 inch of the bottom.

6. Carrot Ring Holders: Choose large carrots. Wash and peel. Cut into 3 inch lengths. Using apple corer, core each piece, then cut into rings about 1/2 inch wide. Chill. Serve filled with little green onions, raw turnip straws or watercress.

7. Carrot Curls: Use medium sized carrots at room temperature (or the pieces will break). Wash and peel. Then, using a vegetable peeler or blade of coring knife, slice lengthwise in paper-thin slices. Drop slices into a bowl of ice water. As the slices stand, they will gradually curl. Drain well before serving.

8. Egg Chain: Cut hard-cooked eggs crosswise in slices. Remove yolk from each slice. Cut a slit in half of the white rings, and link together (a slit one on each side of an unslit one) to form a chain around a salad or meat plate.

NOTE: The chain should be formed right on the plate and do not transfer after it is made. Sieve yolks on the top of salad—this is especially good with potato salad.

9. Whole-Egg Tulip: Cut a thin slice from the broad end of a hard-cooked egg. With a sharp knife make 5 or 6 slits in the white from

COLOURFUL FRUIT SALADS
Sections of orange, grapefruit and canteloupe folded together with a whipped cream mayonnaise. Pile lettuce cups and garnish with stemmed sweet cherries.

Drained cubed pineapple and orange with lengthwise-cut pieces of stewed prunes served with thick salad dressing mixed with sour cream and garnish with mint.

Cottage cheese mixed with cubed peaches and a little marmalade mounded in individual lettuce cups, unhulled strawberries piled alongside a lemon jelly mould containing sliced bananas.

Gelatinine salads are those which can be prepared well in advance of the big event. Recipes for 24 servings were published in last week's column.

TAKE A TIP
Garnishes make a difference! Choose a selection of these for the salad plates.

1. Cheese Apples, Pears or Carrots: Use packaged cream cheese for these. With the hands, shape cheese into tiny apples, pears or carrots, about two inches. Insert cloves at the blossom and stem ends of apples and pears, and give the carrots a parsley top.

2. Parsley—Cheese Balls: Shape creamed cheese into small balls. Roll balls in finely minced parsley and finely chopped nuts.

3. Celery Curls: Using scissors or a sharp knife, make parallel lengthwise slits at top and bottom of 2-inch pieces of celery, leaving

the top downwards. Gently push back the white "petals," and remove yolk. Devil the yolk with salad dressing or milk; season and replace in the white.

10. Half-Egg Tulip: Cut the hard-cooked egg in half. Nick the edges in serrated fashion. Devil the yolks for the centre.

11. Radish Roses: Wash radishes and remove all but a few sprigs off the top. Using a sharp knife, make petal-like deep cuts in the radish. Begin at stem end and carefully work to the top. Snip off the root end. Chill.

12. Radish Flowers: Slice prepared radishes lengthwise into sections within a short distance of the base. Drop into a bowl of ice water and chill. Petals will gradually open. Do not add salt which will take out the colour.

13. Accordion Radishes: Cut washed radishes crosswise in thin slices, cutting down to, but not through, the bottom. Drop into a bowl of ice water and chill in electric refrigerator.

UXBRIDGE JUNIOR FARMERS SWELL O.A.C. CROWD

Those six Gray Coach Line busses you noticed passing through town last week loaded with people, were on their way to the Ontario Agricultural College Farm and Home Week, and were carrying Junior Farmers under the sponsorship of the Uxbridge Farmers' Co-Operative, under the supervision of the manager Ed Latham and Donald Knapp, assisted by Mr. Campbell, Ont. Agric. Rep.

NINE HOLSTEIN COWS VICTIMS OF LIGHTNING

Saturday's electrical storm killed nine and injured two Holstein cows on the farm of Chas. Bolton seven miles north of Peterboro. The cattle were killed and maimed by a bolt of lightning which struck as they grazed in a pasture field.

HOOKS 13-LB. LAKE TROUT

A 13-pound trout was hooked at Drag Lake, Haliburton, by a tourist last weekend. It was believed to be the largest caught in the district this year. Large catches were prevalent over the weekend and fishermen casting off the rocks at Redstone Lake report better fishing than since the start of the season.
