Local and Personal Happenings

Monday, October 14, is Thanksgiving Day and a public holiday.

Miss Flossie Barkey has resumed her position at the Spofford store after a long enforced holiday, nursing a fractured wrist.

Mr. and Mrs. Harold Spofford enjoyed a motor trip to New Liskeard, and report the highway in excellent condition, excepting for short spaces here and there.

R. C. Blewett has completed the installation of four oil burning heating units in Stouffville within the last ten days. In each case the house owner was given a contract for oil which is now advisable in view of the difficulty in purchasing oil.

Miss Agnes MacPhail, former M.P.P. for York East, has a very diversified mind. Now out of the political limelight the lady once so prominent in the political arena, is apparently interested in Farmers' Credit Unions, and has been delivering addresses on behalf of the Credit Unions in an effort to interest and instruct farmers in the set-up.

Mr. and Mrs. Bert Batt have rented Mrs. John Urquhart's brick residence on Main street, west and will move from their farm on the 9th concession of Markham on the first of next month or sooner. The place is known as the Latchford home, and is just being vacated by Mr. and Mrs. Earl Hoover who moved to O'Brien avenue to occupy the residence of the late Mrs. Noah Stouffer. Mrs. Urquhart is still residing in the town of Ayr, but intends to return someday to Stouffville and to her home where she lived until she went to Ayr forty years ago.

The inability of local workmen to obtain a supply of cement, is holding up progress on innumerable jobs in and about town. At the same time it is a deterrent to other people who were given serious consideration to some undertaking, all of which is very unfortunate. Cement is being made in just as great quantities today as it was before the scarcity became apparent, we are told, but the unusual demand, and several huge undertakings plus export of a good deal of cement, has robbed the smaller users.

1,400 ration books were distributed at Mount Albert.

E. A. Grubin, R.O., Optometrist, will be at his office in Stouffville on Monday, Sept. 30th.

Bicycle riding on the sidewalks is forbidden under a village bylaw, something that school students seem to overlook too often.

Mr. and Mrs. Frank Smith, Toronto visited with Mr. and Mrs. A. McQuarrie over the weekend.

Mrs. E. A. Wilson and Miss M. Brown, Victoria street, were given a pleasant surprise on Monday afternoon when three nieces arrived from Buffalo, being Mrs. S. Ford, Mrs. P. Doerflein and Mrs. G. Shanor.

Mr. and Mrs. M. Mowat of Lindsay were in town on Monday. Mr. Mowat may be the next C.N. Agent here, where he commenced his railroad career years ago. Old friends would be delighted to have Mr. and Mrs. Mowat in Stouffville again.

Harvey Moyer is nursing a fractured right arm sustained when he fell while carrying a ladder, when engaged in painting at the Lemonville United Church. The tumble was a very simple one, Mr. Moyer stated, yet it had serious results.

Stouffville Creamery Co. has installed a second compressor for their big cold storage locker building, which will prevent any trouble in case of a breakdown. If one machine should fail, the second can be swung into action by merely throwing a switch.

Mr. and Mrs. H. J. Malloy, Stouffville were holidaying with relatives in Rochester, N.Y. during the weekend, celebrating their 36th wedding anniversary. The couple were accompanied by Mr. and Mrs. Lambert H. Malloy and son Larry of Leaside.

Women's Institute

The Women's Institute met at the home of Mrs. Lloyd Turner, when Mrs. F. Fairles gave a reading entitled, "Sadie on her Holiday," to the great enjoyment of all. Mrs. Ridout read a paper on home economics and a demonstration on tomatoes was made.

Should Offset Philosophy of Socialism

"Free Enterprise and what it has Accomplished," was the subject of an inspiring address delivered before the Lions Club on Monday evening, by ex-Warden Fred Lundy of Newmarket. The speaker traced the accomplishments of our nation under the present system, and advised all Lions to analyze carefully the socialistic-sponsored program designed to destroy the present system, and so off-set the philosophy of socialism in Canada. Mr. Lundy was given a hearty vote of thanks for his timely remarks. President Charles Nolan presided and the club voted \$300 toward the Stouffville High School Memorial Fund, being sponsored in memory of the lads who served, and some who never returned from war. District Governor Fred Thompson accompanied Mr. Lundy, and spoke briefly. Four new members were installed by the District Deputy, they being John Hammersley, Norman Farr, Norman Baker and Clifford Salmon. Lion Ted Edwards who purchased Mr. Harry Ratcliff's residence on the 8th concession of Whitchurch affiliated from the Leaside club.

WAR BRIDE AND TWO CHILDREN REACH HERE

With the arrival of the Queen Mary from England there were some passengers holding special interest for folk in Whitchurch Township. Nora B. Smith and daughter Lacarnian 2 years old, also son Robert two months old, were among the passengers who were to come direct to Whitchurch to meet husband and father Pte. H. H. Smith who took up land on the Faulker sideroad north of Lemonville a mile and a quarter, next the Preston farm, last spring.

PLEASED WITH ADVERTISING RESULTS

Last week's issue of The Tribune carried a full-page adv. under the name of Harry Golden's Clothing Store. The adv. published a message concerning the need of your fall wardrobe, and is liberally displayed with pictures made in this office. Mr. Golden is a constant advertiser in The Tribune, and is more than pleased with the results obtained from the large circulation.

Even in these times of shortages Mr. Golden believes in keeping his name before the public, and offering at various times, those goods which can still be obtained in quantity.

BUYS BUSINESS AT 85

For some, life may begin at 40, but a Cornwall man is out to more than double that figure. Charles Armstrong, 85-year-old confectioner, who retired a year ago, says he found time so heavy on his hands that he has purchased a business at Milleroches, five miles west of Cornwall, and will take possession Oct. 1.

The Tribune is your best classified adv. market—enters more than 2,500 homes every week.

Miss Joan Farrell of Toronto was a weekend guest with Mr. and Mrs. Wm. D. Malloy, Market street.

The sale has been announced of the Roy Middlebrook dance hall, service station and summer cabin business, located in Whitchurch Township at Armitage. Reported price was \$35,000.

Mr. and Mrs. Henry Black of Regina have been holidaying in Stouffville with Dr. and Mrs. E. S. Barker. Mrs. Black is a sister of Dr. Barker.

Daylight saving time ends next Sunday at midnight. For the folk who have children attending school this will be greeted with great approval. Daylight time has been appreciated by many during the summer season, but the season of the year has arrived when it is not appreciated by many people. Turn your clocks back next Sunday night before you retire.

To Occupy New Home

Mr. Elgin Wagg intends to move this week to his new house being built next the curling rink. The apartment Mr. and Mrs. Wagg now occupy over Mr. Harry Golden's clothing store, will be used by the store as additional storage space.

An interesting ceremony was conducted in Stouffville United Church on Sunday morning when Rev. D. Davis administered baptism to three infants. They were Heather Smith, daughter of Dr. and Mrs. Neil Smith, David Winn, son of Mr. and Mrs. Walter Winn, and Allen Meabray, son of Mr. and Mrs. Cameron Meabray, Stouffville.

A meeting of the Stouffville Horticultural Society will be held in the United Church basement on Wednesday evening at eight o'clock. Mr. Wm. Mitchell of Toronto, has been secured to show movie reels on gardens, parks and peaches. A competition in diningroom bouquets will be judged by Mr. Percy Bone of Thornhill. The prize money is to be paid out at this meeting from the flower show. Tulip bulbs are to be given out as prizes from the spring show.

Entirely unexpected was the terrific crowd in town last Saturday night. The day had been wet and many farmers prevented from doing outside work, took occasion to come to town. Despite this all-day traffic, the number who converged on Stouffville in the evening, equaled the largest crowd of the summer season. Accommodation of the local stores, is equalled in few towns this side of Toronto, and prices are reported as favorable as in any of them.

Scott Fair at Uxbridge

Scott Fair will be held this year at Uxbridge on Wednesday, Oct. 2, with a more complete program than ever. There will be good harness races with 2.27 and 2.22 trot or pace races for purses of \$150 in each race. This fair has been held at Zephyr for many years, and the secretary W. O. Webster of Uxbridge announces that it will be rounded off with a big concert in the Uxbridge Music Hall.

Mrs. L. Quinn of Toronto visited at Mrs. John Lehman's this past Thursday.

Dr. S. T. Bodendistel attended the convention of veterinarians at Guelph last week. He took along his wife and family for a holiday.

Mr. and Mrs. J. W. Cobb of Toronto are visiting Mrs. Levi Grove and family.

Rushing Church Repairs

Stouffville United Church is one of the busiest spots in town, as carpenters, painters and furnace men try to complete their work for the rededication services on October 6. The Very Reverend Dr. Peter Bryce, past moderator of the United Church of Canada and Major, the Reverend Roy McCleary, an outstanding padre will be the special preachers. October 13 marks the 54th anniversary and Reverend Dr. John Mutch of Hamilton, well known for his former ministry in Stouffville is the guest speaker.

The application and tender of the Stouffville Lions' Club for the purchase of a frame building used by the soldiers at the Newmarket camp and acquired by the town there for resale, has been rejected. The bids were all turned down by the owners, we are informed. It is too bad that the Lions could not have been accommodated with the structure they sought to purchase, since such a building is badly needed here for the purpose it was intended. The place was to be used as a recreation center on the park grounds, available for the scouts and returned men. It is unfortunate that the buildings once held by the War Assets Corporation were not better distributed among the municipalities, rather than having them taken over and held by the few. We are informed that Stouffville War Veterans once applied to War Assets for a building, but met with the same results as the Lions. They were informed that nothing was available for them, despite the fact that some places obtained several of these buildings.

SITE PURCHASED FOR NEW HOME

Mr. Fred Woodland, a civic employee in Toronto who is retiring from long years of service, has purchased the two acres of land fronting on Montreal street in the east end from Mrs. Lud. Hoover, and will build a bungalow there next spring.

Mr. Woodland was in town last week, and looked over several propositions, deciding on the Montreal property, since it affords him the acres he would like to have for gardening. The property runs from Montreal street west at the rear of the Clarkson, Lintner, Hoover, Montgomery and Dougherty homes. The land is now yielding a splendid acreage of cabbage for Mr. Ab. Lehman, who has it rented for the season.

High school-age girls are young ladies in this modern day and age, and mothers who refuse to answer their intelligent questions and try to look upon high school students as mere children make a serious mistake according to the new Hollywood production, "Mom and Dad". In the scene above, June Carlson is shown questioning her mother (Lois Austin) on hygiene

problems but she receives only "hush-hush" as an answer. The girl experiences a series of heart-breaking troubles because of the lack of proper knowledge. "Mom and Dad", with Elliot Forbes, radio's famous hygiene commentator in person, will open an engagement at the Stanley theatre, this Friday and Saturday evenings, Sept. 27-28.
