The Mayfair restaurant announces that the restaurant will be closed on Sundays until further notice, thus the Sunday evening meal will not be served in future.

Visitors at the home of Mr. and Mrs. Earl Keith were Mr. and Mrs. Nelson Street of Richmond Hill and Mr. William Grainger and Mr. Harold Kirby of Willowdale.

We hear that a substantial price has been offered for the local curling rink, and that some of the shareholders are anxious to cash in on it. Just how those who delight in tossing the Scotch granite up the ice would get along without their favourite winter sport, is something to be guessed at, but it is safe to say that if the rink is sold, it will not be long before the lads will be agitating for another ice palace in which to carry on their game.

Eleven more shopping days before Christmas.

Mrs. J. Irwin, Albert St., was called to the home of her son at Ellesmere last Monday owing to the death of Mrs. Wm. Clements who passed away suddenly in the prime of life.

One of our octogenarian women Mrs. Henry Vanzant was down town on Monday to exercise her franchise on the community hall issue. Too many people of Mrs. Vanzant's great age do not have the enthusiasm for which she is to be congratulated in possessing.

Robert Burnett is to be congratulated in doing his share to alleviate the housing situation in town. He has completed an apartment to his commodious house on Main street immediately opposite the Tarr Marble and Granite Works, that is providing accommodation for more people at a time when such accommodation is badly needed.

Please Give Old and New Address
When ordering a change of address by mail for your Tribune, be sure and give the old as well as the new address. For instance, late in November we received a request to change the subscription address of Sam Adams to Brampton. This couldn't be done because we could not locate Mr. Adam's old address. If a paper is forwarded to the new address there would be two copies going out to that person, but if we know the old address it may be removed from the mailing list. In the case of Sam Adams, this has not been found yet.

Sale of the household goods, garden tools and carpentering tools belonging to the late James Morrin will be held next Saturday, Dec. 14. Mr. Morrin was a model for keeping tools in the best of condition, and some highly useful and hard-to-get articles will be sold at the sale. The house and lot will also be offered. It is centrally located one door east of the once Todd Carriage shop, now International Motors. Walter Atkinson will be on the auction block for this sale.

One Customer Takes 40 Coats
We are willing to wager that Golden's Clothing Store in Stouffville, outdistanced anything else in the country last week in the sale of children's or girls' coats. Further, more this popular local store undoubtedly sold the largest single order of any store doing business in this line in the county. One customer purchased no less than forty coats, sizes three to eighteen, for girls, and that is a rather healthy sized order. The customer, a buyer for an organization with more children to look after than the old woman who lived in a shoe.

Cemetery Bequeathed \$100
The late James Morrin who died in Stouffville last month, left \$100 to the Stouffville Cemetery, which will be greatly appreciated by the Cemetery Commission who will have a hard time of it next year to make ends meet. Increased cost of maintenance of the grounds at the high standard set, is more than the income from capital account set up by laying aside a percentage of the price of each lot sold. People who use this cemetery and can find it possible to remember the fund in their will, do a lasting benefit to the sacred acres where they will find their last resting place. The municipal council was advised at their last meeting about the Morrin bequest, which information was received with thanks.

On Thursday, Dec. 6th a most interesting meeting of the W.M.S. was held in the basement of Stouffville United Church. There was a splendid attendance, it being the annual mite-box and birthday tea. The program was in charge of Mrs. S. S. Ball and Mrs. Jas. Turner and their group. Mrs. Williamson conducted the devotional, and Mrs. Ross Winterstein reviewed the 2nd chapter of the study book, "India at the Threshold", by Winnifred Brice. Two lovely solos were sung by Mrs. R. Bone and Mrs. Claude Brillinger. Miss Bannerman conducted the service of the birthday offerings, assisted by Mrs. J. Gayman at the piano. The birthday tea followed the close of the meeting and a happy time was enjoyed by all.

The first new hydrant of modern design, will be installed at the lower end of the street. These new style hydrants can be replaced with another hydrant without having to be dug out.

Some people were disappointed when they came down to vote on Monday to find that they were not properly recorded for a vote on the hall question. Only those who were assessed as owners of property had the right to vote, provided he or she was assessed to an amount of \$100 or more. It may seem unfair, but the law gives only one vote to a man with \$20,000 of an assessment the same as the man with \$100. Few married women had votes, it was noted, since the property in most cases was being held in the name of the husbands.

MAIL MAN FRED CHESSMAN WEDDED LAST WEEK

One of our mail couriers, Mr. Fred Chessman, who is charged with handling His Majesty's mail between Stouffville post office and the C.N.R. took time off last week for a very important function, it being the occasion of his own wedding. Mr. Chessman and Mrs. Dorothy Fox formerly of Toronto were united in wedlock in Markham by Rev. Newham on Thursday, Dec. 5th.

\$900 Long Overdue Town

Mrs. Edith Percy who died in Stouffville five years ago left an estate which has been lying in the hands of the public trustee at Queen's Park. The village of Stouffville is a creditor to the extent of \$900, which sum was advanced to Mrs. Percy during her lifetime, and which is long over-due. The treasurer, George Storey called on the Public Trustee last week in an effort to effect payment, which if not soon forthcoming, the reeve said appropriate steps would be taken to make collection.

Council's Final Session this year.

Only routine business was before Stouffville council last Thursday night at the farewell session of the year. The reeve thanked the members for their cordial co-operation throughout the term, while Councillor R. E. Brown wished the new council of 1947 every success. He is retiring after long service, but one of these years he may come back, and put his shoulder to the wheel again. Passing of accounts was the main item of business, over \$2,000 of which was hydro items including \$1566 for current consumed during last month.
