## Stouffville Juniors Make It Four Straight with Double Win Over Bradford Team

Over five hundred hockey fans saw Stouffville team stretch their winning streak to four games on Monday night with a win over Bradford by a score of 12-6, the second over this team in a row. While the score did not fairly indicate the play, Stouffville spelled trouble for the Celery Kings every time they were allowed to get in close on the net, and both lines shared equally in the snipping.

Pascoe, Rumney, Minton and Jewett collected the four goals for the home crew in the opening stanza, the one counter being allowed, when a Bradford man threw his stick in an attempted save. Borman scored a one tally for the north-ers.

Bradford dominated the play in the second period, but they failed to beat Moore in the local net, although they tossed rubber his way in a steady stream. Stouffville, while they were shoved into their own end for a considerable portion of the period, broke out in two and three-man rushes on a few occasions and scored four more shots from a fair distance out. Minton, Jewett, Lewis and Clement were the marksmen who added to the total.

In the final period Fox for Stouffville scored one in his own net when he made a slap at the puck in an effort to clear. The home team had a substantial lead however and the misgave was of no great consequence. However Fox took the matter quite seriously and assisted himself on the next scoring effort, this time, in the Bradford end. Four more tallies brought Stouffville bag up to twelve, Mabbett, Lewis, Jewett, the scorers. The period was ragged at times with brilliant bursts of speed every so often. Kula, Giffon, Walker and Bowman notched four for Bradford, while Borman, northern defenseman was the pick of the visitors with his speed and stickhandling. Referee Walsh handed out eleven penalties, seven to Stouffville, and four to Bradford.

This win gives Stouffville a four point lead over their nearest rivals Aurora. Aurora, however have two games in hand, and have yet to tangle with the league leaders.

### How They Stand

	P	W	L	T	Pts
Stouffville	4	4	0	0	8
Aurora	2	2	0	0	4
Bradford	3	1	2	0	2
Newmarket	4	1	3	0	2
Markham	3	0	3	0	0

A big doubleheader hockey night has been arranged for the Stouffville Arena for this Thursday night, Jan. 16th, with Uxbridge and Stouffville Junior O.H.A. teams meeting in the opener and Zephyr and Stouffville Intermediates clashing in round 2.

## Temperance Convention to Convene in Stouffville

To Readers of The Tribune,

That Stouffville and Whitchurch Township are to be honored with having North York Temperance Convention held in Stouffville this year, you will know by now if the sheets containing this information and the "rules" for the Temperance Oratorical contest have been posted in your Sunday School and other school rooms and elsewhere, as they were prepared and were directed to be made public by the Executive of North York Temperance Federation some weeks ago.

As convener of this educational work for the youth of North York, and knowing by past years experiences that the young people who have taken part in these contests feel them to have been of much interest and help to them in various ways, I now encourage any or all who are in position to avail themselves of this study and practice, to do so.

Further it is hoped that parents and teachers and others will also encourage these young people; though again it is stressed that the addresses, which the two older classes prepare for delivery, should be the work of the speakers themselves.

Considering the proven harmful effects of alcoholic beverages to living tissues, and yet the increased amount of such beverages now manufactured and consumed by humanity, the whole subject demands continued and thorough study by older, as well as younger people.

If the citizens of our fair Canada are indifferent to this beverage alcohol problem, we will surely, sooner or later loose the now favored position we hold amongst the nations of the world, and fail in our duty to help those now less fortunate than ourselves.

Elma M. Starr.

Note—Markham Township is considered a part of North York in this work until they take it up with some other area.

### STOUFFVILLE 4 BRADFORD 3

With just one minute to go in regulation time, Stouffville Juniors nosed out Bradford 4-3 in an O.H.A. game in the marshland arena on Friday night. The game was a ding dong battle all the way with the Celery Kings going into the last period, out in front 2-1.

The local lads found the going a bit rough in the cramped confines of the Bradford rink which has a very small ice surface, and keeps the players so closely bunched, combination plays are difficult.

Gordon Minton rang up two of his team's four goals, getting the first counter about half way through the opening twenty minutes. The play was continually in one end or the other, and near the close of the opening period Wannimaker scored for Bradford to make it one-all.

Walker put Bradford out in front in the centre round while Clement was serving time in the cooler and while Stouffville kept up a steady pressure on the Bradford net for the remainder of the period, they just couldn't push over the equalizer.

At the ten minute mark of period three, Gordy Minton came through with his second goal of the night, and one which sparked the visiting club to victory. Gord Lewis who returned to ice at Bradford after being out for Monday's game with an injury, was boarded heavily and forced to retire for a few minutes. He had barely returned to the ice when Pascoe got his stick on a loose puck near the Bradford net and banged it home. Campbell went to the "sin-bin" for two minutes and the locals held on grimly to their slim advantage.

With three minutes remaining Coots beat Moore from close in to tie the round again, and it looked like overtime. Clement and Pascoe teamed up on a beautiful passing play and were right in the clear the Bradford goalie slid out neatly and blocked the shot which looked to be in the bag. This was probably the nearest executed play of the night. With just sixty seconds left, Lewis whipped in again from the corner and, slipped in a rebound right off the goalie's shoe-strings to put the game in the bag.

The Bradford boys were right at home on their small ice, and on the play it was anybody's game right to the final bell. Seven penalties were meted out, Jennings, Clement and Campbell for Stouffville and Wannimaker, Rinkus and Lotto for Bradford.

February 12th is the date of the annual Lions Carnival. Members of the Toronto Skating Club are to be here and a bangup program is promised.

### VISITORS FROM WINNIPEG RENEW OLD FRIENDSHIPS

Interesting visitors in town this week were Mr. and Mrs. Edgar Ransom of Winnipeg, who came East to attend the wedding in Montreal of Mr. Ransom's daughter. Friends will know Mrs. Ransom better as the former Addie Addison whose family were residents of Stouffville years ago. It is eight years since Mrs. Ransom last visited the home town. She was the guest of Mrs. S. M. Warriner and of Mrs. Mel. Emmerson this week.

### WHITCHURCH BACHELOR G. W. HUTCHINSON DIED FROM STROKE

Born in the Township of King 80 years ago, George W. Hutchinson, resident of the 6th concession of Whitchurch was laid to rest last week. He farmed for some years in western Canada, but returned to his native Ontario 25 or 30 years ago.

A bachelor, he suffered from defective hearing, and seldom left his home on the Hutchinson farm of recent years. Surviving are one sister, Mrs. Etta Chappel of Dauphin, Man., and one brother Albert of Oxbow. Mr. Hutchinson died rather suddenly from a stroke from which he never regained consciousness.

### Grain Elevator Sold

The big elevator at the C.N.R. station owned years ago by Todd & Cook, was sold this week by Dr. Hastings, Toronto, to the Stouffville Co-Operative who will convert the sheet metal building to their use. The elevator has been standing idle for years.

A special meeting of Stouffville council is being held this Wednesday evening to give final consideration to new water rates.

### MINOR HOCKEY NEXT TUESDAY

The opening game for the local minor hockey group will be staged as a doubleheader in the Stouffville Arena next Tuesday night, Jan. 21st. The Midget and Bantam teams will play Markham. Come out and cheer the youngsters along.

### Fox and Skunk Bounty Discontinued

With the feeling that foxes and skunks shot or killed in adjoining municipalities where no bounty is paid, Whitchurch council on Tuesday decided to discontinue further payment of bounties for killing these animals.

Ten foxes, seven skunks have just been killed, and the bounties paid.

"Unless other municipalities are willing to pay it is not advisable for us to continue to post a bounty for foxes and skunks", Deputy Reeve Logan declared.

There was no suggestion that these animals have been brought into Whitchurch, but with other townships dropping the bounty, it is felt advisable for Whitchurch to discontinue the practice as well.

A bounty of \$5.00 will still be paid on wolves.

### Usual Complaint About Lack of Snow-Plowing

The annual complaint against the lack of snow removal in parts of Whitchurch township are again heard. Parents declare that the blocked condition of roads in the neighborhood of Ballantrae have seriously interfered with children getting to high school.

The bus operator says that he has not been able to make his trip over part of the routes because of snow conditions, and mail men have reported similar complaint. A blocked condition existed for days near Lemonville, and the county road east of Ballantrae had only a track through. It had not been ploughed.

Over in Uxbridge township similar complaints are loud. Uxbridge has only one plow, and it was reported to have broken down.

Markham township seems to be extra well served and residents are getting top service, one farmer told The Tribune on Saturday.

### Accident at Saw Mill

Operating the big saw at Ratcliff sawmill west of town on Monday afternoon, Grant Wideman, son of Leslie Wideman sustained a serious gash in the forearm. Dr. John Button rendered first aid and Grant was then rushed to Toronto, where it was reported that he is doing nicely. Just how the accident happened is not clear, but he apparently came into contact with the saw. Since the muscles were cut, his recovery and future use of the arm may be slow.

### ORVILLE I. BRILLINGER PASSES IN PRIME OF LIFE

Whitchurch farmer, Orville Isaac Brillinger died at his home, 5th concession north, on Friday last in his 42nd year. Mr. Brillinger farmed a few years ago on the sideroad just north of Stouffville. He had been in ill health for a couple of years.

The late Mr. Brillinger is survived by his wife, a daughter of Mr. Peter Ramer, patient in the local hospital, and by ten of a family.

Service and interment was at Heise Hill church and cemetery on Sunday afternoon.

### O.H.A. Rules Forgive "Out" for Stouffville

Three members of the Stouffville Junior Hockey executive appeared before the protest Board of the O. H. A. on Monday afternoon to defend the local club against a protest by the Markham Club, to the effect that Howard Forgie who was on the local lineup in the O.H.A. game here last week, was ineligible to play.

Howard Forgie at the outset of the hockey season joined the Scarborough Rangers Junior 'B' Club and played two games with this outfit. He had in his possession, an unconditional release from the Markham Club, and when his services were no longer wanted by Scarborough he turned over his release to Stouffville and signed a certificate with that Club. Markham contended that the release was meant only for Scarborough which was a team of higher rating and not for Stouffville who are in the same group.

After some deliberation, the Board handed down the following ruling, that although Markham had been definitely in error in making out an unconditional release for the player, rather than to any specific club, they considered it apparent that Markham had intended this player to go to a club of higher rank, and since he was no longer wanted by this club, and was returning to 'C' hockey, he must come back to Markham which was his residence on Nov. 1st, 1946. The game in which he participated against Markham must be replayed, only, if it affects the standing at the end of the schedule.

## Brougham Boy is Public Speaking Champion

Finalists in public speaking contests staged in Toronto last week by the Ontario Junior Farmers' Association and the town's directors of the Ontario

Federation of Agriculture, are pictured here. Left to right, Ilah McCall, Lanark County; Norman Lambert, Wellington

County; Francis Willson, Ont. County, winner of trophy, Elizabeth A. Moore, Waterloo County, and Mary Packham, Perth County.

### TOWN'S ELDEST ACTIVE LADY CELEBRATES 92ND BIRTHDAY

Still insisting on doing most of her own housework, Mrs. Thos. Klinck, O'Brien avenue, celebrated her 92nd birthday last Friday by spending the day at the home of Mr. and Mrs. Frank Rowbotham. Present for the occasion were her two daughters Mrs. Rowbotham and Mrs. M. Clark of Peterborough, and son H. O. Klinck, with their families. Congratulations were received from still another son, Dr. L. S. Klinck of Vancouver. Mrs. Klinck enjoys all her faculties, and is a splendid conversationalist. Resident here since retiring from the farm at Victoria Square many years ago, Mrs. Klinck was born in King Township. She has been a widow since 1927.

### EDWARD REEVE WAS ELECTED

The Tribune apologizes to Edward Reeve for reporting him as a losing candidate in the Markham village election. Mr. Reeve was elected to the council, along with Jos. Fry, O. Heisey and Robt. Macdonald. Mr. Reeve and Mr. Macdonald each polled 281 votes for the poll. Mr. Fry headed the poll.

### LOCAL LAD WEDS HAMILTON GIRL

Allen Boadway, eldest son of Mr. and Mrs. Carl Boadway, Stouffville, was united in marriage last Saturday, Jan. 11th, with Miss Erla Webster of Hamilton. The interesting church wedding was attended from Stouffville by Mr. and Mrs. Boadway, parents of the groom, and from Toronto by Mr. and Mrs. Lambert H. Malloy. Lambert officiated as best man. Also attending the wedding was his brother Lorne, and Mr. and Mrs. Les. Wilson.

The couple are graduates of the deaf and dumb institute at Belleville, and an interpreter was used to communicate the minister's words to the contracting parties. Friends extend to the young couple hearty congratulations. Mr. and Mrs. Boadway are honeymooning at Kirkland Lake with friends and on return will take up residence in Stouffville, where the groom is engaged in garage work.

## Death of W. Holtby Third in Family Within a Year

The death of Mr. Wm. E. Holtby of Brougham on January 11th, was the third death in this family within a year, Mrs. Geo. Holtby and Mr. Wm. Milne, having predeceased their father-in-law only a short time ago. The late Wm. Holtby was in his 83rd year and had been a life-long resident of the district. Prior to retirement he farmed near Brougham.

Deceased suffered a broken hip several days before his death, and had been removed to St. Michael's hospital, Toronto, where the broken bones were successfully pinned. However, the shock was apparently a considerable strain on the elderly gentleman and he expired a few days after being admitted.

Besides his wife, the former Mac Fraser, to whom he has been married for sixty-three years, the late Mr. Holtby is survived by one son, Geo. E. Holtby at home and a daughter, Mrs. Wm. Milne, Green River. There are five grandchildren, and six great grandchildren. The funeral on Tuesday of this week was conducted from the late residence with service in St. John's Church. Rev. I. E. Kennedy was the minister and interment was made in Brougham Union cemetery.

## Whitchurch Roads Call for \$35,000 Expenditure

Twenty-five deaths, thirteen marriages, and only three births were reported in the Township of Whitchurch for 1946. Small number of births is accounted for by the fact that most births occur in hospital at Newmarket, Stouffville, and other hospitals, and are reported through the municipalities where the children are born.

Reeve Lorne P. Evans presided at the inaugural meeting of the council on Tuesday. All members were present, Deputy Reeve Ed. Logan, Councillors L. J. Harper, Ivan McLaughlin, and Fred Timbers.

A Bylaw was passed calling for a road expenditure of \$35,000 in 1947. Last year the expenditure was \$26,000.

"We are spending more on maintaining than is warranted, and hard top would save much of this", Reeve Evans declared. He referred to 9th concession and heavily travelled roads at the two lakes.

Mr. Evans said that the Deputy Reeve had referred to this matter before, and the suggestion was well made.

With this in mind the reeve favored grading and ditching such roads as are in the offering for tarvia top.

Reeve Evans pointed out that the increase may be required in view of the new road grader on order. He reminded council that if they could carry on with less expenditure there was no obligation to spend \$35,000. His recommendation was approved by council. In event the whole appropriation is spent it would only mean a two mill increase. Ratepayers demand service, and we must try to meet that demand, said one of the councillors.

Councillor Harper moved that the following be reappointed Deputy Game Wardens: George Smith, Wm. Foster, Harold Dewsbury, Ernest Davis, A. B. Bartholomew, Wilfred Lundy, Parker Smith, George Hunt, Leslie Preston, Reubin Ireland, Herbert, Pegg, Delmer Kidd, J. H. Widdfield.

Councillor Timbers moved the following form the Community Hall Board: L. P. Evans, L. J. Harper, Mrs. H. Dewsbury, Mrs. A. H. Van Ostrand, George E. Richardson, J. A. Clarke, Mrs. John Petch.

The clerk was instructed to order 4000 feet of snow fencing, and 400 steel posts.

Relief accounts passed totalled \$32.55 for groceries to an indigent

resident. Council will inform the Dept. of Community Planning that they are willing to assume sanitary responsibility on recent plan approved for E. J. Davies at Musselman's Lake, by reason of the size of lots being under 12,000 square feet in each lot.

Councillors deemed 12,000 feet per lot as excessive in size, and larger than cottagers would wish to own or care for. The plan was therefore approved.

A road at Lake Wilcox and the lake road at Musselman's down the 9th was referred to as first to get attention.

The treasurer was instructed to collect \$10 from Joe Shelestowsky for wrongfully cutting a tree on the roadside.

Councillors Harper and Fred Cummings were appointed delegates to the Communities Conference meeting in Toronto on January 29 and 30.

Council will sit as a Court of Revision on the Assessment Roll on Saturday, Feb. 8, at 2 p.m.

The usual number of township officers were re-appointed, with only minor changes in cases where the officer had died or moved away.

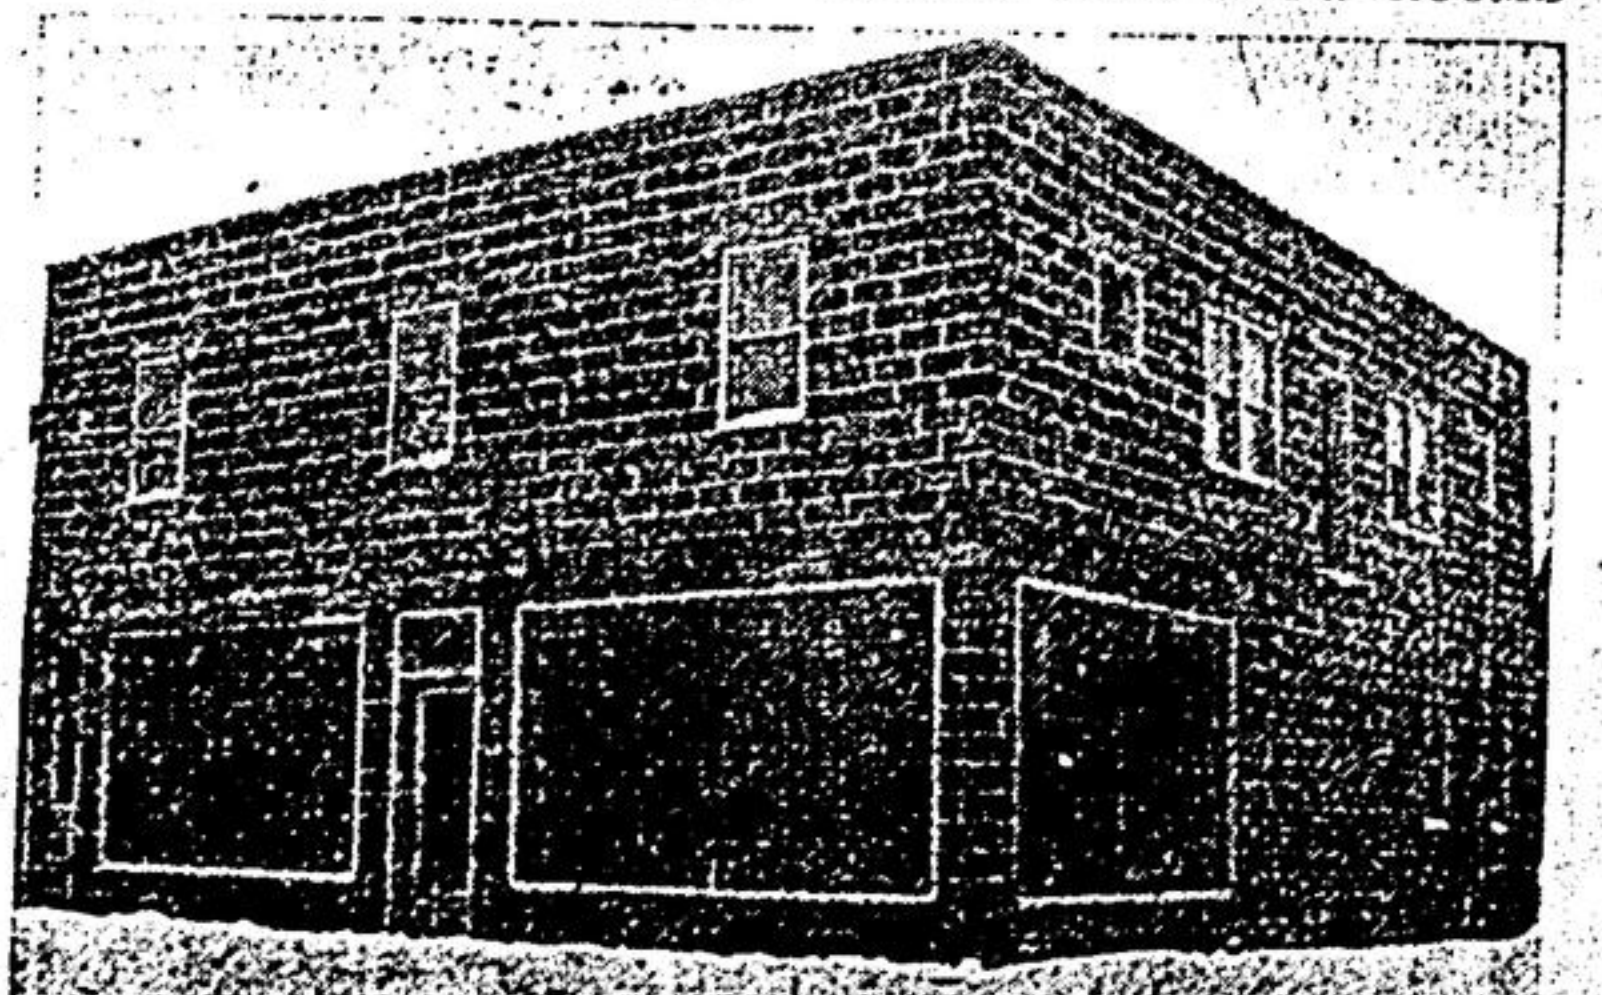

Road foreman, sheep valuers and fence viewers, also weed inspectors, pound keepers, sanitary inspectors and school attendance officers are included in the appointments.

## 300 Tons of Snow Were Removed

Upwards of three hundred tons of snow was removed from the business area in Stouffville in thirty-two hours. The removal of the high banks which hindered the transaction of business is a distinct advantage to the merchants who will be called on to meet at least a portion of the cost, the reeve told the council at their last meeting. The assessment for the work is not to exceed \$5 per business place in any one winter.

To remove the three hundred tons of "the beautiful" which after all wasn't very beautiful after coming into contact with business, required the operation of power shovel, two dump trucks and five or six men, three being shovellers and three machine operators.

### OGDEN'S MASSEY HARRIS AGENCY NEW SHOW ROOMS

Despite the difficulties in the building trade, Mr. Henry Ogden has succeeded in constructing a fine cement block building immediately south of the post office. The ground floor will provide a splendid show room for his Massey Harris farm im-

plement agency, while the upper part of the new structure comprises two separate living apartments. Just as soon as the plumbing is completed they will be ready for occupancy. The building is a real asset to the town, and a great improvement to the area.
